562910 - Remediation Services

Description:

The U.S. Environmental Protection Agency (EPA) Region 7 has a requirement for Emergency and Rapid Response Services (ERRS) for emergency, time critical and non-time critical removals and remedial activities. Contractors will provide all equipment, personnel and material for containment, countermeasures, cleanup mitigation, restoration and disposal of hazardous substances, oil, contaminants or pollutants, as specified in individual task orders. This contract will cover the four states within Region 7 - Iowa, Kansas, Missouri and Nebraska.

The contract will have a base with four (4) one year award terms for a total period of performance of 60 months. Each award term will be earned on performance. One contract will result from this request for proposal. This is a Total Small Business Set-Aside.

The RFP, amendments and other information related to this procurement will be posted on EPA's Office of Acquisition Management website at the following URL: <http://www.epa.gov/oam/regions>.

The Request for Proposal is anticipated to be posted on or before May 31, 2007. Technical proposals will be required. Award will be made on a "Best Value" basis with technical evaluation more important than cost.
