Respondent)

Docket No. EPCRA-HQ-2007-6000

CONSENT AGREEMENT

I. Preliminary Statement

1. Complainant is the United States Environmental Protection Agency ("Complainant" or "EPA"). Respondent, for purposes of this Consent Agreement, consists of New Cingular Wireless PCS, LLC ("New Cingular"), its subsidiaries and the following affiliates: New Cingular Wireless Services, Inc. and its subsidiaries, AT&T Mobility II LLC and its subsidiaries, Beach Holding Corporation and its subsidiaries, AT&T Mobility Corporation, AT&T Operations, Inc., and AT&T Services, Inc. Having consented to the terms of this Consent Agreement ("Agreement"), and before the taking of any testimony and without the adjudication of issues of law or fact herein, Complainant and Respondent agree to comply with the terms of this Agreement and attached proposed Final Order hereby incorporated by reference.
2. Respondent, as defined above, is a group of affiliated companies that now own or operate the facilities at issue in this Agreement, or for the purpose of this Agreement, are willing to resolve liability for those facilities that the companies no longer own or operate but were included in the disclosures to EPA that are described in Paragraphs 4 - 8 below. The total civil penalty agreed upon by the parties for settlement purposes is \$125,728.
3. On October 26, 2004, Cingular Wireless LLC ("CW" or "Cingular Wireless") acquired AT&T Wireless Services, Inc. ("AWS"); AWS had a subsidiary known as AT&T Wireless PCS, LLC, which, on that date, was renamed New Cingular Wireless PCS, LLC, one of the companies included within Respondent, as described in Paragraph 1. The facilities that CW and its affiliates owned or operated prior to acquisition (the "legacy CW sites") have since been transferred to New Cingular or the other entities comprising Respondent, or were sold or transferred to unrelated third parties.
4. Subsequent to the acquisition, Respondent undertook an audit of the legacy CW sites for past compliance with the chemical reporting requirements in sections 311 and 312 of the Emergency Planning and Community Right-to-Know Act ("EPCRA"), 42 U.S.C.

§§ 11021 – 11022. On March 15, 2005, pursuant to EPA's Policy on *Incentives for Self-Policing: Discovery, Disclosure, Correction and Prevention of Violations* ("Audit Policy"), 65 *Fed. Reg.* 19,618 (April 11, 2000), Respondent submitted its initial voluntary disclosure to EPA regarding potential violations of the preceding EPCRA sections that had occurred at legacy CW sites.

5. Respondent submitted an update on September 2, 2005, in response to EPA's letter dated August 2, 2005, and a final audit report on October 10, 2005 ("2005 Final Audit Report"). In the 2005 Final Audit Report, Respondent reported 131 legacy CW sites with potential EPCRA section 311 and 312 violations for Reporting Years 2001 through 2003. Respondent also provided additional information in letters dated May 29, 2006; July 14, 2006; and September 1, 2006.
6. While discussions concerning the 2005 Final Audit Report were proceeding between the parties, Respondent voluntarily initiated a comprehensive data validation in January 2007 ("2007 EPCRA Audit") to determine the accuracy of its equipment inventory for its facilities and to correct any data discrepancies. Respondent initiated this review as part of an effort to improve its compliance management system. Pursuant to that process, in May 2007, Respondent notified EPA that it had identified some discrepancies in its inventory and data systems and that Respondent would be reporting additional EPCRA violations.
7. In June and July 2007, Respondent reported to EPA that additional EPCRA violations had been discovered at several hundred sites and that it was preparing a Final 2007 Audit Report.
8. On April 18, 2008, Respondent provided EPA with the Final 2007 Audit Report, which disclosed 511 sites with potential EPCRA section 311 and 312 violations for Reporting Years 2004 through 2006, and sought penalty mitigation under EPA's Audit Policy for these violations. Respondent also disclosed potential EPCRA section 311 and 312 violations that occurred from Reporting Years 2001 through 2003 at 32 legacy CW sites, in addition to the 131 legacy CW sites referenced above that Respondent disclosed to EPA in 2005. EPA and Respondent agree that the violations that occurred from Reporting Years 2001 through 2003 at these 32 legacy CW sites do not qualify for penalty mitigation under EPA's Audit Policy because Condition 3 of the Audit Policy, which requires prompt disclosure of potential violations, was not met. Respondent sought penalty mitigation for these disclosed violations under the *Final Enforcement Response Policy for Sections 304, 311 and 312 of EPCRA and Section 103 of CERCLA* (September 30, 1999).
9. All such disclosures, which are the subject of this Agreement, have resulted in a final comprehensive list of violations compiled in Attachments A and B, hereby incorporated by reference. Attachment A lists the sites with potential EPCRA violations that were disclosed to EPA in the 2005 Final Audit Report as well as the sites disclosed in the letters of May, July and September 2006 and the 2007 Final Audit Report, all of which qualify for Audit Policy treatment. Attachment B lists the thirty-two (32) legacy CW sites disclosed to EPA on April 18, 2008 for which the violations occurring from 2001 through 2003 do not qualify for Audit Policy treatment.

