All Requests Received Jun	e 1, 2017 - June 30. 2017				
Tracking Number	Requester Name	Organization	Received Date	Status	Description
EPA-R7-2017-009015	Russ Gulledge		06/30/2017 08:06:55 PM	Assignment Determination	We request the following information for work performed by Wastren under contract number EPS71508 (Madison County Mines). 1. Square Footage excavated for each property for the entire contract. 2. The depth of material excavated from each property for the entire contract. Typically this information is available in a spread sheet format. If a spreadsheet is available that includes the requested information, that will suffice for this request. If a spreadsheet is not available, any documents such as emails, billings, reports, maps or logs that discuss or describe square footage of areas excavated and depth of excavation is requested. The information we're looking for covers a two year span (2015 & 2016). However, the contract ended in 2017, so it's possible that the final report or final spreadsheet may be dated in 2017.
EPA-HQ-2017-009016	Tyler S. Foggatt	The New Yorker	06/30/2017 08:06:32 PM	Assignment Determination	Dear Freedom of Information Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I hereby request access to the following: All calendars and schedules of the EPA administrator Scott Pruitt from February 17, 2017 to the date that this request is processed. My request includes but is not limited to meeting agenda sheets, day calendars, travel itineraries, appointments, and Outlook calendars. This request encompasses both digital and physical records. Please search for responsive records regardless of format, medium, or physical characteristics. If you regard any of these documents as exempt from the FOIA's disclosure requirements, I request that you nonetheless exercise your discretion to disclose them. I will note that you are required under the FOIA to release all reasonably segregable nonexempt portions of documents containing information you regard as exempt. To permit me to reach an informed decision regarding whether or not to file an administrative appeal of any denied material, please describe any withheld records (or portions thereof) and explain the basis for your exemption claims. I would like to receive the information in the following format: electronic, as a searchable PDF if possible.
EPA-R2-2017-009017	Leah Werner	TRC Engineers, Inc.	06/30/2017 08:06:22 PM	Closed	Copies of records associated with the property located at 743-775 Main Street, Cairo, Greene County, NY 12413. Refer to attached figure for Site boundaries. Please provide all records associated with the status and description of any reported petroleum/chemical spills or tanks; copies of any record of decision regarding investigation of cleanup of site hazardous materials storage, generation and/or disposal; and detailed reports, regulatory noncompliance, documents and/or studies regarding any pollution problems at the site.

					This is a request under the Freedom of Information Act. I request all documents pertaining to the U.S. Environmental Protection Agency testing of drinking water in Dimock, PA in late 2011 and the first half of 2012. Specifically, I request the results of the tests from private drinking water wells serving 64 homes, including the results of two rounds of sampling at four wells where EPA was delivering temporary water supplies. I also request any reports, memos, or correspondence about the decision to test the water in Dimock, correspondence with the families about the decision to test or the results, and any audio or video created by the EPA as a result of the decision to test, the sampling results, or correspondence with Dimock residents. In order to help to determine my status to assess fees, you should know that I am a journalist and documentary filmmaker. This request is made as part of news gathering and reporting. I am willing to pay fees for this request up to a maximum of \$100. If you estimate that the fees will exceed this limit, please inform me first. Thank you for your consideration of this request. Sincerely, Phelim McAleer, Journalist

					Dear Sir or Madam: Under the provisions of the Freedom of Information Act, 5 U.S.C. 552, we are requesting copies of documents related to the Low Volume Exemption ("LVE") application that was filed on behalf of our client, Shikoku International Corporation, for TS-SHIK01 in support of the substance "Curezol 182PZ." This request is for all documents on file including, but not limited to, the application forms, attachment, and communication from EPA regarding the LVE. Insofar as they are subject to a deadline to produce the documents by July 9, 2017, we hope that this request can be processed as expeditiously as possible. Attached is a copy of a letter from Shikoku International Corporation authorizing our firm to act on its behalf. I hereby authorize the expenditure of no more than \$250 to obtain the requested documents. If the cost is expected to exceed the aforementioned amount, please contact me for further authorizations. The Taxpayer Identification Number for our firm is 52-198-0148. A copy of the requested documents can be sent to my attention at the address provided below: Lewis & Harrison, LLC 122 C Street NW, Suite 740 Washington, DC 20001 If you have any questions about the aforementioned request, please contact me at 202-393-3903 x111 or wmccombie@lewisharrison.com. Again, we appreciate anything you can do to quickly process and respond to our FOIA request. Sincerely, Wendy A. 					The Environmental Protection Agency ("EPA") administers the Renewable Fuel Standard ("RFS2") found at 40 CFR §1400 et seq. Pursuant to RFS2, parties are eligible to petition EPA for the establishment of a fuel pathway under the process established by 40 CFR §1416(a). Pursuant to 40 CFR §1426(c)(6), a party cannot generate RINs for a volume of fuel that uses renewable fuel as a feedstock, "except that RINs may be generated for such fuel if allowed by the EPA in response to a petition submitted pursuant to §80.1416 and the petition approval specifies a mechanism to prevent double counting of RINs." Please provide all documents relating to any petition submitted pursuant to §80.1416 for processes that use renewable fuel as a feedstock. Please provide all responsive documents received by EPA from January 1, 2010 to the present. To the extent that responsive documents exist for this request, please provide all such responsive documents that are not subject to claims of confidential business information ("CBI"). These non-CBI documents may be sufficient to fulfill this request. To the extent that additional responsive documents exist for this request that are subject to claims of CBI, please advise how many pages of such documents exist and how many distinct additional petitions under §80.1416 these documents relate to. Please advise if any clarification of this request would be helpful. Thank you for your

