290 BROADWAY
NEW YORK, NEW YORK 10007-1866

May 28, 2009

Mr. Edward A. Gerdts
Vice President
TRC Environmental Corporation
1430 Broadway – 10th Floor
New York, New York 10018

Re: May 28, 2009 Proposed Modification to the November 20, 2008; October 30, 2008; June 27, 2008; June 17, 2008; June 5, 2008 and May 16, 2008 Accepted Modifications of the April 8, 2008 Proposed Implementation Plan Amendment Request for the Removal and Replacement of Existing Structural Shaft Barriers and Polyethylene Shaft Isolation Barriers - Establishment of Gross Removal Grouping 1 (GRG 1) and Fine Cleaning Groupings 3-2 and 1 (FCG 3-2 & FCG 1), 130 Liberty Street, New York, New York.

Dear Mr. Gerdts:

This is to inform you that the U.S. Environmental Protection Agency (EPA) has completed its review of the May 28, 2009 Proposed Modification to the November 20, 2008; October 30, 2008; June 27, 2008; June 17, 2008; June 5, 2008 and May 16, 2008 Accepted Modifications of the April 8, 2008 Implementation Plan Amendment Request for the Removal and Replacement of Existing Structural Shaft Barriers and Polyethylene Shaft Isolation Barriers - Establishment of Gross Removal Grouping 1 (GRG 1) and Fine Cleaning Groupings 3-2 and 1 (FCG 3-2 & FCG 1),submitted by TRC Environmental Corporation (TRC) on behalf of the Lower Manhattan Development Corporation for 130 Liberty Street in lower Manhattan.

Based on our review, and in consultation with the New York State Department of Labor (NYSDOL) and the New York City Department of Environmental Protection (NYCDEP), EPA accepts the above-referenced proposed modification.

EPA's review is not intended as a review and/or acceptance of structural engineering and safety matters or requirements for the protection of worker safety and health or for fire protection and safety at 130 Liberty Street. EPA is relying on the New York City Department of Building's, the U.S. Department of Labor Occupational Safety and Health Administration's and the New York City Fire Department's expertise in these areas, respectively.

EPA will continue to work with our regulatory partners to monitor the 130 Liberty Street activities throughout the execution of the project.

Sincerely,

Pat Evangelista
New York City Response and Recovery Operations
