

Laboratory name:	Laboratory ICR ID (if applicable):
------------------	------------------------------------

**Method 1622/1623 Spiking Suspension Enumeration Form: *Cryptosporidium* *Giardia* (Circle One)**

Internal spiking suspension enumeration ID number (note on Line 7 of bench sheet)	
Source of stock <i>Cryptosporidium</i> oocyst/ <i>Giardia</i> cyst suspension	
Stock <i>Cryptosporidium</i> oocyst/ <i>Giardia</i> cyst suspension lot number	
Date that stock <i>Cryptosporidium</i> oocyst/ <i>Giardia</i> cyst suspension was received	
Date of this spiking suspension enumeration	
Analyst performing enumeration	

Well number (or hemacytometer chamber number if not using well-slide enumeration)	Oocysts/cysts counted
1	
2	
3	
4	
5	
6	
7	
8	
9	
10	

Time enumeration completed (samples must be spiked within 24 hours of enumeration)	
--	--

Mean of the 10 counts	
Standard deviation of the 10 counts	
Relative standard deviation	
Volume used per well (in $\mu\text{L}$ )