II. Jurisdiction

10. The parties agree to the commencement and conclusion of this cause of action by issuance of this Agreement, as prescribed by EPA's Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation or Suspension of Permits, 40 C.F.R. Part 22, and more specifically by 40 C.F.R. § 22.18(b).
11. Respondent agrees that Complainant has jurisdiction to bring an administrative action, based upon the facts which Respondent disclosed, for these violations and for the assessment of civil penalties from Respondent pursuant to EPCRA § 325, 42 U.S.C. § 11045.
12. Respondent hereby waives its right to request a judicial or administrative hearing on any issue of law or fact set forth in this Agreement and its right to seek judicial review of the proposed Final Order accompanying this Agreement. Nothing herein shall be construed as a waiver of the right to any administrative proceeding for, or judicial review of, any action taken by EPA to enforce this Agreement.
13. For purposes of this proceeding, Respondent admits that EPA has jurisdiction over the subject matter that is the basis of this Agreement.
14. Respondent neither admits nor denies the conclusions of law as set forth in this Agreement.

III. Statements of Fact

15. New Cingular is a corporation organized under the laws of the State of Delaware.
16. Pursuant to the EPA's Audit Policy, Respondent hereby certifies and warrants as true for all sites listed in Attachment A the following facts upon which this Agreement is based:
 - A. The violations were discovered through an audit;
 - B. The violations were discovered voluntarily;
 - C. Both the initial and subsequent violations were disclosed to EPA promptly and in writing;
 - D. The violations were disclosed prior to commencement of an agency inspection or investigation, notice of a citizen suit, filing of a complaint by a third party, reporting of the violations by a "whistle blower" employee, or imminent discovery by a regulatory agency;
 - E. The violations have been corrected in accordance with Paragraph 39.A. of this Agreement, and therefore Respondent is, to the best of its knowledge and belief, in full compliance with EPCRA sections 311-312, 42 U.S.C. §§ 11021-11022, and the implementing regulations, with respect to the violations set forth in this Agreement;

F. Appropriate steps have been taken to prevent a recurrence of the violations;

G. Except for the violations set forth in this Agreement, the specific violations (or closely related violations) identified in Attachment A have not occurred within three years before the date of disclosure identified in Paragraphs 4 - 8 above, at the same facilities that are the subject of this Agreement, and have not occurred within five years prior to the date of disclosure identified in Paragraph 4 - 8 above, as part of a pattern at multiple facilities owned or operated by Respondent. For the purposes of subparagraph G, a violation is:

(a) any violation of federal, state, or local environmental law identified in a judicial or administrative order, consent agreement or order, complaint, or notice of violation, conviction or plea agreement; or

(b) any act or omission for which the regulated entity has previously received penalty mitigation from EPA or a state or local agency;

H. The violations have not resulted in serious actual harm nor presented an imminent and substantial endangerment to human health or the environment and did not violate the specific terms of any judicial or administrative Final Order or Agreement; and

