

**Presentations of the Mid-Continent Ecology Division
July through December 2009**

1. Angradi, T.R. Weak effects of urbanization on macroinvertebrate assemblages in mid-continent, USA, great rivers. *First Triennial Symposium for the International Society of River Science, St. Petersburg, FL, July 12-17, 2009*. 5126
2. Ankley, G.T., M.A. Etterson, M. Hecker, V.J. Kramer, C. Murphy, D. Spade, J. Spromberg, G. Roesijadi, and M. Wang. Adverse outcome pathways and ecological risk assessment: Bridging to population level effects: Report of Pellston Workgroup 3. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5210
3. Anstead, A.M., J.J. Pauer, W. Melendez, R.G. Kreis Jr, G. Warren, S.J. Beck, M. Yusim, and D.M. Dolan. Phosphorus and phytoplankton in Lake Michigan: Model post-audit and projections. *6th Biennial Lake Michigan State of the Lake Conference, Milwaukee, WI, September 29-October 1, 2009*. 5209
4. Barron, M.G., D.N. Vivian, C.L. Russom, and S. Raimondo. A classification scheme for assignment of chemical class and mode of action for organic and metal contaminants. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5180
5. Bennett, .R.S. and M.A. Etterson. Modeling the effects of chemical exposure on avian seasonal productivity: Importance of differences in breeding strategies. *International Society for Ecological Modelling, Quebec City, QC, Canada, October 6-9, 2009*. 5243
6. Brennan, A.A., J.D. Fernandez, and S.A. Diamond. Microwave digestion and furnace atomic absorption method for the quantification of nano-scale TiO₂ in aqueous samples. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5194
7. Burkhard, L.P., R. Hoke, J. Arnot, G. Lotufo, T. Parkerton, and K. Sappington. Comparison of laboratory measured BCFs, BMFs, and BSAFs to field measured BAFs, BMFs, and BSAFs. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5196
8. Diamond, S.A., A.A. Brennan, S. Hoheisel, and A. Kennedy. Phototoxicity of selected nanomaterials. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5193
9. Durhan, E.J., E.A. Makynen, J.E. Cavallin, L.C. Wehmas, and G.T. Ankley. Measuring endocrine-active chemicals at ng/L concentrations in water. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5187

10. Embry, M.R., S.E. Belanger, T. Braumbeck, M. Halder, D. Hinton, M. Leonard, A. Lillicrap, T.J. Norberg-King, and G. Whale. The ILSI-HESI project on animal alternative needs in environmental risk assessment. *VIIth World Congress on Alternatives and Animal Use in the Life Sciences, Rome, Italy, August 30-September 3, 2009*. 5164
11. Etterson, M.A., R.S. Bennett, E.L. Kershner, and J.W. Walk. Markov chain estimation of avian seasonal fecundity. *International Society for Ecological Modelling, Quebec City, QC, Canada, October 6-9, 2009*. 5244
12. Garcia-Reyero, N., T. Habib, J. Shoemaker, D.L. Villeneuve, D. Martinovic, D. Bencic, G.T. Ankley, F. Doyle, and E. Perkins. Adaptation, compensation, and recovery: Unraveling the mechanisms through genomics. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5186
13. Garcia-Reyero, N. and D.L. Villeneuve. Paving the way for predictive ecotoxicology in the 21st century. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5176
14. Habib, T., E.J. Perkins, D.L. Villeneuve, G.T. Ankley, D. Bencic, N. Denslow, L. Liu, and N. Garcia-Reyero. Aromatase inhibition in a transcriptional network context. *RECOMB Regulatory Genomics, Systems Biology, and DREAM4 Reverse Engineering Challenges, Boston, MIT, Broad Institute, Dec. 2-6, 2009*. 5250
15. Hockett, J.R., T.L. Highland, D.J. Hoff, C.T. Jenson, T.J. Norberg-King, and D.R. Mount. The influence of test conditions on the performance of *Chironomus dilutus* and *Hyalella azteca* in sediment toxicity tests. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5192
16. Hoffman, J.C., G.S. Peterson, T.D. Corry, A.M. Cotter, and J.R. Kelly. Using stable isotope analysis to determine zooplankton trophic response to the biogeochemical gradient in a coastal tributary. *Coastal and Estuarine Research Federation 20th Biennial Conference, Portland, OR, November 1-5, 2009*. 5166
17. Hoheisel, S., A.A. Brennan, S.A. Diamond, and D.R. Mount. Effects of silver nanoparticles on Japanese medaka (*Oryzias latipes*) and *Daphnia magna*. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5230
18. Hollenhorst, T.P. Identifying and quantifying headwater streams. *GIS/LIS Conference, Duluth, MN, October 21-23, 2009*. 5168
19. Hornung, M.W., G.T. Ankley, R.S. Bennett, R.J. Erickson, D.J. Hoff, R.D. Johnson, D.R. Mount, J.W. Nichols, C.L. Russom, P.K. Schmieder, J.A. Serrano, J.E. Tietge, and D.L. Villeneuve. Adverse outcome pathways: A conceptual framework to support ecotoxicology research and risk assessment. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5177

