

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

WASHINGTON, D.C. 20460

OCT - 1 2009

OFFICE OF
AIR AND RADIATION

Mr. David Johnson
ESW Canada
335 Connie Cres
Concord, Ontario, Canada L4K 5R2

Dear Mr. Johnson:

The U.S. Environmental Protection Agency (EPA) has reviewed ESW Canada's (ESW's) request for an extension for the XtrmCat™ DOC Kit to remain on the National Clean Diesel Campaign's Emerging Technologies List.

Based on our evaluation of ESW's September 28, 2009 progress letter and other supporting information, EPA believes ESW has thus far demonstrated significant progress in the pursuit of full verification for the XtrmCat™ DOC Kit. Therefore, EPA approves the request for an extension. The XtrmCat™ DOC Kit will remain on the Emerging Technologies List until October 6, 2010.

Thank you for participating in EPA's National Clean Diesel Campaign. If you have any questions or comments, please contact Dennis Johnson of my staff at (202) 343-9278.

Sincerely,

A handwritten signature in cursive script that reads "Jim Blubaugh".

Jim Blubaugh, Manager
National Clean Diesel Campaign
Office of Transportation and Air Quality