EPA-HQ-2017-008828	Kevin Bogardus	E&E News	06/26/2017 08:06:58 PM	Assignment Determination	In responses to previous FOIA requests, I have received EPA's congressional correspondence logs that identify specific pieces of correspondence between EPA and members of Congress by control number and congressional office. I am now requesting specific pieces of correspondence identified in those correspondence logs by control number and congressional office. Please include attachments, enclosures or any other documents that were provided with the piece(s) of correspondence in its original form. In addition, please provide all direct agency responses to the requested piece(s) of correspondence. I request the following piece(s) of correspondence listed by control number and congressional office: AL-17-000-7408 Rep. Pete Sessions

EPA-HQ-2017-008796	John T. Fox		06/26/2017 08:06:55 PM	Assignment Determination	Listed on this website are a series of settlement agreements that arise from the Notice of Violation of Renewable Fuel Standards File Number AED/MSEB #8061 (https://www.epa.gov/enforcement/e-biofuels-administrative-settlement-agreements) which invalidated 33,573,595 RINs produced by e-Biofuels. All 47 settlement agreements refer to a Schedule A; however, none is provided. 1) Please provide all Schedule A's for the 47 settlement agreements. 2) Please specify the date that these 47 settlement agreements were made public and/or posted on the website. 3) Were the parties to the settlement agreements required to provide replacement RINs for the invalidated RINs? If not, did the fines paid settle any requirement from EPA to replace the RINs. If there were replacement RINs, please provide the RINs that were provided by each of the 47 parties as replacement for the invalidated RINs in each of the settlement agreements. The total number of RINs included in the 47 settlement agreements is 30,296,864 leaving a difference of 3,276,731 based on the NOV issues in December 2013. 1) What company or companies are party to the 3,276,731 RINs? 2) Is EPA currently investigating or in negotations with said companies on the fines and penalties associated with holding the RINs? 3) What is the current status of these RINs?

					Dear Freedom of Information Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I hereby request access to the following: (1) Records of all communications between November 9, 2016 and the present between EPA employees and Carl Icahn, and/or anyone representing him. (2) Records of all communications between November 9, 2016 and the present between EPA employees and employees of the Executive Office of the President and/or the Trump transition team related to or mentioning Carl Icahn. This request encompasses both digital and physical records. Please search for responsive records regardless of format, medium, or physical characteristics. I seek records of any kind, including paper records, electronic records, audiotapes, videotapes, photographs, data, and graphical material. My request includes without limitation all correspondence, letters, emails text messages, facsimiles, telephone messages, voicemail messages, and transcripts, notes, agendas, or minutes of any meetings, telephone conversations, or discussions. My request also includes any attachments to emails and other records. Please note that my request applies to all emails, sent and received, on governmental addresses, as well as to all emails, sent and received, on governmental addresses, as well as to all emails, sent and received, on all other email addresses and accounts used to conduct official business. If you regard any of these documents as exempt from the FOIA's disclosure requirements, I request that you nonetheless exercise your discretion to disclose them. I will note that you are required under the FOIA to release all reasonably segregable nonexempt portions of documents containing information you regard as exempt. To permit me to reach an informed decision regarding whether or not to file an administrative appeal of any denied material, please describe any withheld records (or portions thereof) and explain the basis for your exemption

