

C. CORRECTIVE ACTION PLAN AND WELL DATA

Submit a tabulation of data reasonably available from public records or otherwise known to the applicant on all wells within the area of review, including those on the map required in B, which penetrate the proposed injection zone. Such data shall include the following: Class I: a description of each well 's types, construction, date drilled, location, depth, record of plugging, and/or completion, and any additional information the Director may require. in the case of new injection wells, include the corrective action proposed to be taken by the applicant under 40 CFR 144.55

Table C-1: Environmental Geo-Technologies, LLC: Oil and Gas Wells in AOR and Table C-1: Environmental Geo-Technologies, LLC: Shallow/Water Wells in AOR present summaries of available data from public State of Michigan sources. Available records regarding well completion and/or plugging are included in Section C in the order presented in the tables. No corrective action is required for the shallow water wells presented. The five deep penetrations into the injection zone (including the #1-12 and #2-12 wells) are either completed or plugged to applicable regulatory standards and require no corrective action.
