## “Michelin X One tires saved us over \$4 million. And that’s just the beginning.”

Congratulations to Bruce and everyone at CFI. We’re proud to be the tire that helped them save nearly \$2000 per truck and win the 2006 SmartWay<sup>SM</sup> Excellence Award from the Environmental Protection Agency. As you can tell, Michelin® X One® wide singles aren’t just revolutionizing trucking by helping save you money, but significantly benefiting the environment by reducing emissions and fuel consumption by at least 4%\*. The extraordinary results X One tires can deliver are real, and the impact on both the environment and your bottom line represents the best of what Michelin is all about. How much will you save with X One tires?

Michelin. Improving your bottom line through innovation—that’s a better way forward.