EPA-R2-2017-008774	Vanessa Kemp	Bryan Cave LLP	06/23/2017 05:06:45 PM	Initial Evaluation	(1) All documents, including reports, surveys, memoranda, correspondence, samples or data, in U.S. EPA's possession related to any investigation, remediation, or removal activities relating to the presence of thorium, uranium or other radionuclide material located at, on or under the 9524 and 9540 Niagara Falls Boulevard, Niagara Falls, NY 14304 properties ("NFB site") (EPA ID. No NYN000206699). This shall include any and all documents relied upon by U.S. EPA in preparing its "Site Profile" for NFB site, located online at https://response.epa.gov/site/site_profile.aspX?site_id=11033 in which U.S. EPA stated that "In 1978, the U.S. Department of Energy conducted an aerial radiological survey of the Niagara Falls region and found more than 15 properties having elevated levels of radiation above background levels. It is believed that, in the early 1960s, slag from the Union Carbide facility located on 47th Street in Niagara Falls was used as fill on the properties prior to paving. The Union Carbide facility processed ore containing naturally-occurring high levels of uranium and thorium to extract niobium. The slag contained sufficient quantities of uranium and thorium to be classified as a licensable radioactive source material. Union Carbide subsequently obtained a license from the Atomic Energy Commission, now the Nuclear Regulatory Commission, and the State of New York; however, the slag had been used as fill throughout the Niagara Falls region prior to licensing. Based on the original survey and subsequent investigations, it is believed that the radioactive Union Carbide slag was deposited on the NFB site." (2) All documents, including reports, surveys, memoranda, correspondence, samples or data, in U.S. EPA's possession related to any investigation, remediation, or removal activities relating to the presence of thorium, uranium or other radionuclide material located at, on or under the Holy Trinity Cemetery property, 5401 Roberts Avenue, L

					June 22, 2017 To Whom it May Concern: Pursuant to the Federal Freedom of Information Act, 5 U.S.C. § 552 (the "Act"), Cable News Network, Inc. ("CNN") documentation of all appointments made without Senate confirmation since January 20, 2017, including senior executive service appointments, schedule C appointments, and presidential appointments. Please include the name, title, date of hire, and termination date (if applicable). CNN agrees to pay reasonable duplication fees for the processing of this request in an amount not to exceed \$500. Please notify me prior to your incurring any expenses in excess of that amount. As a member of a news organization, I am requesting that fees be waived because release of the information is in the public interest and will contribute significantly to public understanding of government operations and activities. If CNN's request is denied in whole or part, we ask that you justify all deletions by reference to the specific exemptions of the Act. CNN will also expect you to release all segregable portions of otherwise exempt material. CNN reserves the right to appeal your decision to withhold any information. If you have questions regarding this request, please contact me as soon as possible by email at Rene.Marsh@Turner.com or by phone at 202-777-7249. As I have made this request in the capacity as a journalist and this information is of timely value, I would appreciate your expediting the consideration of this request in every way possible. In any event, I look forward to your reply within 20 business days, as the Act requires. Thank you for your assistance. Sincerely,

EPA-HQ-2017-008697	Eric W. Quintanilla	ERS	06/21/2017 08:06:11 PM	Research Records	Hello, Good afternoon. I wanted to request the latest version of the Risk Management Plans. This database contains facilities that have developed risk management plans as reported by the Environmental Protection Agency. The System for Risk Management Plans (SRMP) is a suite of electronic systems containing information relating to risk management plans submitted by facilities in accordance with the Clean Air Act, Section 112(r). Affected facilities are to develop risk management programs which will prevent and minimize consequences of accidental releases of certain hazardous chemicals that could harm public health and the environment. We last received this database in February 2016 (EPA-HQ-2016-002827). Please let me know if you need further clarification. Thank you for your assistance. We are requesting copies of any Clean Air Act or PSD enforcement letters sent out since April 1, 2017 to Birla Carbon, 1800 West Oak Commons Court, Marietta, Georgia 30062-2253. Please let me know if you need any additional

					Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request access to the VERA-VSIP (early retirement and buyout) plan submitted by U.S. EPA to OMB. I request these records for the period from January 20, 2017 to the most recently available date at the time of processing this request. I would like to receive the information in electronic format. I agree to pay reasonable duplication fees for the processing of this request in an amount not to exceed \$25. However, please notify me prior to your incurring any expenses in excess of that amount. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. This information is being sought on behalf of Los Angeles Times for dissemination to the general public. Please waive any applicable fees. Release of the information is in the public interest because it will contribute significantly to public understanding of government operations and activities. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am
					making this request as a journalist and this information is of timely value, I

					This is a request under the Freedom of Information Act. I hereby request copies of the following records: We are requesting records regarding an EPA consent agreement and final order in 1988 with De'Longhi USA, the manufacturer of a consumer oil-filled space heater. See the attached article in the EPA Journal, Vol. 14, No. 4, May 1988, p. 36. The Agency determined that some of approximately 500,000 heaters distributed in the US by De'Longhi contained oil contaminated by PCBs. We are also attaching two newspaper articles about the situation, indicating that possibly the original discovery of PCBs was made by Environment Canada. I am specifically asking for copies of the following documents: 1) Technical documents regarding the extent and nature of the PCB contamination and any risk assessment. 2) A copy of the Consent Decree and Final Order. 3) All correspondence with De'Longhi about the matter. 4) All documents regarding the recall of the heaters in question if not included in #3. I understand that the documents are probably archived and effort will be needed to locate the documents. Note that we briefly spoke with Jenny McLeod in OLEM/ORCR, who indicated that there may be documents in more than one office, including her office. If the documents are voluminous, we might consider viewing the documents before requesting copies. Please let us know about this situation if appropriate. I do have a commercial interest in this request, as I represent a consumer who has filed a legal claim against the manufacturer of the oil filled heater due to a fatal fire, and this consumer may have been exposed to PCBs when oil leaked out of the heater. However, there is also a public interest in this request. See the Expedited Processing Request. I am willing to pay fees for this request up to \$1,000. If you estimate that the fees will exceed this limit, please inform me before processing my request. If you

