Ready for Reuse Determination

In recognition of the Shell Chemical Norco and Motiva Norco Refinery efforts to investigate and, where needed, remediate the Motiva/Shell Norco East Site in Norco, Louisiana (the "Property"), the Louisiana Department of Environmental Quality (LDEQ) and the United States Environmental Protection Agency (EPA) Region 6 together have determined that the Property is Ready for Reuse. As documented in the Ready for Reuse Determination Letter of May 26, 2004, the Ready for Reuse Determination is an acknowledgment that environmental conditions on the Property are protective of human health and the environment based on its current and anticipated commercial/industrial use.
