Washington, DC 20004

Dear 8(e) Coordinator:

Fluoroalkyl Phosphoric Acid Ester

This letter is to inform you of the results of a skin corrositex assay with the R&D test substance referenced above.

An aliquot of 500 μ L of the test substance was applied to each of 4 membrane discs. The pH of the test substance is 5. The test substance broke through all 4 membrane discs. The mean breakthrough time was 1:16:01 (hr:min:sec). Under the conditions of this assay, the test substance is a skin corrosive.

Sincerely,

Company Sanitized