20. Jensen, K.M., J.E. Cavallin, E.J. Durhan, M.D. Kahl, E.A. Makynen, D.L. Villeneuve, L.C. Wehmas, and G.T. Ankley. Evaluation of the antimicrobial triclocarban in a short-term reproduction assay with the fathead minnow (*Pimephales promelas*). *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5191
21. Kahl, M.D., J.E. Cavallin, K.M. Jensen, E.A. Makynen, D. Martinovic, N.D. Mueller, D.L. Villeneuve, L.C. Wehmas, and G.T. Ankley. Dynamic nature of alterations in the endocrine system of fathead minnows exposed to the fungicide prochloraz. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5200
22. Kennedy, A.J., J.K. Stanley, J.D. Farrar, J.A. Steevens, D.R. Mount, and T.S. Bridges. Development of reduced sediment volume test procedures for the estuarine amphipod *Leptocheirus plumulosus*. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5203
23. Kreis, R.G. Jr., X. Zhang, X. Zhang, E. Murphy, K.R. Rygwelski, R. Rossmann, G. Warren, P.J. Horvatin, W. Melendez, S.J. Beck, and E. Hinchey-Malloy. Lake Michigan mass balance study post audit: Integrated, multi-media PCB modeling and forecasting for lake trout. *6th Biennial Lake Michigan State of the Lake Conference, Milwaukee, WI, September 29-October 1, 2009*. 5208
24. Li, Z., K.J. Kroll, D.L. Villeneuve, G.T. Ankley, D. Ekman, T. Collette, J. Brian, M.S. Sepulveda, E.F. Orlando, N.D. Denslow, and K.H. Watanabe. Development of a computational model for female fathead minnows exposed to 17a-ethynylestradiol and 17B-trenbolone. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5178
25. Martinovic, D., D.L. Villeneuve, L.S. Blake, K.M. Jensen, M.D. Kahl, D.R. Ekman, M. Henderson, Q. Teng, T.W. Collette, N. Garcia-Reyero, E. Perkins, and G.T. Ankley. Social status modulates gene expression and metabolite profiles in the fathead minnow males. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5179
26. Martyniuk, C.J., S. Alvarez, N. Garcia-Reyero, K.J. Kroll, D. Villeneuve, and N.D. Denslow. Non-gel based proteomics to study steroid receptor agonists in the fathead minnow. *36th Aquatic Toxicity Workshop, La Malbaie, QC, Canada, September 27-30, 2009*. 5214
27. Mount, D.R. and D.M. Di Toro. Equilibrium partitioning: What's it good for and how do you know if it works? *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5197
28. Mount, D.R., L.J. Heinis, T.L. Highland, J.R. Hockett, D.J. Hoff, C.T. Jenson, and T.J. Norberg-King. Are PAHS the right metric for assessing toxicity related to oils, tars, creosote and similar contaminants in sediments? *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5198

