Attention: 8(e) Coordinator
Office of Pollution Prevention and Toxics
U.S. Environmental Protection Agency
1201 Constitution Ave., NW
Washington, DC 20004

Dear 8(e) Coordinator:

Re: Perfluorooctanoate Anion (PFOA) – Updated Occupational Serum Sample Results
Circleville, Ohio

This letter is a supplement to our letter of March 25, 2008 which included serum sampling results from the Circleville, Ohio facility among other facilities. The updated serum sampling results for workers at the above referenced DuPont site are for 2008. The levels of PFOA reported with this submission are generally corroborative of previously reported levels in an occupational setting. This information is provided to the TSCA 8(e) office in view of the Agency's continued interest in perfluorinated substances and as precautionary measure.

Sincerely,

A. Michael Kaplan, Ph.D.
Director – Regulatory Affairs
