#### Public Hearing for Revisions of Standards of Performance for New and Existing Stationary Sources; Electric Utility Steam Generating Units; Federal Plan Requirements for Clean Air Mercury Rule; and Revisions of Acid Rain Program Rules

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Announcement of Public Hearing.

**SUMMARY:** The EPA is announcing a public hearing for the proposed "Revisions of Standards of Performance for New and Existing Stationary Sources; Electric Utility Steam Generating Units; Federal Plan Requirements for Clean Air Mercury Rule; and Revisions of Acid Rain Program Rules". For convenience, we refer to the proposal as the Clean Air Mercury Rule (CAMR) Federal Plan. The hearing will be held on January 18, 2007 in Washington, DC.

**DATES:** The public hearing for the proposal for the CAMR Federal Plan will be held on January 18, 2007. Please refer to the **SUPPLEMENTARY INFORMATION**

of this notice, and the public hearing information given in the proposal, for additional information on the public hearing.

**ADDRESSES:** The hearing will be held at the EPA East Building, 1201 Constitution Avenue, NW., Washington, DC, 20004. The hearing will take place in room 1153. Written comments on the proposal may also be submitted to EPA electronically, by mail, by facsimile, or through hand delivery/courier. Please refer to the proposal for the addresses and detailed instructions for submitting comments. Documents relevant to this action are available for public inspection at the EPA Docket Center, located at 1301 Constitution Avenue, NW., Room 3334, Washington, DC between 8:30 a.m. and 4:30 p.m., Monday through Friday, excluding legal holidays. A reasonable fee may be charged for copying. Documents are also available through EPA's electronic Docket System at [www.regulations.gov](http://www.regulations.gov). The EPA website for CAMR and the federal plan Proposal, which will include information about the public hearing, is at [www.epa.gov/CAMR](http://www.epa.gov/CAMR).

**FOR FURTHER INFORMATION CONTACT:** If you would like to speak at the public hearing or have questions concerning it, please contact Doran Stegura at (434) 979-3700 (ext. 161) and at the address given below under **SUPPLEMENTARY INFORMATION**. Questions concerning the proposed CAMR federal plan should be addressed to Meg Victor, U.S. EPA, Office of Air and Radiation, Clean Air Markets Division, Washington, DC, 20005, (202) 343-9193.

**SUPPLEMENTARY INFORMATION:** On May 18, 2005 EPA finalized CAMR and established standards of performance for mercury (Hg) for new and existing coal-fired electric utility steam generating units (utility units or EGUs). On December 8, 2006 a CAMR Federal Plan Proposal was signed by the EPA Administrator. CAA section 111(d)(2) grants the Administrator the authority to prescribe a plan for a State in cases where the State fails to submit a satisfactory plan as he would have under section 110(c) of the CAA in the case of a State's failure to submit an implementation plan. Section 60.27 of 40 CFR part 60 directs the Administrator to promptly prepare and publish proposed regulations for a State if the State fails to submit a plan by the prescribed deadline or the Administrator disapproves the State's submitted plan and to promulgate those regulations by the date 6 months after the date required for plan submission. The CAMR Federal Plan Proposal indicated that a public hearing for the

CAMR Federal Plan would be held, and the date, time, and location of the event would be announced in a separate notice. This action constitutes that notice. The public hearing will provide interested parties the opportunity to present data, views, or arguments concerning issues raised in the proposed CAMR Federal Plan. The EPA may ask clarifying questions during the oral presentations, but will not respond to the presentations at that time. Written statements and supporting information submitted during the comment period will be considered with the same weight as any oral comments and supporting information presented at the public hearing. The public hearing for the proposal for the CAMR Federal Plan will be held on January 18, 2007, in Washington, DC. The hearing will begin at 1 p.m. and end at 5 p.m. The meeting facility address is provided above under **ADDRESSES**. The hearing may end early if all of the registered speakers have presented. If you would like to present oral testimony at the hearing, please notify Doran Stegura, Perrin Quarles Associates, 675 Peter Jefferson Parkway, Suite 200, Charlottesville, VA 22911, telephone (434) 979-3700 (ext. 161), [doranstegura@pqa.com](mailto:doranstegura@pqa.com). She will provide you with a specific time to speak. Oral testimony will be limited to 5 minutes for each commenter, after which there will be an opportunity for the panel to ask clarifying questions. EPA will be able to provide equipment for commenters to show overhead slides or make computerized slide presentations only if we receive requests in advance. Commenters should notify Doran Stegura if they will need specific equipment. The EPA encourages commenters to provide written versions of their oral testimonies either electronically on computer disk or CD ROM or in paper copy. The hearing schedule, including the speaker list, will be posted on EPA's Web pages for the Proposal at <http://www.epa.gov/CAMR>. A verbatim transcript of the hearing and written statements will be included in the rulemaking docket.

#### How Can I Obtain Copies of This Document and Other Related Information?

This notice and the CAMR Federal Plan proposal are available on EPA's web site for the CAMR rulemaking at <http://www.epa.gov/CAMR> and are published in the **Federal Register**. The EPA has established the official public docket for the CAMR Federal Plan under Docket ID No. OAR-2006-0905. Please refer to the proposal for detailed information on accessing information related to the proposal.

