What do Safer Choice-certified products mean for your facility?

You don’t have to choose between performance, sustainability or safer ingredients.

SAFER CHOICE
Meets U.S. EPA Safer Product Standards™
epa.gov/saferchoice

PERFORMANCE	SUSTAINABILITY	SAFER INGREDIENTS	CREDIBILITY	RECOGNITION
Performance tested and shown to work as well as conventional products	Meet sustainable packaging & environmental health requirements to help meet your sustainability goals	Ingredients meet strict safety criteria for human health & the environment	Certified by U.S. EPA scientists	Recognized by LEED, federal, state, and local governments, and others
