**RE: Pompton Lakes Works Site – Pompton Lake Study Area (PLSA)
Permit Module I – Supplement - Corrective Action Requirements
PLSA Corrective Measures Implementation Work Plan (CMI WP) - Revised
EPA Approval of Revised CMI WP**

Dear Mr. Epps:

The United States Environmental Protection Agency (EPA) has completed its review of the *Pompton Lake Study Area Corrective Measures Implementation Work Plan (CMI WP) Revised April 1, 2016* (Revised CMI WP) submitted by The Chemours Company (Chemours). Based on EPA's review of the March 11, 2016 *Chemours Response to Comments Corrective Measures Implementation Work Plan*, the Revised CMI WP as well as EPA's correspondence to Chemours dated March 25, 2015 providing conditional approval of the CMI WP; the Revised CMI WP is approved.

EPA continues to work with the United States Fish & Wildlife Service (USFWS) and Chemours to address EPA comment #91 regarding informal consultation to address potential impacts to listed species. Since the outcome of the informal consultation can impact the overall implementation schedule, EPA understands that the schedule submitted with the Revised CMI WP is subject to further change. Once the outcome of the informal consultation with the USFWS is established, Chemours should submit a revised schedule for implementation within 5 business days.

Pursuant to the RCRA HSWA Permit Modification I – Module III Supplement dated May, 2015; Chemours is required (within 45 days of this approved CMI WP) to design and submit to EPA and NJDEP, for EPA approval, a Long-Term Monitoring Program ("LTMP") Work Plan ("LTMP WP"). The LTMP WP should be designed to establish baseline conditions and conduct long-term monitoring of the PLSA. Further information regarding the requirements for LTMP WP can be found in the Permit Modification.

Should you have any questions or require further clarification on EPA's comments, please do not hesitate to contact me at 212-637-4426 or at katz.ira-perry@epa.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Perry Katz", with a long horizontal flourish extending to the right.
