**Subject:** Update re Explo  
**Date:** Thursday, April 17, 2014 2:13:00 PM

---

Good afternoon Josh,

I just wanted to provide you with a brief update concerning the Explo Site at Camp Minden in Louisiana. On April 15, 2014, the Army responded to the Unilateral Administrative Order (UAO) that EPA issued pursuant to Section 7003 of the Resource Conservation and Recovery Act (RCRA), 42 U.S.C. § 6973 on March 18th. The Army has requested a conference with EPA. EPA is in receipt of the Army's response and will arrange a conference with the Army, as provided by the UAO. I will continue to keep you updated on future developments concerning Explo.

Please let me know if you have any other questions.

LaWanda
