

# ENROLL US

## We Want to Be a Partner in EPA's National Partnership for Environmental Priorities

### IDENTIFYING INFORMATION

Name of Organization: California State Polytechnic University  
Principal Contact: Michael Huyter  
Authorizing Official: Michael Huyter, R.P.I.H.  
Address: Environmental Health and Safety, 3801 W. Temple Ave  
Phone/Fax: (909) 869-3230 / (909) 869-4698  
EPA RCRA ID Number: CAD040266486

Facility Name: Cal Poly, Pomona  
Title: Environmental Specialist  
Title: Environmental Specialist  
City/State/Zip: Pomona, CA 91768  
Email: mphuyter@csupomona.edu  
Date: June 25, 2008

### PARTNER AGREEMENT

Our organization is choosing to become a partner in EPA's National Partnership for Environmental Priorities. Our goal is to reduce the quantity of one or more Priority Chemicals currently found in our products, processes, or releases using techniques such as source reduction, recycling, or other materials management practices. In this enrollment application, we identify one or more voluntary goals that we believe we can achieve as partners in this program. The voluntary goal(s) provided below is an initial estimate and may change over time. We may revise our goal(s) or withdraw from the program at any time. If/when we choose to revise our goals or withdraw from the program, we will notify EPA.

**GOAL #1. Chemical Name:** Mercury **CASRN:** 7439-97-6

#### **Narrative description of proposed project:**

Cal Poly, Pomona is taking the Mercury Challenge. We will remove mercury-containing equipment, including thermostats, thermometers and other devices, and replace with non-mercury containing equipment.

#### **How we will measure success:**

We will measure our mercury reduction through our SB-14 Source Reduction Plan.

1a. Our voluntary **source reduction** goal for Chemical #1 is to reduce the amount of this chemical generated/used from a baseline amount of 25 pounds in October, 2007 (month/year) to a reduced amount of 0 pounds generated/used by December, 2009 (month/year).

1b. To accomplish this goal, we will use the following source reduction options (check all that apply):

- |                                     |  |                          |   |
|-------------------------------------|--|--------------------------|---|
| <input checked="" type="checkbox"/> | Equipment or technology modifications. | <input type="checkbox"/> | Process or procedure modifications.                 |
| <input type="checkbox"/>            | Reformulation or redesign of products. | <input type="checkbox"/> | Substitution of less toxic raw materials.           |
| <input type="checkbox"/>            | Improvements in inventory control.     | <input type="checkbox"/> | Improvements in maintenance/housekeeping practices. |
| <input type="checkbox"/>            | Other (describe): _____                |                          |   |

2a. In addition to, or in lieu of using source reduction methods, our voluntary **recycling or recovery** goal for Chemical #1 is to increase the recycled or recovered quantity of this chemical from a baseline amount of \_\_\_\_\_ pounds in \_\_\_\_\_ (month/year) to an increased quantity of \_\_\_\_\_ pounds by \_\_\_\_\_ (month/year).

2b. To accomplish this recycling or recovery goal, we will use the following options (check all that apply):

- |                          |   |
|--------------------------|---|
| <input type="checkbox"/> | Direct use/reuse in a process to make a product.                |
| <input type="checkbox"/> | Processing the waste to recover or regenerate a usable product. |
| <input type="checkbox"/> | Using/reusing waste as a substitute for a commercial product.   |
| <input type="checkbox"/> | Other (describe): _____   |

3. We have a Quality Assurance/Quality Control Plan for data (check which applies).  Yes  No

**Please use supplemental sheets for additional goals.**
