REVISÉD LÉTTÉR  
(b) (6)

February 21, 2013

SUBJECT: Sampling Results for Property at (b) (6)

Dear Resident:

You received an incorrect cover letter based on your sampling results. The enclosed letter is correct and we sincerely apologize for the error. The sampling results table you received is correct, but the original letter stated that your property had at least one high result, when in fact your property did not have site related contaminations which exceed a Removal Management Level.

The EPA is encouraging all property owners to contact us to discuss the attached data and/or the Superfund process. Please contact Stephanie Y. Brown, Community Involvement Coordinator, at (205) 326-8640, or by e-mail at [brown.stephaniey@epa.gov](mailto:brown.stephaniey@epa.gov), to schedule a convenient time to discuss your results.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Crowley".

You received an incorrect cover letter based on your sampling results. The enclosed letter is correct and we sincerely apologize for the error. The sampling results table you received is correct, but the original letter stated that your property had at least one high result, when in fact your property did not have site related contaminations which exceed a Removal Management Level. One note at the bottom of the table "**Bold – Shaded values are above the EPA RMLs dated December 2012**" has been removed since there are no exceedences on your property. All of the sampling results you received are correct.

The EPA is encouraging all property owners to contact us to discuss the attached data and/or the Superfund process. Please contact Stephanie Y. Brown, Community Involvement Coordinator, at (205) 326-8640, or by e-mail at [brown.stephaniey@epa.gov](mailto:brown.stephaniey@epa.gov), to schedule a convenient time to discuss your results.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Crowley".
