Appendix C: Basic Superfund Curriculum

The following is a list of courses that the Tribal Workgroup deemed essential as a basic background for tribal Superfund staff. All of the courses have been offered through regional offices, the CERCLA Training Center, or contractors. However, the courses will need to be modified to incorporate tribal perspectives and concerns.

CERCLA Orientation
Contract Management
Grants/Cooperative Agreement Management
Introduction to Superfund Enforcement
Project Management
Regulation Writing
40-Hour Health and Safety and 8-Hour Refresher
Public Participation
Preliminary Assessment/Site Inspection Training
Hazardous Ranking System
Quality Assurance Project Plan/Data Quality Objectives/Quality Assurance Management Plan
Sample Taking
Eco-Assessment
Risk Communication
Risk Assessment
SARA Title III 101
