Dear Ms. Heffner:

In 2011, Region III of the U.S. Environmental Protection Agency (EPA) conducted a review of Pennsylvania's Stormwater Program. Enclosed is EPA's final report on Pennsylvania's Stormwater Program.

This assessment included the review of three areas of the Pennsylvania Stormwater Program: Construction, Industrial and Municipal. EPA would like to thank the Pennsylvania Department of Environmental Protection (PADEP) for its cooperation in conducting this review and the comments on the draft report. EPA has incorporated or addressed most of your comments in the final report.

EPA looks forward to working with PADEP to develop a Management Plan to address any areas of concern that have been identified in this assessment.

If you have any questions, please call me or have your staff contact Mr. David McGuigan, Associate Director, Office of NPDES Permits and Enforcement at (215) 814-2158.

Sincerely,

A handwritten signature in black ink, appearing to read "Jon M. Capacasa".
