

RCRA Brownfields

**Announcing....
Internet Session on**

RCRA Sites and EPA Brownfields Grants

WHAT - RCRA Site Managers' Forum Internet Session on EPA Brownfields Grants and RCRA Sites

- What is the FY05 Brownfields Grants application process? (The deadline for proposals for the FY05 cycle is November 12, 2004)
- What types of RCRA site projects were included in FY03 and FY04 Brownfields Grant applications?
- What types of RCRA site projects might be appropriate for a future application?

WHEN - Tuesday, October 5, 2004, 12:00 noon - 2:00 pm Eastern Time Zone

FEATURED SPEAKER -

- **Linda Garczynski**, Director of the Office of Brownfields Cleanup and Redevelopment

WHERE - Your desk, (or meeting room) using your computer and telephone!

HOW TO REGISTER - Visit <http://clu-in.org/studio> to register - It's free, but to reserve a phone line you must be registered!

SEMINAR CONTENT - Talk first hand with EPA Brownfield Grant Program experts about the type of RCRA site projects that were included in Brownfield Grant applications for the FY03 and FY04 assessment, cleanup and revolving loan fund grants, and what type of projects might be appropriate for FY05. Find out about the FY05 application process (the deadline is November 12, 2004) and where to get your questions answered.

WHO WILL ATTEND - EPA and State RCRA and Cleanup Program Staff, Community Representatives and others interested in applying for Brownfields Grants.

LOGISTICS - If you have questions about this seminar, contact Kim Katonica 703-308-6087, katonica.kim@epa.gov or Sara Rasmussen (703) 308-8399, rasmussen.sara@epa.gov

**This internet session will rely on the use of internet access to view speaker presentations and telephones or internet connection (simulcast) to listen to presentations and participate in discussions. Participants can also download the briefing materials ahead of time and use a*

hard copy during the call if that is more convenient. Participants from the same location are asked to get together and share a conference line.
