Present to

Syngenta Crop Protection, Inc.
Ready for Reuse Determination

The Louisiana Department of Environmental Quality (LDEQ) and the United States Environmental Protection Agency (EPA) Region 6 have determined that Block F-7 at Syngenta's St. Gabriel, Louisiana facility (the "Property") is Ready for Reuse.

As documented in the Ready for Reuse Determination Letter of January 24, 2007, the Ready for Reuse Determination is an acknowledgment that environmental conditions on the Property are protective of human health and the environment, based on its current and anticipated future use as a commercial and industrial operation.
