ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-SFUND-2006-0361; FRL-8162-3]

Agency Information Collection Activities; Proposed Collection; Comment Request; Trade Secret Claims for Community Right-To-Know and Emergency Planning (EPCRA Section 322); EPA ICR No. 1428.07, OMB Control No. 2050-0078

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit a request to renew an existing approved Information Collection Request (ICR) to the Office of Management and Budget (OMB). This ICR is scheduled to expire on October 31, 2006. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before June 26, 2006.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-SFUND-2006-0361, by one of the following methods:

- <http://www.regulations.gov>: Follow the on-line instructions for submitting comments.

- E-mail: superfund.docket@epa.gov.

- Fax: 202-566-0224.

Mail: Superfund Docket, Environmental Protection Agency, Mailcode: 5305T, 1200 Pennsylvania Ave., NW., Washington, DC 20460.

- Hand Delivery: EPA West Building, 1301 Constitution Avenue, NW., Washington, DC. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA-HQ-SFUND-2006-0361. EPA's policy is that all comments

received will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov> or e-mail. The <http://www.regulations.gov> Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through <http://www.regulations.gov>, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket, visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

FOR FURTHER INFORMATION CONTACT: Sicy Jacob, Office of Emergency Management, 5104A, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: 202-564-8019; fax number: 202-564-2625; email address: jacob.sicy@epa.gov.

SUPPLEMENTARY INFORMATION:

How Can I Access the Docket and/or Submit Comments?

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-SFUND-2006-0361 which is available for online viewing at <http://www.regulations.gov>, or in person viewing at the Superfund Docket in the EPA Docket Center (EPA/DC), EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room is open from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202-566-1744, and the telephone

number for the Superfund Docket is 202-566-0276.

Use <http://www.regulations.gov> to obtain a copy of the draft collection of information, submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified in this document.

What Information Is EPA Particularly Interested in?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

- (i) Evaluate whether the proposed collection of information is necessary for the
 - (ii) Proper performance of the functions of the Agency, including whether the information will have practical utility;
 - (iii) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; enhance the quality, utility, and clarity of the information to be collected; and
 - (iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

What Should I Consider When I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible and provide specific examples.
2. Describe any assumptions that you used.
3. Provide copies of any technical information and/or data you used that support your views.
4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.
5. Offer alternative ways to improve the collection activity.
6. Make sure to submit your comments by the deadline identified under DATES.

7. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

What Information Collection Activity or ICR Does This Apply to?

Trade Secret Claims for Community Right-to-Know and Emergency Planning (EPCRA Section 322)—EPA No. 1428.07 Docket ID No. EPA-HQ-SFUND-2006-0361.

Affected entities: Entities potentially affected by this action are manufacturers or non-manufacturers subject to reporting under sections 303, 311/312 or 313 of the Emergency Planning and Community Right-to-Know Act (EPCRA).

Title: Trade Secret Claims for Community Right-to-Know and Emergency Planning (EPCRA Section 322).

ICR number: EPA ICR No. 1428.07, OMB Control No. 2050-0078.

ICR status: This ICR is currently scheduled to expire on October 31, 2006. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: This information collection request pertains to trade secrecy claims submitted under section 322 of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA). EPCRA contains provisions requiring facilities to report to State and local authorities, and EPA, the presence of extremely hazardous substances (described in section 302), inventory of hazardous chemicals (described in sections 311 and 312) and manufacture, process and use of toxic chemicals (described in section 313). Section 322 of EPCRA allows a facility to withhold the specific chemical identity from these EPCRA reports if the facility asserts a claim of trade secrecy for that chemical identity. The provision establishes the requirements and procedures that facilities must follow to request trade secrecy treatment of chemical identities, as well as the procedures for submitting public

petitions to the Agency for review of the "sufficiency" of trade secrecy claims.

