

# **PPG Architectural Finishes**

**1886 Lynnbury Woods Rd.  
Dover, DE 19904  
Congressional District EPA ID  
EPA ID#: DED060074291  
Last Updated: 5/05/2008**

## **Current Progress at the Site**

---

---

In September 2006 the United States EPA Region 3 and the Delaware Department of Natural Resources and Environmental jointly completed a site inspection and records review. This supplemented a previous RCRA Facility Assessment completed in February of 1991. One area has been identified as an Area of Concern (AOC). PPG Industries has taken immediate action to address the AOC. Such actions have included soil and water sampling of the AOC.

## **Site Description**

---

---

The facility is located at 1886 Lynnbury Road, Dover, Delaware on 50 acres in a rural community. PPG Industries, Inc. constructed the facility in 1975 to manufacture latex paint. PPG continues to operate a 24-hour facility to produce, package and warehouse latex paint onsite prior to shipment.

## **Site Responsibility**

---

---

RCRA Corrective Action activities at this facility are being conducted under the direction of Delaware Department of Natural Resources and Environmental Control (DNREC) with assistance from U.S. EPA Region III.

## **Community Interaction**

---

---

There is no community interaction at this time.

## **Institutional Controls**

---

---

There are currently no institutional controls in place at this time.