I. Respondent has cooperated as requested by EPA.

IV. Conclusions of Law

17. For purposes of this Agreement, Respondent is a group of persons as defined in EPCRA § 329(7), 42 U.S.C. § 11049(7), each of which is the owner or operator of facilities as defined in EPCRA section 329(4), 42 U.S.C. § 11049(4).
18. Section 311(a) of EPCRA, 42 U.S.C. § 11021(a), and the regulations found at 40 C.F.R. Part 370, require the owner or operator of a facility that is required to prepare or have available a material safety data sheet ("MSDS") for a hazardous chemical under the Occupational Safety and Health Act of 1970, 29 U.S.C. § 651 *et seq.*, ("OSH Act") and regulations promulgated under the OSH Act, to submit the MSDS, or in the alternative, a list of chemicals to the appropriate Local Emergency Planning Committee ("LEPC"), the State Emergency Response Commission ("SERC"), and the fire department with jurisdiction over the facility by October 17, 1987, or within three months of first becoming subject to EPCRA section 311 requirements.
19. Section 312(a) of EPCRA, 42 U.S.C. § 11022(a), and the implementing regulations found at 40 C.F.R. Part 370, require the owner or operator of a facility that is required to prepare or have available an MSDS for a hazardous chemical under the OSH Act, and regulations promulgated under the OSH Act, to prepare and submit an emergency and hazardous chemical inventory form containing the information required by the regulations at 40 C.F.R. Part 370 to the appropriate LEPC, SERC, and the fire department with jurisdiction over the facility by March 1, 1988, (or March 1 of the first year after the facility first becomes subject to EPCRA section 312 requirements) and annually

thereafter. The inventory form contains "Tier I" or "Tier II" information, pursuant to section 312 of EPCRA, 42 U.S.C. § 11022, and 40 C.F.R. Part 370.

20. Respondent's facilities are "facilities," as defined in section 329(4) of EPCRA, 42 U.S.C. § 11049(4), and 40 C.F.R. § 370.66, and subject to section 312 of EPCRA and regulations promulgated thereunder.
21. Diesel fuel, lead and sulfuric acid are "hazardous chemicals," as defined in sections 311(e) and 329(5) of EPCRA, 42 U.S.C. §§ 11021(e), 11049(5), and 40 C.F.R. §370.66. Sulfuric acid is also listed, in the appendices to 40 C.F.R. Part 355, as an "extremely hazardous substance" ("EHS"), as defined in 40 C.F.R. § 370.66.
22. As set forth in 40 C.F.R. § 370.10(a)(2), the reporting threshold amount for hazardous chemicals present at a facility at any one time during the preceding calendar year is ten thousand (10,000) pounds. The reporting thresholds, therefore, for diesel fuel and lead are ten thousand (10,000) pounds. Pursuant to 40 C.F.R. § 370.10(a)(1), the reporting threshold for "extremely hazardous substances" present at a facility is five hundred (500) pounds or the threshold planning quantity ("TPQ") as defined in 40 C.F.R. Part 355, whichever is lower. The TPQ for sulfuric acid is one thousand (1,000) pounds. The reporting threshold for sulfuric acid, therefore, is five hundred (500) pounds.
23. The information supplied by Respondent for the sites listed in the 2007 Final Audit Report indicated that for varying lengths of time during calendar years 2004, 2005 and 2006, Respondent had the extremely hazardous substance sulfuric acid and/or the hazardous chemicals diesel fuel and/or lead in excess of the reporting threshold amounts, present at the facilities listed in Attachment A.
24. The information supplied by Respondent for legacy CW sites in its 2005 and 2007 audit self-disclosures indicated that for varying lengths of time during calendar years 2001, 2002 and 2003, Respondent had the extremely hazardous substance sulfuric acid and/or the hazardous chemicals diesel fuel and/or lead in excess of the reporting threshold amounts, present at the facilities listed in Attachments A and B.
25. For purposes of this Agreement, Complainant hereby states and alleges that, based on the information supplied by Respondent to EPA, Respondent has violated the following requirements:
 - A. EPCRA section 311(a), 42 U.S.C. § 11021(a), and the regulations found at 40 C.F.R. Part 370, by failing to timely submit an MSDS for a hazardous chemical(s) or, in the alternative, a list of such chemicals, and/or an update with three months of new reporting information for 525 facilities, to the LEPC, SERC, and the fire department with jurisdiction over these facilities, identified in Attachments A and B; and
 - B. EPCRA section 312(a), 42 U.S.C. § 11022(a), and the regulations found at 40 C.F.R. Part 370, at 641 facilities, by failing to prepare and submit emergency and chemical inventory forms to the LEPC, the SERC, and the fire department with jurisdiction over each facility, identified in Attachments A and B.