EPA-R4-2017-008633	Daniel O. Reddy	Naval Reactors Facility	06/20/2017 06:06:05 PM	Assignment Determination	Hello, My name is Daniel Reddy. I am a student conducting a summer research project at Naval Reactors Facility on PCB extraction. I came across an article that referenced an experimental study conducted by Stewart at ORNL in 1988 validating EPA Method 3541 (SOXTEC extraction) in comparison to EPA Method 3540 (Soxhlet extraction). These are the references for the documents that are seemingly impossible to find: Stewart, J. EPA Verification Experiment for Validation of the SOXTEC PCB Extraction Procedure, Oak Ridge National Laboratory, Oak Ridge, TN, 37831-6138, October 1988. Stewart, J. Intra-Laboratory Recovery Data for the PCB Extraction Procedure. ORNL, Oak Ridge, TN 37831-6138. October 1989. I have been in touch with the ORNL librarian, who has also contacted an EPA librarian, but neither has been able to locate these documents. My study is attempting to reconcile EPA Methods 3540 and 3541 as part of my summer internship at NRF. Having copies of these documents is very important to the progress of my study because I would like to model my study based on the Oak Ridge study. Since they were sent to EPA for verification, I hope that these documents can be obtained. Thank you, Daniel Reddy
					Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request the following information: The most recent draft of the forthcoming EPA report, "Planning for Response Actions at Abandoned Mines with Underground Workings: Best Practices for Preventing Sudden, Uncontrolled Fluid Mining Waste Releases Reference Document." This draft was described to be by title by Nancy Grantham, EPA Office of Public Affairs, in a June 16, 2017, email. Ms. Grantham said a draft was completed as of June 16, 2017. I would like to receive the information in electronic format. I will also expect you to release all segregable portions of otherwise exempt material. I reserve the right

EPA-HQ-2017-008606	Keith Heidecorn		06/20/2017 01:06:00 PM	Assignment Determination	I did some research on the SDWIS Federal Reports website (https://ofmpub.epa.gov/apex/sfdw/f?p=108:1:::NO:::) and was trying to locate the 2005 data. However, the archives only go back to 2013. I was told by Renne Morris who is the Data Analysis Team Lead (Infrastructure Branch) of the Drinking Water Protection Division from the Office of Ground Water and Drinking Water to submit a FOIA for my request: I wanted to see if I could obtain the SDWIS Federal Reports for 2005. In particular, I am looking for the individual "Population Served Count" for the large and very large PWS's from 2005. For example, AL0000029 (Daphne) the population in 2016 was 25,968 and I am looking for the 2005 population served for this PWS; as well as all the other large and very large PWS's from 2005. Thank you!
					Documentation of implementation and confirmation of removal action at LOTTA STUFF 2040 Williams Street San Leandro CA. Indicated to have been completed following the 7/12/2004 'Action Memo: Request for time-critical removal action, w/attch & Daniel Meer Region 9 (Doc ID 2027594) see attached. Although the removal action would have been costly and lengthy, I have been able to find

EPA-R9-2017-008605	Laura Cash		06/20/2017 01:06:00 PM	Closed	I am interested in purchasing a property that used to be a dry cleaners. It hasn't been in business for several years now. I talked to the owner and he said that years ago the EPA did some testing and one of the samples came back .001 higher then it should have. Shortly after that he closed down for other reasons. I would like to know where this property stands as far as the EPA is concerned. I don't want to purchase it discover it needs expensive testing done. I have searched the state records and they don't have anything on this property. The information I have on this property is listed below. Thank you, Laura Select Cleaners 628 S. 8th Ave. Safford, Arizona 85546 Van Talley- owner

EPA-R4-2017-008610	justin b. jones	Readle Diago	06/20/2017 01:06:00 PM	Assignment Determination	trying to find out who has been calling the N.C. eap on me for burning yard debris in my yard in robenson county. about a month ago I started getting the robenson county epa man coming to my house saying someone was calling the N.C. epa on me for burning yard debris in my yard which happens to be in the county not the city. which in the county you can burn yard debris. the man from robenson county epa said he didn't see a problem with what I was doing because the county allows that. well next thing I know I start having the robenson county epa man at my house every day for a week straight because someone was calling in to the N.C. epa saying I was burning shingles and bringing yard debris from jobsites and burning it in my yard. I happen to work for a tree service which has its own dump spot for debris so none was coming to my house but whoever was calling wasn't calling the robenson county eps they where calling the N.C. epa instead and said they had watched us bring the debris in from other jobsite and had dates and times. well we explained to the robenson county epa that we hadn't and he tried telling the N.C. epa man that but he called him a lier and said he knew for a fact that we were bring it in from other jobsites but yet the N.C. epa said he had never been by my house he was only going by what he was been told by the person telling it. the problem got so bad that I put a pile of yard debris in a pile left to go to work and it got set on fire and my water was cut off at the road so It couldn't be put out at that point the N.C.C epa said if I didn't get it straighten out he was going to have air quality fine me \$15,000. I'm trying to find out who did it so I can take them to court for harassment, stalking , and tampering with my water.

