

Furniture (Offices and Special Spaces) Procurement for the J.W. McCormack POCH Building RFQ No. 328488

Question and Answer Set 2

Question 1: Section 2 Page 3. Do you have any descriptions for the utility Shelving and Storage? For example, the height? Do they have doors?

Answer: See the answer in Question 3 on the previous Question and Answer Set for the descriptions of the utility shelving and storage units. In addition, a variety of heights may be required. A 5 shelf high utility shelving and a storage cabinet less than 32" high shall be used for pricing.

NOTE: The answers to questions in this Question and Answer Set and the previous Question and Answer Set previously posted on the OAM Web page contain minor clarifications on pricing. An amendment to the RFQ will not be made based on the answers contained in these 2 sets of questions.
