

quality impacts, and requested the Forest Service to confirm the expected beneficial impacts associated with restoration in a water quality impaired water body.

Rating EC1.

EIS No. 20060115, ERP No. D-AFS-65460-UT, Upper Strawberry Allotments Grazing, Authorize Livestock Grazing, Heber Ranger District, Uinta National Forest, Wasatch County, UT.

Summary: EPA expressed environmental concerns about grazing impacts on riparian habitat and water quality, and suggested that the Final EIS explore more rigorous monitoring measures, and development of a comprehensive monitoring plan that is tied to specific adaptive measures that can be implemented in response to exceedance of thresholds or standards.

Rating EC2.

EIS No. 20060127, ERP No. D-AFS-65304-CA, North 49 Forest Health Recovery Project, Restore Fire Adapted Forest System, Located in the Red (MA-16) and Logan (MA-45) Management Areas, Hat Creek Ranger District, Lassen National Forest, Shasta County, CA.

Summary: EPA expressed environmental concerns about potential impacts to the watershed, in particular to water quality and soil, and recommended that the final EIS include monitoring plans and mitigation measures and that impacts to Wildland Urban Interface areas be analyzed.

Rating EC2.

EIS No. 20060131, ERP No. D-AFS-65506-OR, Kelsey Vegetation Management Project, Moving Resource Conditions Closer to the Goals and Desired Future Condition, Deschutes National Forest Land Resource Management Plan, Bend-Fort Rock Ranger District, Deschutes County, OR.

Summary: EPA expressed environmental concern about cumulative effects.

Rating EC1.

EIS No. 20060132, ERP No. D-AFS-65507-ID, White/White Analysis Project, Proposes Vegetative Management and Watershed Improvement, Lolo Creek, Chamook Creek, White Creek, Mike White Creek, Nevada Creek, and Utah Creek, Lochsa Ranger District, Clearwater National Forest, Idaho and Clearwater County, ID.

Summary: EPA supports the restoration of riparian/stream channel, aquatic ecosystem, and watershed

conditions. However, EPA expressed environmental concerns about sediment loading and temperature impacts from the stated levels of regeneration harvest to water quality, aquatic resources, and source water.

Rating EC2.

EIS No. 20060082, ERP No. DS-USA-L11037-AK, U.S. Army Alaska Battle Area Complex (BAX) and a Combined Arms Collective Training Facility (CACTF), Construction and Operation, Additional Information on Site Alternative, within U.S. Army Training Lands in Alaska.

Summary: EPA expressed environmental concerns about wetland and storm water impacts, and requested additional information on compensatory mitigation for unavoidable wetland impacts and storm water planning, monitoring and adaptive management.

Rating EC2.

Final EISs

EIS No. 20060004, ERP No. F-FHW-D40326-MD, Inter County Connector (ICC) from I-270 to US-1, Funding and U.S. Army COE Section 404 Permit, Montgomery and Prince George's Counties, MD.

Summary: EPA continues to have environmental concerns about impacts related to wetland complexes and tributary streams in particular. Nevertheless, EPA is pleased to note that FHWA and the Maryland State Highway Administration have incorporated many features intended to reduce or mitigate impacts.

EIS No. 20060135, ERP No. F-FHW-F40425-OH, US-24 Transportation Project, Improvements between Napoleon to Toledo, Funding, Lucas and Henry Counties, OH

Summary: EPA continues to have environmental concerns about commitments to floodplain and habitat mitigation as well as emergency access.

EIS No. 20060180, ERP No. F-AFS-F65060-IN, Tell City Windthrow 2004 Project, Salvage Harvest and Prescribed Burning of Windthrow Timber, Implementation, Hoosier National Forest, Perry, Crawford and Dubois Counties, IN.

Summary: EPA does not object to this project.

Dated: June 6, 2006.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[ER-FRL-6675-9]

Notice of Intent: Intent to Prepare a Supplemental Environmental Impact Statement (SEIS) for the Chuitna Coal Project in Southcentral Alaska

AGENCY: U.S. Environmental Protection Agency.

Purpose: In accordance with section 102(2)(C) of the National Environmental Policy Act (NEPA), EPA, as the lead Federal agency, has identified a need to prepare a Supplemental Environmental Impact Statement (SEIS) and therefore issues this Notice of Intent in accordance with 40 CFR 1501.7.

