

# Introduction to Section 319 of the Clean Water Act (CWA): Nonpoint Source (NPS) Management Program

## ***Session Dates and Times***

### **Session 1: July 22, 2009, 1:00–2:30pm Eastern \***

**Objective:** Discuss NPS pollution, common best management practices, and using section 106 or other funding (other than 319) to help implement a NPS Program.

### **Session 2: August 12, 2009, 1:00–2:30pm Eastern \***

**Objective:** Discuss 319 eligibility requirements and developing or revising NPS assessment and management plans.

### **Session 3: Date to be determined**

**Objective:** Discuss base and competitive funding processes and developing a good work plan.

### **Session 4: Date to be determined**

**Objective:** Discuss outreach and education tools to gain support for watershed assessments, watershed plans, and implementing management practices to address polluted runoff.

\* There will be an optional Question & Answer session from 2:30–3:00pm for each webinar session.

## ***Registration***

You must register in advance to attend the trainings. Participants must register for each session separately. For more information on how to register, visit the NPS Tribal Web site at [www.epa.gov/owow/nps/tribal/](http://www.epa.gov/owow/nps/tribal/). Information on registering may also be found on the Tribal Training Web site at [www.epa.gov/water/tribaltraining/CWAwebcasts.html](http://www.epa.gov/water/tribaltraining/CWAwebcasts.html).

**Certificate of completion:** A certificate of completion will be generated at the end of each training for all attendees who participate in the sessions. Participants must attend for the full duration of each session in order to receive certificates.

## ***Can't attend the live sessions?***

If you are unable to attend the live sessions, you will be able to access PDFs of the presentations on EPA's Tribal NPS Web site, as well as the Tribal Training Web site.

This training will provide instruction on select sections of the Clean Water Act. The materials used in this session are for instructional purposes only. The statutory provisions reflected in the Clean Water Act and Federal regulations contain the legally binding requirements.
