

PR-HQ-08-13082 Pre-Solicitation Notice Q&A
(updated June 9, 2009)

Q1: Will this solicitation be for a prime contractor or individual contractors for individual requirements?

A: It is the intent of the government to award one contract from this RFP.

Q2: Has the government already decided on instrumentation or open to new products?

A: In accordance with the published draft performance work statement, the government is seeking operation and maintenance services of the fully equipped PHILIS mobile laboratories.

Q3: Regarding the above referenced solicitation, which the RFP was supposed to be released o/a March 28th, I've been to the EPA website and FBO, and it's not there yet, so could you please tell me when you anticipated releasing it?

A: The date for release of the RFP has been changed to on or around June 16, 2009. Please continue to monitor the website for updates.

Q4: Also, PHILIS units already exist, so, I am assuming there is an incumbent contractor on this requirement. Would you please give me the incumbent name, contract #, end date, and awarded value?

A: Though the PHILIS units already exist, there is no incumbent contractor.

Q5: Regarding the above-referenced requirement (PHILIS), I am assuming there is an incumbent contract on this, because the PHILIS units already exist. Would you please give me the incumbent name, contract number, end date, and awarded value?

A: Please see Question 4 above.

Q6: I was hoping to find out if there is an anticipated solicitation release time frame regarding this requirement? Any information you could provide would be greatly appreciated.

A: Please see Question 3 above.
