Generic Name: Halogenated pyridine derivative

Dear Sir/Madam:

The following information is being submitted by The Dow Chemical Company (Dow) pursuant to current guidance issued by EPA indicating EPA's interpretation of Section 8(e) of the Toxic Substances Control Act. Dow has made no determination as to whether a significant risk of injury to health or the environment is actually presented by the findings.

Results from aquatic studies on the test substance have indicated:

- The test substance exhibits a total system dissipation half-life in a laboratory aerobic sediment/water system of 377 days.
- The test substance exhibits a soil dissipation half-life in a laboratory anaerobic sediment/water system of 209 days.

Questions may be addressed to the undersigned.

Sincerely,

Imogene E. Treble