For a Copy of the Scoping Document and to be Placed on the Project Mailing List Contact: Hanh Shaw, Project Manager, Office of Water and Watersheds (OWW-130), U.S. EPA Region 10, 1200 Sixth Avenue, Seattle, Washington 98101, Telephone: (206) 553-0171, Fax: (206) 553-0165, E-mail: shaw.hanh@epa.gov.

SUMMARY: The Chuitna Coal Project (Project) is located on State of Alaska land in the Beluga Coal Field, approximately 45 miles west of Anchorage, Alaska. The Project is based on the development of a 1 billion ton, ultra low sulfur, subbituminous coal resource. The proposed Project includes a surface coal mine and associated support facility, mine access road, coal transport conveyor, personnel housing, air strip facility, a logistic center, and coal export terminal. The proposed coal mine is located approximately 10 miles inland from the Native Village of Tyonek and Cook Inlet. The project proponent, PacRim Coal, LP, predicts a

coal production rate of approximately 15 million tons per year, and a 25-year mine life based on current estimated coal reserves.

A previous Project design was evaluated in an EIS and permitted by most of the applicable State and Federal regulatory programs in the early 1990s, although the Project did not proceed to development. There have been substantial changes in the Project design and in the regulatory requirements since this project went through the first permitting and EIS process. Therefore, a comprehensive, stand-alone Supplemental EIS will be prepared for the new proposal.

The administrative actions that the SEIS must address include issuing an EPA Clean Water Act (CWA) National Pollutant Discharge Elimination System (NPDES) new source permit and a U.S. Army Corps of Engineers CWA section 404 and Rivers and Harbors Act section 10 permit. The SEIS will also address issues related to the Alaska Surface Coal Mining Control and Reclamation Act (ASCMCRA) permit, which governs all aspects of the mining operation and infrastructure. The U.S. Army Corps of Engineers and the State of Alaska are participating as cooperating agencies in the NEPA process.

Alternatives: The alternatives to be evaluated include: The "no action" alternative, wastewater discharge alternatives and alternative discharge locations. In addition, the SEIS will evaluate mine access road and conveyor alignment alternatives, and coal export terminal alternatives. Additional alternatives may be developed based on comments received during scoping.

Scoping: The public scoping period begins with the publication of this Notice and concludes July 24, 2006. EPA invites Federal agencies, Native Tribes, State and local governments, and members of the public to comment on the scope of the SEIS. Scoping meetings for the purpose of identifying issues to be evaluated in the SEIS will be held in Kenai on July 10, in Anchorage on July 11, and in the Tyonek and Beluga communities on July 12, 2006. The exact locations and times of the meetings will be announced in local papers. The public is invited to attend and identify issues that should be addressed in the SEIS. A scoping document that explains in greater detail the project and alternatives identified at this time will be sent to known interested parties. The public can obtain a copy of the scoping document by contacting Hanh Shaw at the phone number, e-mail address, and mailing address listed at the above in this notice.

How to Comment: EPA invites public comment on the proposed scope of this SEIS. Comments may be submitted by mail, electronic mail, or fax, to Hanh Shaw at the contact information above, by July 24, 2006.

Estimated Date of DSEIS Release: February 2007.

Responsible Official: Ron Kreizenbeck, Deputy Regional Administrator.

Dated: June 6, 2006.

Robert W. Hargrove,

Division Director, NEPA Compliance Division, Office of Federal Activities.

Pesticide Product; Registration Applications

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces receipt of applications to register pesticide products containing new active ingredients not included in any previously registered products pursuant to the provisions of section 3(c)(4) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended.

DATES: Comments must be received on or before August 8, 2006.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2006-0309, by one of the following methods:

- <http://www.regulations.gov/>: Follow the on-line instructions for submitting comments.

- *Mail:* Public Information and Records Integrity Branch (PIRIB) (7502P), Office of Pesticide Programs (OPP), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001.

Hand Delivery: Public Information and Records Integrity Branch (PIRIB) (7502P), Office of Pesticide Programs (OPP), Environmental Protection Agency, Rm. S-4400, One Potomac Yard 2777 S. Crystal Dr., Arlington, VA, Attention: Docket ID number EPA-HQ-OPP-2006-0309. The Docket Facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Docket Facility is (703) 305-5805. Such deliveries are only accepted during the Docket's normal hours of operation, and
