**We Want to Be a Partner in EPA's
National Partnership for Environmental Priorities**

IDENTIFYING INFORMATION

Name of Organization: Boeing Satellite Systems Inc
Principal Contact: Gerald R. Aschoff
Authorizing Official: Gerald R. Aschoff
Address: 5301 Bolsa Ave. Mail Code: H45N-E102 (Bldg 45-2)
Phone/Fax: (714) 896-1265
EPA RCRA ID Number: CAR000071571

Facility Name: Boeing Satellite Systems Inc
Title: EE PAT Leader
Title: EE PAT Leader
City/State/Zip: Huntington Beach, CA 92647
Email: gerald.r.aschoff@boeing.com
Date: October 14, 2008

PARTNER AGREEMENT

Our organization is choosing to become a partner in EPA's National Partnership for Environmental Priorities. Our goal is to reduce the quantity of one or more Priority Chemicals currently found in our products, processes, or releases using techniques such as source reduction, recycling, or other materials management practices. In this enrollment application, we identify one or more voluntary goals that we believe we can achieve as partners in this program. The voluntary goal(s) provided below is an initial estimate and may change over time. We may revise our goal(s) or withdraw from the program at any time. If/when we choose to revise our goals or withdraw from the program, we will notify EPA.

GOAL #1. Chemical Name: Lead **CASRN:** 7439-92-1

Narrative description of proposed project:

We will reduce the amount of lead used on site and subsequently recycle our lead solder dross via a licensed reclamation facility. Lead reduction and recycling of lead solder dross is for the El Segundo facility.

How we will measure success:

We will measure the amount of lead solder dross reduced and recycled.

1a. Our voluntary **source reduction** goal for Chemical #1 is to reduce the amount of this chemical generated/used from a baseline amount of 1327 pounds in November, 2007 (month/year) to a reduced amount of 150 pounds generated/used by December, 2009 (month/year).

1b. To accomplish this goal, we will use the following source reduction options (check all that apply):

- | | | | |
|-------------------------------------|--|--------------------------|---|
| <input type="checkbox"/> | Equipment or technology modifications. | <input type="checkbox"/> | Process or procedure modifications. |
| <input checked="" type="checkbox"/> | Reformulation or redesign of products. | <input type="checkbox"/> | Substitution of less toxic raw materials. |
| <input type="checkbox"/> | Improvements in inventory control. | <input type="checkbox"/> | Improvements in maintenance/housekeeping practices. |
| <input type="checkbox"/> | Other (describe): _____ | | |

2a. In addition to, or in lieu of using source reduction methods, our voluntary **recycling or recovery** goal for Chemical #1 is to increase the recycled or recovered quantity of this chemical from a baseline amount of _____ pounds in _____ (month/year) to an increased quantity of _____ pounds by _____ (month/year).

2b. To accomplish this recycling or recovery goal, we will use the following options (check all that apply):

- | | |
|--------------------------|---|
| <input type="checkbox"/> | Direct use/reuse in a process to make a product. |
| <input type="checkbox"/> | Processing the waste to recover or regenerate a usable product. |
| <input type="checkbox"/> | Using/reusing waste as a substitute for a commercial product. |
| <input type="checkbox"/> | Other (describe): _____ |

3. We have a Quality Assurance/Quality Control Plan for data (check which applies). Yes No

Please use supplemental sheets for additional goals.