Dated: December 19, 2006.

**Edward Callahan,**

*Acting Director, Office of Air and Radiation.*

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 112

[EPA-HQ-OPA-2006-0949; FRL-8258-4]

RIN 2050-AG36

### Oil Pollution Prevention; Non-Transportation Related Onshore Facilities

**AGENCY:** Environmental Protection Agency.

**ACTION:** Proposed rule.

**SUMMARY:** The Environmental Protection Agency is proposing to extend the dates by which facilities must prepare or amend Spill Prevention, Control, and Countermeasure Plans (SPCC Plans), and implement those Plans. This action would allow the Agency time to promulgate further revisions to the July 17, 2002 SPCC rule (in addition to those published elsewhere in this **Federal Register**) before owners and operators are required to meet requirements of the rule related to preparing or amending, and implementing SPCC Plans. EPA expects to propose further revisions to the SPCC rule in 2007.

**DATES:** Written comments must be received by January 25, 2007.

**ADDRESSES:** Comments should be directed to Docket ID No. EPA-HQ-OPA-2006-0949. Comments may be submitted by one of the following methods:

(1) Federal Rulemaking Portal: <http://www.regulations.gov>. Follow the on-line instructions for submitting comments; or

(2) Mail: The mailing address of the docket for this rulemaking is EPA Docket Center (EPA/DC), Docket ID No. EPA-HQ-OPA-2006-0949, EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC 20460.

(3) Hand Delivery: Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Please note that per EPA's policy, all comments received will be included in the public docket without change, and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential

Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through [www.regulations.gov](http://www.regulations.gov).

Please also note that the Federal [www.regulations.gov](http://www.regulations.gov) website is an "anonymous access" system, which means that EPA will not know your identity or contact information unless you provide it in the body of your comment. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of the comment and along with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

All documents in the docket are listed in the docket index at <http://www.regulations.gov>. Although listed in the index, some information is not publicly available (i.e., CBI or other information whose disclosure is restricted by a statute). Certain material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form.

Publicly available docket materials are available either electronically at <http://www.regulations.gov> or in hard copy at the EPA Docket Center, EPA/DC, EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number to make an appointment to view the docket is (202) 566-0276.

**FOR FURTHER INFORMATION CONTACT:** For general information, contact the Superfund, TRI, EPCRA, RMP and Oil Information Center at (800) 424-9346 or TDD (800) 553-7672 (hearing impaired). In the Washington, DC metropolitan area, call (703) 412-9810 or TDD (703) 412-3323. For more detailed information on specific aspects of this proposed rule, contact either Vanessa Rodriguez at (202) 564-7913 ([rodriguez.vanessa@epa.gov](mailto:rodriguez.vanessa@epa.gov)) or Mark W. Howard at (202) 564-1964 ([howard.markw@epa.gov](mailto:howard.markw@epa.gov)), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460-0002, Mail Code 5104A.

## SUPPLEMENTARY INFORMATION:

### I. Authority

33 U.S.C. 1251 *et seq.*; 33 U.S.C. 2720; E.O. 12777 (October 18, 1991), 3 CFR, 1991 Comp., p. 351.

### II. Background

On July 17, 2002, the Agency published a final rule that amended the SPCC regulations (*see* 67 FR 47042). The rule became effective on August 16, 2002. The final rule included compliance dates in § 112.3 for preparing, amending, and implementing SPCC Plans. The original compliance dates were amended on January 9, 2003 (*see* 68 FR 1348), again on April 17, 2003 (*see* 68 FR 18890), a third time on August 11, 2004 (*see* 69 FR 48794), and a fourth time on February 17, 2006 (*see* 71 FR 8462).

Under the current provisions in § 112.3(a) and (b), a facility that was in operation on or before August 16, 2002 must make any necessary amendments to its SPCC Plan and fully implement it by October 31, 2007; a facility that came into operation after August 16, 2002, but before October 31, 2007, must prepare and fully implement an SPCC Plan on or before October 31, 2007. In addition, § 112.3(c) requires onshore and offshore mobile facilities to prepare or amend and implement SPCC Plans on or before October 31, 2007.

Elsewhere in today's **Federal Register**, EPA finalized a set of SPCC rule amendments that address certain targeted areas of the SPCC requirements and a number of issues and concerns raised by the regulated community. As highlighted in the EPA Regulatory Agenda and the 2005 OMB report on "Regulatory Reform of the U.S. Manufacturing Sector," EPA is considering further amendments to address other areas where regulatory reform may be appropriate. For these additional areas, the Agency expects to issue a proposed rule in 2007. Areas where regulatory reform may be appropriate include, and are not limited to, oil and natural gas exploration and production, farms, and Tier I facilities. Because the Agency may not be able to promulgate such regulatory amendments before the current October 31, 2007 compliance date for SPCC becomes effective, EPA believes it is appropriate to provide an extension of the compliance date.

### III. Proposal to Extend the Compliance Dates

This proposed rule would extend the dates in § 112.3(a), (b) and (c) by which a facility must prepare or amend and implement its SPCC Plan. As a result of
