Dear Sirs:

Enclosed is a CD containing the final report and appendices of Study 419002 from WIL Laboratories titled "An Inhalation Two-Generation Reproductive Toxicity Study of Styrene in Rats, Including Developmental Neurotoxicity Assessment of the F2 Generation", Dr. Donald G. Stump, Study Director. The study was sponsored by the Styrene Information and Research Center and is being submitted under the TSCATS program to make the study publicly available before it is published in the peer-reviewed literature.

If you need further information you can contact me at 856-453-3478 or via email at ToxWorks@aol.com.

Sincerely,

George Cruzan