					This is a request under the Federal Freedom of Information Act (FOIA), the First Amendment to the United States Constitution, the common law of the United States, the Privacy Act (5 U.S.C.) section 552a, and any statute providing for public access to government information: I request copies of all records created by Administrator Scott Pruitt's Superfund task force regarding suggested changes to the Superfund and brownfields programs, including meeting minutes, correspondence between task force members and draft recommendations. I ask that these records be provided to me in electronic form to scarignan@bna.com or via compact disc to the address provided below. If there is a large number of files, I ask that I be permitted to inspect the documents. Please include any phone calls, call logs, call sheets, Skype calls or videos, emails, letters, hand-written notes, day calendars, memorandums, meeting agenda sheets, text messages, voice and video recordings and other documented forms of communication regarding this issue. If possible, I would prefer to receive the largest number of records or documents in electronic form. I am seeking this information, which is of current interest to the public, because of Administrator Pruitt's recent focus on prioritizing the Superfund program. This request is made as part of the news gathering process, and not for commercial use. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I would appreciate your communicating with me by email or telephone at 703-341-3708, rather than by mail, if you have questions regarding this request. I look forward to your reply within 20 business days, as the statute requires. Thank you for your assistance. Sincerely, Sylvia Carignan Reporter Bloomberg BNA

EPA-R10-2017-008484	Thomas J. Madsen	Port Discovery Seafarms	06/16/2017 01:06:00 PM	Assignment Determination	Background: Port Discovery Seafarms has suffered, on more than one occasion, massive losses of shellfish: adult, juvenile and metamorphosing. The events were coincident with restoration projects (funded by the EPA) in Discovery Bay. Rep. Kilmer has sponsored "the Discovery Bay Quality Assurance Project Plan" which will provide information vital to Port Discovery Seafarms. In 2016 the entire Port Discovery Seafarms seed crop was lost; the window for planting the 2017 crop is fast closing. The EPA began investigation in 2015 and has twice collected samples at Port Discovery Seafarms, This FOIA request is for any and all information learned, acquired and /or compiled from those expeditions. This information is necessary to make informed planting decisions. For each of the two "Discovery Bay Quality Assurance Project Plan" expeditions to Port Discovery Seafarms please provide any and all: Field notes Log entries Sample custody records Sample analysis Raw data from any and all analysis Any other records or compilations Any communications with any Person, Entity, Shellfish Grower, Academic or Contractor that discussed in any way the expeditions. This information is urgently needed.

					Our organization NRU is a non-profit owner association made up of all customers of this water system which was constructed as a development requirement in Lincoln County WY. Request: Violation documentation associated with Nordic Ranches Water LLC including all notices of violation and related information since 2012 -including water quality, significant deficiency notices, etc. (Water System WY5601418). We are only aware of Violation 2016-1010 re water quality which we have found listed on the website but for this violation, we seek a copy of the required notice to customers, along with proof of any publications, and the certificate of service signed by Nordic Ranches Water, LLC. Nordic Ranches Water is current seeking application for a CPCN with the WY Public Service Commission. We are filed Intervenors to the action pursuant to concerns under the CPCN application for management sufficiency and practice, adequate procedures, and for a request of all necessary inclusion of necessary correction of insufficiency of the system. We need all information associated as soon as possible for inclusion in our prefiled testimony exhibits, etc. In addition, we are the customers and the public simultaneously and need

