Re: The Quapaw Tribe of Oklahoma designation recommendation for the 8-hour Ozone National Ambient Air Quality Standard

Dear Mr. Cooke:

On behalf of the Quapaw Tribe of Oklahoma, I wish to recommend that our Tribal air shed be designated as an attainment/unclassifiable area. Our recommendation is based on the fact that there is not sufficient data for classifying our Tribal air shed, thus we would fall under the attainment/unclassifiable designation. Attached is a map that you may find to be useful in this process, detailing the Quapaw Tribal lands which are located in extreme northeast Oklahoma, near the borders with Kansas and Missouri.

I look forward to hearing your response to our recommendation. Please contact our Environmental Director, Ms. Tabitha Worley, if you have any questions or require additional information.

Sincerely,

Tamara R. Martin
