Re: Approval of Community Involvement Plan (Revision 1.0), dated December 21, 2012
RCRA 3008(h) Administrative Order on Consent, Docket No. RCRA-04-2012-4255
Walter Coke, Inc., Birmingham, AL
AL 000 828 848

Dear Mr. Wiggins:

This letter is the approval of your recent submittal of the Community Involvement Plan (Revision 1.0) (CIP), dated December 21, 2012, and submitted in response to EPA comments on a previous version of this plan. This CIP was prepared by Terracon, Inc. on your behalf, in response to the September 2012 RCRA 3008(h) Administrative Order on Consent referenced above.

The EPA has reviewed the CIP and has determined that it meets the objectives of the 2012 Administrative Order on Consent. Therefore, the EPA **approves** this plan for implementation of community involvement activities associated with the Walter Coke RCRA project.

The EPA appreciates the efforts that Walter Coke has undertaken to prepare a plan that outlines community involvement actions that will correspond with the technical milestones of this project. Please contact Meredith Anderson, RCRA Corrective Action Project Coordinator, at 404-562-8608 or at anderson.meredith@epa.gov, if you have any questions about this letter.

Sincerely

A handwritten signature in black ink that reads "D. Karen Knight".

D. Karen Knight, CHMM, Chief
Corrective Action Section
RCRA Division