EPA-R4-2017-008414	Rachel B. Whitmer	Apex Companies	06/14/2017 03:06:09 PM	Assignment Determination	Good evening, On behalf of MPS Lebanon, LLC, Apex Companies, LLC is evaluating all units at the commercial property located at 103 Physician's Way, Lebanon, Tennessee for a Property Condition Assessment. We kindly ask your office to provide any information and documentation of code compliance, certificates of occupancy, building permits, or construction drawings you may have for the property. In addition, please provide any information regarding underground or above ground storage tanks, spills, or calls for emergency response at the property. Please provide me with an email address or phone number of a contact if your office does not have this information, but you know where it can be found. Please reference the Site Name "SITE NAME" in all correspondence regarding this project. Feel free to email or reach me at any of the numbers below should you have any questions or comments. I would like to request (1) EPA's 10/05/2005 Special Notice Letter sent to Delphi Automotive Systems in connection with the South Dayton Dump & Landfill
EPA-R5-2017-008407	Joshua B. Niemtzow	Langsam Stevens Silver & Hollaender	06/14/2017 02:06:47 PM	Research Records	Superfund Site and (2) Mark Hester's 12/7/2005 letter to EPA in response to the aforementioned 10/05/2005 Special Notice Letter. As you will see, these two documents are referenced in Delphi's 12/22/2005 Supplemental Response to the U.S. EPA 104(e) Information Request dated 3/29/02
EPA-HQ-2017-008408	Judah Phillips		06/14/2017 02:06:16 PM	Closed	I would like to download a copy of the entire SDWIS data warehouse. All tables and data. I am not looking for instructions for on how to use the EPA site or the RESTFul API. I don't want to query endless times to get the data. I am simply looking for the ability to access a copy of the data set. I don't want API instructions. I am asking for a copy of the entire SDWIS be put on a file share and be made available via SFTP (or other file transfer protocol) an exact copy of SDWIS of the SDWIS (sometimes also called SDWIS FED or SDWISFED) database that EPA maintains regarding public drinking water systems. Again, I am asking for a full data set download of SDWIS- a full data export of all the data in all the tables and all fields inn SDWIS- unless there is a specific exemption in the law for the information in that field. I want to download a file or set of files in an electronic, machine-readable standard data export format possible such formats include Microsoft Excel (.csv, .xls or .xlsx) or Access (.mdb), .dbf database files, or delimited ASCII text (tab-, semicolon-, pipe-, or commadelimited). I would like ideally one file to download that represents all of SDWIS again not the API or the web site query interface. To simplify the effort and limit your staff's workload, any data that is stored separately in relational tables may be supplied in separate individual electronic files along with the appropriate unique identifying fields that are meant to be used to join the information in a database system. Please also include any data dictionaries, code definitions, schema descriptions or other documentation required to accurately import and interpret the records.
					Site Address is 69-20 48th Avenue, Woodside, NY 11377 (Also can be searched as 6920 48th Avenue, Flushing, NY 11377) Block 2434/Lot 16. Requesting information in regards to underground tanks, chemical storage, health risks,

EPA-HQ-2017-008391	Emily Holden	E&E News	06/13/2017 08:06:29 PM	Assignment Determination	June 13, 2017 National Freedom of Information Officer U.S. Environmental Protection Agency 1200 Pennsylvania Avenue, NW (2822T) Washington, DC 20460 To Whom It May Concern: This is a request under the Freedom of Information Act (FOIA). I request all records concerning communications between U.S. EPA and federal or state agencies or outside parties since Jan. 20, 2017, about the Clean Power Plan, also known as Standards of Performance for Greenhouse Gas Emissions from Existing Sources: Electric Utility Generating Units under Section 111(d) of the Clean Air Act. Please include any phone calls, call logs, call sheets, Skype calls or videos, emails, letters, hand-written notes, day calendars, memorandums, meeting agenda sheets, text messages, voice and video recordings and other documented forms of communication between U.S. EPA and federal agencies, state officials and outside parties, including think tanks, NGOs, trade groups, companies, legal counsel, and/or the Republican Attorneys General Association. If possible, I would prefer to receive the largest number of records or documents in electronic form. I am filing this FOIA request as a "representative of the news media" since I am a reporter for Energy and Environment News. This designation entitles me to a waiver of fees accumulated during the actual search and review process. Nevertheless, if your agency does determine that I should be charged for any part of this request, please contact me before estimated costs exceed \$25. This request is made as part of news-gathering activity and is not for commercial use. The information responsive to this FOIA request will contribute to the public's understanding of your agency and the government at large. This information is not in the public domain but once your agency responds to this FOIA request, it will be printed on our website, www.eenews.net, which has more than 40,000 unique visitors a day. We expect the information that

					This letter serves as a formal request for information under the Freedom of Information Act, 5 U.S.C. § 552. We request the following documents pertaining to the February 8, 2017 Informal Resolution Agreement between the U.S. Environmental Protection Agency (EPA) and the Georgia Department of Agriculture (GDA), which resolved External Civil Rights Compliance Office (ECRCO) Complaint No. 02NO-16-R4: 1. GDA's final draft of its written procedures to ensure meaningful access to all of GDA's programs and activities by all persons, including access by persons with Limited-English proficiency (LEP) 2. GDA's final draft of its written procedures to ensure meaningful access to all of GDA's programs and activities by persons with disabilities 3. GDA's final draft of its grievance procedures for complaints filed under the federal non-discrimination statutes 4. Any documents or other materials concerning language access sent between the EPA and the GDA from February 8, 2017 to June 13, 2017. As these documents were drafted by a state agency, rather than a U.S. government agency, they are not exempt from disclosure under 5 U.S.C. § 552(b)(5); 5 U.S.C. § 551(1) ("agency' means each authority of the Government of the United States."). Moreover, the requested documents were drafted by a state agency to fulfil its obligations with respect to an informal resolution agreement with the EPA. Because the informal resolution agreement concluded the EPA's investigation and decision-making process, and because the GDA prepared the documents to create state procedures, rather than to assist the EPA in policymaking, the requested documents are not protected by the deliberative process privilege. All documents can be provided to us

