8:30AM **Session 6: What’s New in ’08 – Part 2**

Moderator: Swarupa Ganguli, EPA LMOP

❖ **Dell/TXU and ERCOT**
Dave Unger, Waste Management

❖ **Worcester County Renewable Energy, Dual-use wells and Carbon Credits**
speaker TBD

❖ **Seward County Landfill- Combined LFG and Lagoon Biogas**
Mike Tabor, Landfill Director

10:00AM BREAK - Exhibit Space Open
Sponsorship Opportunity available

Wednesday, January 14, 2009 (continued)

10:30AM **Session 7: What's New in '08 – Part 3**

Moderator: TBD

- ❖ **Monroe County NY – LFG from a Bioreactor Site**
Russell P. Rutkowski, P.E., Associate Engineer, Monroe County, NY Department of Environmental Services
- ❖ **Cape May County Municipal Utilities Authority – “We made 100 cfm of landfill gas work for us, so can you.”**
John R. Baron, Cape May County Municipal Utilities Authority
- ❖ **Three Projects, Three Utilities, One State – LES and Three Florida Projects**
Bill Owens, Vice President of Business Development LES (invited)

12:00N

LUNCH – Sponsored by 

1:00PM **Session 8: What's New in '08- Part 4**

Moderator: Chuck Foster, Pepco Energy Services

- ❖ **High BTU and the New Siloxane Challenge at the South Hills Landfill**
Richard Gladstone, Green Gas Energy LLC
- ❖ **City of Greenville South Carolina- First US VCS Project**
William Brinker, Greenville Gas Producers, LLC
- ❖ **Taking in Landfill Gas – No Trivial Matter for Gas Utilities**
Allen J. Spivey, Director, Office of Corporate Engineering, AGL

2:30 PM

BREAK - Exhibit Space Open
Sponsorship Opportunity available

2:45PM

Session 9: Industry and EPA Approaches to Estimating Emissions from Landfills

Moderator: TBD

- ❖ **Solid Waste Industry for Climate Solution (SWCIS) – Revised Protocol, Questionnaire, and Calculation Spreadsheet**
Amy Banister, Waste Management
- ❖ **Update on Climate Leaders Protocol and Calculate Emissions Nationally for the GHG Inventory**
Melissa Weitz, US EPA

3:30PM

Closing and ADJOURN
