Subject re: RFR 04019A

Dear Mr. Cheatham:

Relevant to the Chamber's Request for Reconsideration (RFR 04019A) I call your attention to a forthcoming manuscript "**Improving Data Quality for Environmental Fate Models: A Least Squares Adjustment Procedure for Harmonizing Physicochemical Properties of Organic Compounds**" which will shortly be published in the journal, *Environmental Science & Technology*. The authors (Urs Schenker, Matthew Macleod, Martin Scheringer, and Konrad Hungerbuhler) are all located in the Safety and Environmental Technology Group, Swiss Federal Institute of Technology, ETH Honggerberg, CH-8093, Zurich, Switzerland. The corresponding author from whom EPA can obtain a copy of this scientific paper is: Martin Scheringer and his email address is: [scheringer@chem.ethz.ch](mailto:scheringer@chem.ethz.ch)

Best regards,

Walter Shaub