Trade secrecy protection is provided for specific chemical identities contained in reports submitted under each of the following EPCRA sections: (1) 303(d)(2)—Facility notification of changes that have or are about to occur, (2) 303(d)(3)—Local Emergency Planning Committee (LEPC) requests for facility information to develop or implement emergency plans, (3) 311—Material Safety Data Sheets (MSDSs) submitted by facilities, or lists of those chemicals submitted in place of the MSDSs, (4) 312—Tier II emergency and hazardous chemical inventory forms, and (5) 313—Toxic chemical release inventory forms.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 9.8 hours per claim. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of the Agency's estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 1,050.

Frequency of response: Annual.

Estimated total average number of responses for each respondent: 10.

Estimated total annual burden hours: 3,483 hours.

Estimated total annual costs: \$147,543. No capital or operation and maintenance costs associated with this collection.

The burden and cost reported here are from the current approved ICR. The costs will change in the package that is submitted to OMB which will be based

on the most recent labor and wage rate information reported in the Bureau of Labor and Statistics. EPA contacted few facilities that submitted trade secret claims for the reporting years 2002 through 2004. These facilities have reported that they take an average of 5 hours per claim. It is lower than the Agency estimate in the previous ICR, which is 9.8 hours per claim. To be conservative, the Agency may continue to use the same estimate for this ICR.

What Is the Next Step in the Process for This ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: April 18, 2006.

Director, Office of Emergency Management.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8161-4]

Hazardous Waste Management System; Notice of Availability of EPA's Manifest Registry

AGENCY: Environmental Protection Agency.

ACTION: Notice announcing the Activation of EPA's Manifest Registry.

SUMMARY: This notice announces that EPA is accepting applications from organizations seeking to become registered printers and distributors of the new national Uniform Hazardous Waste Manifest.

FOR FURTHER INFORMATION CONTACT: Questions pertaining to this notice or on EPA's Manifest Registry in general may be directed to Wanda LeBleu in EPA's Office of Solid Waste at (703) 308-0438 or to lebleu.wanda@epa.gov.

SUPPLEMENTARY INFORMATION:

On March 4, 2005, the U.S. Environmental Protection Agency published regulations modifying the hazardous waste manifest system in several ways (70 FR 10814). Among

other things, EPA standardized the content and appearance of the Uniform Hazardous Waste Manifest and continuation sheet (EPA Forms 8700-22 and 8700-22A). EPA also established a registry process at 40 CFR 262.21 for organizations (e.g., States, waste management companies, industrial facilities and commercial printers) to apply to EPA to print the new manifest for use and distribution. Anyone who wants to print and distribute the new forms first must obtain approval from EPA.

To assist in implementing the new manifest rule, EPA recently posted a new Manifest Registry Web site at: <http://www.epa.gov/epaoswer/hazwaste/gener/manifest/registry/index.htm>.

This Web site is designed to provide instructions to prospective printers to prepare their application to EPA, assist the public in obtaining the new manifests, and assist waste handlers in completing their manifests.

In the March 4, 2005 final rule, EPA established a compliance date of September 5, 2006 for use of the new manifest and continuation sheet. Beginning on this date, waste shipments must use the new forms in all States. It is important to note that States will no longer be the exclusive source of blank forms—forms from any approved printer will be valid.

This notice announces that EPA is accepting applications from organizations who seek to be approved under the registry process to print and distribute the new national uniform hazardous waste manifest. The application process consists of two steps: (1) An initial application, and (2) submission of form samples. The initial application provides general information on the applicant's organization (e.g., contact information and description of printing operations). EPA will review this initial application and either approve it or request additional information. Once the initial application is complete, EPA will either approve the application or deny it. After approval of the initial application, EPA will send the applicant electronic files of the manifest and continuation sheet in Adobe Portable Document Format (PDF) and request several samples of the forms complying with the print requirements of § 262.21(f), as well as a brief description of these samples (e.g., indication of the paper type used). EPA will evaluate the samples in accordance with the print requirements in the manifest regulations, and either approve the applicant to print the forms for use and distribution, or indicate why the forms do not qualify for approval.