	I				
					I: Requested Records Visitor/Meeting Headquarters Sign-In Sheets From February 2017 Through June 2017. I am requesting copies of the visitor/meeting sign-in sheets for the Environmental Protection Agency's headquarters office from February 17, 2017, through June 9, 2017. The security officers at the headquarters front desk should maintain the requested records. II: Background Since January 2014, The U.S. Department of the Interior has made the visitor/meeting sign-in sheets for their headquarters office readily make these sheets available without redactions for monthly public inspection on their online FOIA library portal. Office of Solid Waste and Emergency Response Directive number 9833.3B stated that, "each regional office should have a reading area where visitors are able to review the record files. The records file must be available during reasonable business hours. [] The public reading area should include, wherever feasible:[] Sign-in book." In addition, The EPA's annual financial report stated, "the building has a guard sitting in the lobby 24 hours/7 days a week and non-duty hours access to the building is restricted and monitored through a sign-in sheet." Given the preceding, the requested documents should be provided to American Bridge 21st Century
EPA-HQ-2017-008342	Kathleen Casey	American Bridge 21st Century	06/12/2017 08:06:25 PM	Assignment Determination	without redactions and in a timely manner.

					Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request: all Ethics recusal or counseling memos issued by the agency since Jan. 20, 2017. I would like to receive the information in the following format: electronic. As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. This information is being sought on behalf of ProPublica, an independent non-profit news organization, for dissemination to the general public. Please waive any applicable fees. Release of the information is in the public interest because it will contribute significantly to public understanding of government operations and activities, specifically the determination of potential conflicts of interest of federal employees with decision-making authority over public policy, and the resolution of these conflicts by Designated Agency Ethics Officials. As a non-profit journalistic entity, ProPublica does not have the same commercial interests of other news organizations. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the Act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone, rather than by mail, if you have questions regarding this request. I also ask that this request be expedited under terms of the Freedom of Information Act. Expedited processing is allowed for requests that show a "compelling need," and ProPublica is primarily engaged in disseminating information, with an urgency to inform the public concerning federal

EPA-R2-2017-008297	James Cressy	Cider Environmental	06/12/2017 04:06:15 PM	Closed	Requesting any information regarding storage of toxic or hazardous materials, permits, inspections, violations, environmental sampling performed on the property, etc. for the property located at 1035 Old Country Road, Westbury, NY 11590 (District 2289: Section 11; Block 328; Lot 112).
					Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request access to and copies of seven letters that were sent in April from members of Congress to the Environmental Protection Agency (EPA) as well as any responses the EPA may have sent back to those members of congress. The seven letters I am referencing are as follows: Sen. Bill Nelson (D-Fla.) 4/18/17 AL-17-000-7704 Rep. Edward Royce (R-Calif.) 4/18/17 AL-17-000-7703 Sen. Dianne Feinstein (D-Calif.) 4/18/17 AL-17-000-7705 Rep. Lou Correa (D-Calif.) 4/12/17 AL-17-000-7705 Rep. Lou Correa (D-Calif.) 4/12/17 AL-17-000-7412 Rep. Jackie Speier (D-Calif.) 4/3/17 AL-17-000-6994 Rep. Dana Rohrabacher (R-Calif.) 4/27/17 AL-17-000-8032 Please send me copies of these seven letters that are listed in the above chart. Please also send me copies of any responses that the EPA may have sent for each of these respective letters. I would like to receive the requested information in electronic format preferably, although hard copies of the documents are acceptable. I agree to pay reasonable processing fees for the processing of this request up to the amount of \$49. Please notify me prior to your incurring any expenses in excess of that amount. Through this request, I am gathering information on that is of current interest to the public. This information is being sought on behalf of Bloomberg BNA for dissemination to the general public. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to

