

The public is invited to attend a public meeting to discuss the **Metal Bank Superfund Site**, located on the Delaware River at 7301 Milnor Street and Cottman Avenue in the Tacony Section of Philadelphia. Information related to the proposed settlement that has been reached at the site and plans to move forward with the cleanup will be discussed.

Metal Bank Superfund Site Update

When: **Wednesday, December 7, 2005**
7:00 p.m. until 9:00 p.m.

Where: St. Hubert Catholic High School
7320 Torresdale Avenue
Philadelphia, Pennsylvania

Who: The United States Government

Why: To discuss the proposed settlement and upcoming cleanup plans for the site, which include excavation of contaminated soil and sediment, installation of a sheet-pile wall, and removal of an underground storage tank.

For More Information

Please contact one of the following representatives from the U.S. Environmental Protection Agency for more information about the public meeting:

Wendy Jastremski
EPA Community Involvement Coordinator
1-800-352-1973, extension 4-5222
jastremski.wendy@epa.gov

OR

Linda Dietz
EPA Remedial Project Manager
1-800-352-1973, extension 4-3195
dietz.linda@epa.gov

Three consent decrees will govern a global settlement of the litigation concerning the site, which includes a proposed plan for the cleanup of the environmental contamination at the site. The consent decrees may be viewed at the above EPA Internet site. They are also available with all the supporting documents at the **Northeast Branch of the Philadelphia Library**, 2228 Cottman Avenue, Philadelphia, PA 19149.