V. Civil Penalty

26. EPA agrees, based upon the facts and information submitted by Respondent and upon Respondent's certification herein to the veracity of this information, that Respondent has satisfied all of the conditions set forth in the Audit Policy and thereby qualifies for a 100% reduction of the gravity component of the civil penalty that otherwise would apply for the 642 sites listed in Attachment A. Complainant alleges that the gravity component of the unmitigated civil penalty ordinarily would have been **\$6,707,924**. EPA alleges that this gravity component is potentially assessable against Respondent for these violations. Pursuant to the Audit Policy, EPA will waive 100% of the gravity-based penalties assessed for violations at the 642 sites listed in Attachment A.
27. Pursuant to the mitigation factors found in the *Final Enforcement Response Policy for Sections 304, 311 and 312 of EPCRA and Section 103 of CERCLA* (September 30, 1999), EPA has calculated a gravity component civil penalty of **\$67,963** for the 32 sites listed in Attachment B that did not qualify for penalty mitigation under EPA's Audit Policy.
28. Under the Audit Policy, EPA has discretion to assess a penalty equivalent to the economic benefit Respondent gained as a result of its noncompliance. Based on information provided by Respondent and use of the Economic Benefit ("BEN") computer model, EPA has determined that Respondent obtained an economic benefit of **\$57,765** as a result of its noncompliance in this matter for all the sites listed in Attachments A and B. Accordingly, the total civil penalty agreed upon by the parties for settlement purposes is **\$125,728**.

VI. Terms of Settlement

29. Respondent agrees to pay, within thirty (30) calendar days of issuance of the Final Order (i.e., the effective date of this Consent Agreement and attached Final Order), ONE HUNDRED TWENTY-FIVE THOUSAND AND SEVEN HUNDRED AND TWENTY-EIGHT DOLLARS (\$125,728.00) in satisfaction of the civil penalty.
30. For payment of the civil penalties, Respondent shall pay the amount of ONE HUNDRED TWENTY-FIVE THOUSAND AND SEVEN HUNDRED AND TWENTY-EIGHT DOLLARS (\$125,728.00) using one of the following instructions:
- A. Via U.S Postal Service regular mail of a certified or cashier's check, made payable to the "United States Treasury," sent to the following address:

United States Environmental Protection Agency
Fines and Penalties
Cincinnati Finance Center
Post Office Box 979077
St. Louis, MO 63197-9000
 - B. Via overnight delivery of a certified or cashier's check, made payable to the "United States Treasury," sent to the following address:

United States Environmental Protection Agency
Fines and Penalties

U.S. Bank
1005 Convention Plaza
Mail Station SL-MO-C2GL
St. Louis, MO 63101

The U.S. Bank customer service contact for both regular mail and overnight delivery is Natalie Pearson, who may be reached at 314-418-4087.

- C. Via electronic funds transfer (“EFT”) to the following account:

Federal Reserve Bank of New York

Account Number: 68010727
ABA Number: 021030004
SWIFT address = FRNYUS33
33 Liberty Street
New York, NY 10045

Field Tag 4200 of the Fedwire message should read “D 68010727
Environmental Protection Agency-New Cingular Wireless PCS, LLC,
Docket No. EPCRA-HQ-2007-6000.”

The Federal Reserve customer service contact may be reached at
212-720-5000.

- D. Via automatic clearinghouse (“ACH”), also known as Remittance Express (“REX”), to the following account:

PNC Bank
ABA No. 05136707
Environmental Protection Agency
Account 31006
CTX Format
Transaction Code 22 – checking
808 17th Street NW
Washington, D.C. 20074

The PNC Bank customer service contact, Jesse White, may be reached at
301-887-6548.

- E. Via on-line payment (from bank account, credit card, debit card):

Website: www.pay.gov

Enter “SFO 1.1” in the search field.

Open the form and complete the required fields (marked with an asterisk).

Under “Type of Payment,” choose “Civil Penalty.” Under “Invoice#” type “New Cingular Wireless PCS, LLC, Docket No. HQ-2007-6000” into the “Court # or Bill #” subfield.

Leave the other subfields blank. Under “Installments?” choose “No.”

Under “Region,” type “HQ.”

