\*Reflects the amount of green power as a percentage of total purchased electricity use. Partners choosing to purchase green power in an amount exceeding 100 percent of their U.S. organization-wide electricity use are listed as such.

<sup>°</sup>Indicates Provider is selling Partner a third-party certified green power product. For more information on third-party certification, visit <http://www.epa.gov/greenpower/buygp/certified.htm>.

## National Top 50 Partner List (as of April 6, 2010)

Combined, these top 50 largest purchases amount to nearly 11.6 billion kilowatt-hours annually, which represents more than 70 percent of the green power commitments made by all EPA Green Power Partners.

## National Top 50 Partner List (as of July 6, 2010)

Annual Green Power Usage (kWh)	GP % of Total Electricity Use	Organization Type	Providers	Green Power Resources
--------------------------------	-------------------------------	-------------------	-----------	-----------------------

Cooperative

### 49. Port of Portland

75,030,000	106%	Transport & Shipping	NextEra Energy Resources <sup>°</sup> , On-site Generation	Solar, Wind
------------	------	----------------------	---	-------------

### 50. City of Austin, TX

74,142,994	17%	Govt. (Local, Municipal)	Austin Energy	Biogas, Wind
------------	-----	--------------------------	---------------	--------------

\*Reflects the amount of green power as a percentage of total purchased electricity use. Partners choosing to purchase green power in an amount exceeding 100 percent of their U.S. organization-wide electricity use are listed as such.

<sup>°</sup>Indicates Provider is selling Partner a third-party certified green power product. For more information on third-party certification, visit <http://www.epa.gov/greenpower/buygp/certified.htm>.

## National Top 50 Partner List (as of October 5, 2010)

Combined, these top 50 largest purchases amount to nearly 12.6 billion kilowatt-hours annually, which represents nearly 70 percent of the green power commitments made by all EPA Green Power Partners.

Annual Green Power Usage (kWh)	GP % of Total Electricity Use*	Organization Type	Providers (listed in descending order by kWh supplied to Partner)	Green Power Resources

\*Reflects the amount of green power as a percentage of total purchased electricity use. Partners choosing to purchase green power in an amount exceeding 100 percent of their U.S. organization-wide electricity use are listed as such.

°Indicates Provider is selling Partner a third-party certified green power product. For more information on third-party certification, visit <http://www.epa.gov/greenpower/buygp/certified.htm>.
