Re: Request for Reconsideration (RFR #07003A) of EPA Region V Response to the July 31, 2007, Request for Correction (RFC #07003) submitted by the Muskego Site Groundwater Remediation Group (MSGRG)

Dear Ms. Stone:

I would like to provide you with a status update regarding your April 14, 2009, Request for Reconsideration (RFR #07003A) submitted under the Environmental Protection Agency's Information Quality Guidelines. These guidelines state that EPA's goal is to respond to the request within 90 days of receipt, either by providing a decision on the RFC or, if the request will require more than 90 days to resolve, informing the requestor that more time is needed.

To ensure an objective review of the MSGRG RFR, EPA convened an executive panel as described in the EPA IQG. The draft response is currently undergoing an internal review. We anticipate that a response providing the Agency's decision will be forwarded to you within 90 days.

Thank you for your interest in environmental information quality.

Sincerely,
