The reason for the meeting is for the NGOs to talk to all agencies together since the call last Th was just with EPA. They will also have the specific monitoring and reclamation plans and avoidance line maps by then so we can get their input on those items before finalizing. b

Subject Monday Agency/NGO discussion 1 PM

We are set to meet at the EDF office on Monday at 1 PM...for no more than 2 hours (we hope 1 will cover it).

The call-in number

866-740-1260

The access code is:

8812913

Becky...would you advise whomever else from EPA will join this call...I know Jennifer said she could not. Pete and Mike...I hope you can join us in the office, as that is always preferable to the phone when possible.
