Subject: MONTHLY PROGRESS REPORT (AUGUST 2007)
FOR FORMER PETERS CARTRIDGE COMPANY SITE
(CERCLA DOCKET NO. V-W-04-C-792)

Dear Ms. Molitor,

This monthly progress report documents activities related to the Remedial Investigation/Feasibility Study (RI/FS) at the Former Peters Cartridge Company Site in Warren County, Ohio (the Site). Monthly Progress Reports for the Site are prepared and submitted pursuant to Paragraph 40 in the Administrative Order on Consent (AOC, effective July 14, 2004), and the September 21, 2004 correspondence from the United States Environmental Protection Agency (USEPA). The activities completed during August 2007 and proposed for September 2007 are outlined below.

Project Activities Completed

The following activities, pursuant to the AOC and RI/FS, were conducted during this reporting period.

- Portions of the RI Report were revised and the Supplemental Remedial Investigation data was incorporated into the RI report.

Analytical Data

Soil and groundwater samples were collected in April and May 2007 as proposed in the Supplemental Remedial Investigation Work Plan. The analytical results for these samples were presented in the revised RI Report, which was submitted to the USEPA on September 6, 2007.

Proposed Project Activities

The revised RI Report was submitted to the USEPA on September 6, 2007.

Proposed Project Schedule
