RE: *Letter of Commitment for Climate Pollution Reduction Implementation Grant (CPRG) - Decarbonize DRCOG*

Please accept this letter as documentation of our organization's commitment to actively support the success of the Decarbonize DRCOG grant proposal. Our organization recognizes the need for collaborative action to achieve meaningful climate goals. We believe that the Decarbonize DRCOG initiative is a strategic, impactful, and replicable approach that both aligns with the Biden Administration's Justice 40 initiative and addresses the critical need for building decarbonization. If this project is awarded, we are committed to contributing our expertise, tools, and resources to support the success of this groundbreaking initiative in the following ways:

- *Contribution of staff time and resources to support this program*
- *Establishment of policies and ordinances in conjunction with the program that support building decarbonization efforts*
- *Integration of proposed measures with existing County programs and initiatives to maximize synergies and avoid duplication of efforts*
- *Sharing of relevant data and information with the program to facilitate informed decision-making and strategic planning*
- *Contribution of resources such as meeting facilities, equipment, or materials*
- *Participation in evaluation mechanisms to document outcomes and evaluate success*
- *Engagement with community stakeholders through public outreach, education campaigns, and participation in working groups*
- *Support for inclusion measures within our community to ensure alignment with Justice40, environmental justice, and equity considerations, prioritizing the needs of vulnerable and disadvantaged populations*

We are excited about the transformative potential of this initiative and look forward to working closely with DRCOG and other stakeholders to advance our collective climate mitigation efforts. Should you have any inquiries regarding our support for this funding application, please feel free to contact Katie Keefe at kkeefe@adcogov.org.

Sincerely,

Jenni Hall, LEED AP-ND, Assoc. AIA
