

CHP for Hospitals / Health Care Facilities

Charlie Goff

U.S. EPA CHP Partnership

EPA's Clean DG Policy and CHP Webinar Series

December 18, 2008

EPA CHP Partnership

- Voluntary program that seeks to reduce the environmental impact of power generation by promoting the use of highly-efficient CHP
- Works with clean energy stakeholders from the private and public sectors to support the deployment of new CHP projects and to promote their energy, environmental, and economic benefits
- 3 Core Activities
 - Education & Outreach
 - Technical Assistance for CHP Projects
 - Public Recognition
- Through 2007, the CHPP has helped put into operation more than **335 CHP projects** representing **4,450 MW** of capacity, resulting in the emission reductions of over **51 million tons CO₂**

Hospital ENERGY STAR® CHP Award Winners

- **Dell Children's Medical Center,
TX (2006) – 4.3 MW**
