TO: All Employees

Fostering a diverse and inclusive work environment through equal employment is essential to our work and our service to the American people. I am proud to reaffirm the U.S. Environmental Protection Agency's commitment to equal employment opportunity in the workplace.

The EPA cannot and will not tolerate discrimination based on race; color; religion; sex, including pregnancy, sex stereotyping, gender identity or gender expression; national origin; sexual orientation; physical or mental disability; age; protected genetic information; status as a parent; marital status; political affiliation or retaliation based on previous EEO activity. The EPA also will not tolerate any type of harassment – either sexual or nonsexual – of any employee or applicant for employment. Employment decisions, including those related to hiring, training or awards, must be made in accordance with the merit-system principles contained in 5 U.S.C. § 2301.

I expect our management team to continue to provide first-class leadership in support of equal employment opportunities. I ask that EPA managers and employees take responsibility for treating each other with dignity and respect, reporting discriminatory conduct and preventing all types of discrimination, including harassment.

The EPA promotes the use of alternative-dispute-resolution methods to resolve workplace disputes or EEO complaints. Managers are reminded that their participation in agency-approved alternative-dispute-resolution efforts to resolve employee EEO complaints is required, absent extraordinary circumstances as determined by the Office of Civil Rights' director or designee.

Any employee, manager or applicant for employment who believes he or she has been subjected to discrimination has a right to seek redress within 45 calendar days of the alleged discriminatory event by contacting the EPA's Office of Civil Rights Employment complaints resolution staff at (202) 564-7272 or an EEO officer at the regional or laboratory level. The agency will review any finding of discrimination and, when necessary, take appropriate disciplinary or corrective action.

A professional, productive and inclusive workplace is essential to the EPA's mission to protect human health and the environment. Unlawful discrimination in the workplace, including retaliation and harassment, undermines our ability to achieve our agency's mission. I appreciate your shared commitment to equal opportunity at the EPA and look forward to continuing our work together.
