SUPPLEMENTARY INFORMATION:

A number of tribes working on comments for the Clean Energy Incentive Program (CEIP) Design Details proposed rule (81 FR 42940; June 30, 2016) have asked for additional consultation to better understand the issues related to the interaction between state plans and projects on tribal land that may qualify for the CEIP. Because of the interest of a number of tribes, the EPA believes it is appropriate to extend the comment period to allow for the requested tribal consultations and to provide tribes time to incorporate any information from those consultations in their comments. The EPA is extending the comment period for the CEIP Design Details proposal by 60 days, to November 1, 2016.

Dated: August 25, 2016.

Stephen Page, Director,
Office of Air Quality Planning and Standards.