31. New Cingular shall forward evidence of the checks, wire transfers, and/or internet-based payments to EPA, within five (5) days of payment, to the attention of:

Mike Calhoun
Special Litigation and Projects Division (2248-A)
Office of Enforcement and Compliance Assurance
U.S. Environmental Protection Agency
1200 Pennsylvania Ave, N.W.
Ariel Rios Building, Room 3119C
Washington, DC 20460; and

Clerk, Environmental Appeals Board
U.S. Environmental Protection Agency
MC 1103B
Ariel Rios
1200 Pennsylvania Avenue, N.W.
Washington, DC 20460

32. Respondent's obligation under this Agreement shall end when it has paid the civil penalties in accordance with this Section of this Agreement.
33. Pursuant to 31 U.S.C. § 3717, EPA is entitled to assess interest and penalties on debts owed to the United States and a charge to cover the cost of processing and handling a delinquent claim. Interest will therefore begin to accrue on the civil penalty from the date of entry of the Final Order, if the penalty is not paid by the date required. Interest will be assessed at the rate of the United States Treasury tax and loan rate in accordance with 40 C.F.R. § 13.11. A charge will be assessed to cover the costs of debt collection, including processing and handling costs and attorney fees. In addition, a penalty charge of twelve (12) percent per year compounded annually will be assessed on any portion of the debt that remains delinquent more than ninety (90) days after payment is due.
34. As part of this Agreement, and in satisfaction of the requirements of the Audit Policy, Respondent has certified to certain facts, as delineated in Section III, Paragraph 16 of this Agreement. The parties agree that, should EPA receive information that proves or demonstrates that these facts are other than as certified by Respondent, the portion of this Agreement pertaining to the affected facility or facilities, including mitigation of the proposed penalty, may be voided, or this entire agreement may be declared null and void at Complainant's election, and EPA may proceed with an enforcement action.
35. The parties agree that Respondent preserves all of its rights should this Agreement be voided in whole or in part. The parties further agree that Respondent's obligations, agreements and waivers under this Agreement will cease, and be null and void with no effect, should this Agreement be rejected by the Environmental Appeals Board ("EAB").

VII. Reservation of Rights and Settlement

36. This Agreement and the Final Order, when issued by the EAB, and upon payment by Respondent of civil penalties in accordance with Section VI shall resolve only the civil and administrative claims specified in Paragraph 25. Nothing in this Agreement and the Final Order shall be construed to limit the authority of EPA and/or the United States to undertake any action against Respondent, in response to any condition which EPA or the United States determines may present an imminent and substantial endangerment to the public health, welfare, or the environment. Furthermore, issuance of the Final Order does not constitute a waiver by EPA and/or the United States of its right to bring an enforcement action, either civil or criminal, against Respondent for any other violation of any federal or state statute, regulation or permit.

VIII. Other Matters

37. Each party shall bear its own costs and attorney fees in this matter.
38. The provisions of this Agreement and the Final Order, when issued by the EAB, shall apply to and be binding on the Complainant, and Respondent, as well as Respondent's officers, agents, successors and assigns. Any change in ownership or corporate status of Respondent including, but not limited to, any transfer of assets or real or personal property shall not alter Respondent's responsibilities under this Agreement, including the obligation to pay the civil penalty referred to in Section VI.
39. Nothing in this Agreement shall relieve Respondent of the duty to comply with all applicable provisions of EPCRA, or other federal, state, or local laws or regulations, nor shall it restrict EPA's authority to seek compliance with any applicable laws, nor shall it be construed to be a ruling on, or a determination of, any issue related to any federal, state, or local permit.
- A. Although EPA is not requiring submission of inventory forms for previous reporting cycles in order to settle this matter, Respondent agrees to contact in writing, if it has not already done so, the SERC, or the equivalent entity delegated the authority specified in EPCRA § 301, 42 U.S.C. § 11001, for each State in which a facility is alleged to be in violation to determine whether submission of previous years of EPCRA § 312 inventory forms is required. This Agreement does not preclude or limit any state action regarding filing fees which may be owed or any other state action regarding Respondent's obligations under state law.
40. For the purposes of state and federal income taxation, Respondent shall not be entitled, and agrees not to attempt, to claim a deduction for any civil penalty payment made pursuant to the Final Order. Any attempt by Respondent to deduct any such payments shall constitute a violation of the Agreement.

The undersigned representatives of each party to this Agreement certify that each is duly authorized by the party whom he represents to enter into these terms and bind that party to it.

* Reporting Year is the calendar year for which the chemical inventory information is submitted under Section 312, and not the year during which the information is submitted. For example, a Section 312 chemical inventory report for Reporting Year 2009 concerns chemicals stored on-site during calendar year 2009, although the report is required to be submitted by March 1, 2010.
