Making Sustainability Rewarding

Challenges for AD Project Owners

- Dairy farmer owned with dairy farm centered mission
- Who gets the credit...Farmer?
- What standards and markets maximize revenue for the lowest cost? It depends...
- Farmers/project owners deserve ALL of the benefits of their carbon credits

Carbon Credit Maximization Services

- Guide farmers through the maze of carbon market options
- Conduct the accounting, manage verification and registration
- Bring the offsets to market
- Streamlined with flexibility for the future
- **Farmers and project owners maintain control of ALL the offsets free to sell to the highest bidder.**

Thank you.
