AHETF Study Proposal:

Mixing, Loading and Applying Pesticides in Managed Horticultural
Facilities using Powered Handgun Equipment (AHE600)

If the AHETF study proposal AHE600 is revised as suggested in EPA's review and if the research is performed as described:

1. Is the research likely to generate scientifically reliable data, useful for assessing the exposure of workers mixing, loading, and applying pesticides in managed horticultural facilities using powered handgun equipment?
2. Is the research likely to meet the applicable requirements of 40 CFR part 26, subparts K and L?
