

PUBLIC NOTICE

AUG 26 2009

The United States Environmental Protection Agency (EPA), Region 5 office, plans to issue an injection well permit. This is your chance to send written comments on this draft permit for a Class I non-hazardous commercial waste disposal well.

The Safe Drinking Water Act (SDWA) requires us to regulate underground injection of fluids through wells to protect the quality of underground sources of drinking water. This is done in part by issuing permits to owners/operators of underground injection wells. The regulations governing underground injection wells are at Title 40 of the Code of Federal Regulations (40 CFR) Parts 144 and 146. The procedure for the permit process is at 40 CFR §124.5. More information about the UIC program is on the Internet at: <http://www.epa.gov/region5/water/uic/>