29. Nichols, J.W., M. Breen, R. Denver, J. Di Stephano III, J. Edwards, R. Hoke, D. Volz, and X. Zhang. Testing and risk assessment of chemicals that impact highly adaptive biological systems: The case of endocrine systems. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5184
30. Norberg-King, T.J. Comparisons of sediment test volumes for freshwater solid phase sediment toxicity tests. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5189
31. Norberg-King, T.J., D.L. Denton, and P. Jennings. Applications of toxicity testing as a tool: Things we've learned. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5190
32. Norberg-King, T.J., B. Gillespie, and T. La Point. Job skills workshop: Finding employment in environmental toxicology and chemistry. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5188
33. Olsen, B.J., M.A. Eттerson, and R. Greenberg. Calculations on the back of an envelope model: Applying seasonal fecundity models to species' range limits. *International Society for Ecological Modelling, Quebec City, QC, Canada, October 6-9, 2009*. 5241
34. Orlando, E., J. Thompson, M. Sepulveda, G.T. Ankley, D.L. Villeneuve, K. Watanabe, and N.D. Denslow. Short-term exposure effects of endocrine disrupting chemicals on the brain-pituitary-gonadal axis response in the fathead minnow. *42nd Annual Meeting of the Society for the Study of Reproduction, Pittsburgh, PA, July 18-22, 2009*. 5148
35. Pearson, M.S. Development of an index of ecological condition based on great river fish assemblages. *139th Meeting of the American Fisheries Society, Nashville, TN, August 30-September 3, 2009*. 5212
36. Potvien, A., M.A. Eттerson, and R. Regal. Retrospective estimation of breeding phenology of American Goldfinch (*Carduelis tristis*) using pattern oriented modeling. *International Society for Ecological Modelling, Quebec City, QC, Canada, October 6-9, 2009*. 5242
37. Rogers, S., J.L. Meyer, L. Lee, D.L. Villeneuve, G.T. Ankley, and M.S. Sepulveda. Plasma vitellogenin and hormone levels in common snapping turtles (*Chelydra serpentina*) from concentrated animal feeding operation (CAFO) ponds versus a reference site. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5195
38. Serrano, J.A. Protein biomarker discovery in ecotoxicology: Assessing challenges and future applications. *General scientific audience webinar, Research Triangle Park, NC, August 31, 2009*. 5235
39. Sibley, P., N. Kemble, C. Ingersoll, D. MacDonald, D. Mount, and L.J. Field. Evaluation of the reference envelope approach for assessing toxicity in contaminated surficial urban freshwater sediments. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5202

40. Skolness, S.Y., K.M. Jensen, M.D. Kahl, D. Martinovic, D.L. Villeneuve, and G.T. Ankley. Use of microarray to analyze gene expression profiles of acute effects of prochloraz on fathead minnows (*Pimephales promelas*). *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5199
41. Starry, M.A., J.R. Kelly, P.M. Yurista, J.V. Scharold, and T. Olsen. Defining Great Lakes shallow nearshore zones for the U.S. EPA 2010 National Coastal Assessment. *ESRI International User Conference, San Diego Convention Center, San Diego, CA, July 13-17, 2009*. 5181
42. Sternberg, R.M., K.R. Thoemke, J.J. Korte, S.M. Moen, J.E. Tietge, and S.J. Degitz. Negative feedback control of pituitary thyroid-stimulating hormone synthesis and secretion by thyroid hormones during metamorphosis in *Xenopus laevis*. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5231
43. Trebitz, A.S. Wetland hydrology: Hydroperiod and seiche and tide. *Wetlands Ecology Class, University of Minnesota Duluth, Duluth, MN, September 23, 2009*. 5239
44. Villeneuve, D.L. Cheaper, faster, better -- the future of ecological risk assessment. *University of Minnesota Duluth, Department of Biology, Duluth, MN, October 16, 2009*. 5254
45. Villeneuve, D.L. Ecological risk assessment in the 21st century: The role of ecotoxicogenomics and the need for multi-disciplinary research. *University of Puerto Rico-Rio Piedras Campus, Department of Biology, San Juan, Puerto Rico, October 21, 2009*. 5252
46. Villeneuve, D.L. USEPA/ORD/NHEERL, Application of ecotoxicogenomics to support development of ecotoxicological screening methods. *Meeting of the extended OECD/IPCS Advisory Group on Molecular Screening and Toxicogenomics, OECD Headquarters, Paris, France, October 26-27, 2009*. 5253
47. Wilson, V.S., L.S. Blake, D. Bermudez, L.E. Gray Jr, and G.T. Ankley. In vitro assays for assessment of androgenic and estrogenic activity of defined mixtures and complex environmental samples. *30th Annual Meeting of SETAC North America, New Orleans, LA, November 19-23, 2009*. 5182
