OMB Review: Issuance of an NPDES general permit is not subject to rulemaking requirements, including the requirement for a general notice of final rulemaking, under Administrative Procedure Act (APA) Section 533 or any

other law, and is thus also not subject to the Regulatory Flexibility Act (RFA) and the Unfunded Mandates Reform Act (UMRA) requirements.

The APA defines two broad categories of agency action—"rules" and "orders." Its definition of "rule" encompasses "an agency statement of general or particular applicability and future effect designed to implement, interpret, or prescribe law or policy or describing the organization, procedure, or practice requirements of an agency * * *" APA section 551(4). Its definition of "order" is residual: "a final disposition * * * of an agency in a matter other than rule making but including licensing." APA section 551(6) (emphasis added). The APA defines "license" to "include * * * an agency permit * * *" APA section 551(8). The APA thus categorizes a permit as an order, which by the APA's definition is not a rule. Section 553 of the APA establishes "rule making" requirements. The APA defines "rule making" as "the agency process for formulating, amending, or repealing a rule." APA section 551(5). By its terms, then, section 533 applies only to "rules" and not also to "orders," which include permits.

Paperwork Reduction Act: EPA has reviewed the requirements imposed on regulated facilities in these proposed general permits under the Paperwork Reduction Act of 1980, 44 U.S.C. 3501 *et seq.* The information collection requirements of these permits have already been approved by the Office of Management and Budget in submissions made for the NPDES permit program under the provisions of the Clean Water Act.

Authority: Clean Water Act, 33 U.S.C. 1251 *et seq.*

Dated: November 29, 2006.

Carol L. Campbell,

*Acting Assistant Regional Administrator,
Office of Partnerships and Regulatory Assistance.*