					This request concerns sediment and water quality pollution in Discovery Bay on
					the Olympic Peninsula in the State of Washington. Background On June 5, 2017
					Burt Shephard, an EPA Region 10 employee, explained to me in a telephone call
					that the EPA had identified a water sampling location in Discovery Bay located
					North of Beckett Point. Mr. Shepard described this site as being an Oyster Farm
					known as "Snow Creek." Mr. Shepard represented that the site is operated by
					the Jamestown Tribe and listed on marine charts. (I am the owner Snow Creek
					Shellfish LLC and do not operate a shellfish farm near Beckett Point.) EPA
					Region 10 provided me a document titled Discovery Bay Quality Assurance
					Project Plan ("Plan") dated May 2017 and prepared by the EPA Region 10. The
					document lists Margo Young as the Project Manager. The Plan identifies twp
					water quality sampling locations: one at my property and one near Becket Point
					that is identified as both as SNOW CREEK on a map (fig.1) and as "SNOW CREEK
					OYSTERS" in the text of the document (paragraph 2.2.1). FOIA Request Please
					produce any and all public records containing information in the Plan that about
					the Snow Creek or Snow Creek Oyster site related to: Any and all records that
					describe location, ownership and operations at the site listed as "SNOW CREEK"
					or "SNOW CREEK OYSTERS" in the Plan. 2. Any and all communications with any
					Person or Entity that reference in any way: "SNOW CREEK (Fig 2.1), "SNOW

					Request for copy of the Univ. of California RFA proposal evaluation scoresheet. During a conference call with Mr. Mike Holloway on the EPA grant we applied for, we felt it was important for us to request a copy of the comments so we can improve on our proposal for future grant applications. We made such a request and Mr. Holloway responded with the following information: "During your recent RFA grant proposal debriefing, you requested a hard copy of the full reviewers' consensus score/evaluation sheets of your University of California Berkeley grant proposal. As indicated, I've contacted the EPA Office of Grants and Debarment (OGD) to obtain clarification on the policy about giving hard copies of the reviewers' consensus scoresheets to applicants. OGD has confirmed that the applicants would need to submit a Freedom of Information Act (FOIA) request to the EPA for the consensus evaluation scoresheets. The scoresheets will not be released without the submission of a FOIA request from the applicant. " Here is the detailed grant application information. We are grateful if you could share a copy of the evaluation scoresheet on the grant we applied for. EPA RFA: EPA-OAR-ORIA-17-02 Applicant name: Linda Neuhauser (Lead) and Jason Su Applicant organization: The Regents of the University of California Proposal title: Evidence based indoor environmental risk reduction strategies and enhanced national

Barton Seitz	Baker Botts LLP	06/07/2017 01:06:00 PM	Assignment Determination	Requester expressed an interest in seeing any additional VI reports that may have been generated after EPA's response to their FOIA request in December of 2015 and January 2016. Please let me know if there were any other reports to be forwarded on. re. Macon Naval Ordnance Plant (MNOP) site, Macon, Bibb County, Georgia. See Attachments
EPA-R9-2017-008139	Jennifer Manibusan	MRHFM Law Firm	06/07/2017 01:06:00 PM	Closed	This letter is to request a search for all records relating to asbestos complaints, violations, investigations, citations, testing, documents, reports, correspondence, surveys, air samples, and studies regarding Western Talc Company Inc.'s talc mine located near Tecopa, CA, which was later purchased by R. T. Vanderbilt Co., Inc. pursuant to The Freedom of Information Act (FOIA), 5 U.S.C. 552, as amended, which requires open access to government records.
EPA-R1-2017-008146	Daniel Dabrowski	Loureiro Engineering Associates	06/07/2017 01:06:00 PM	Closed	To Whom it May Concern, I am filing this request for all records (if any exist) on file and all information available, including current action files (pending orders), maintained for the following properties located in West Hartford, Connecticut under the zip code of 06117 and having the physical address of: 660 Mountain Road 660 Mountain Court 27 Fairfield Road 29 Huntington Drive 12 Jensen Court 16 Old Oak Road 11 Avondale Road or otherwise known as: Gledhill Nursery Diamac Inc. Parkville Auto LLC Pride Fuel Co. Joe Forty Davidson My request covers all records maintained by the EPA on RCRA (including but not limited to Corrective Action requests, RCRA Facility Assessments, Solid Waste Management Units, Part B Permit Cells if any), TCSA inspections, Hazardous Waste Corrective Action Requests, permitting, CERCLA, Federal and/or State Superfund, Air Quality, Water Pollution Control, SARA Right to Know (Title III), Emergency Response Notifications (ERNS) Facility Index System Database, and any relevant information for the property from 1970 to the present, including any information on investigations currently in progress. In case any documents pertaining to the above property are withheld from public record, I am requesting that these documents be identified as to the subject, date, author and reason for the claim of privilege. The purpose of this request is to allow Loureiro Engineering Associates (Loureiro) to obtain all necessary information to complete an environmental audit of the above property. Loureiro is a professional corporation conducting studies, reports, and design work in the area of environmental engineering. Sincerely, Loureiro Engineering Associates, Inc. Daniel Dabrowski Senior Geologist

					(1) You indicated that, since responding to your request in full will require extensive search, collection, and review, you would like Region to first focus on searching for the following:
					a. Complaints from the citizens mentioned in your request to EPA that could be found in the following EPA databases: the Report a Violation (RAV) database; the National Response Center (NRC) database; and the Eyes-on-Drilling Database.
					b. Any EPA response to those complaints, including investigations of those complaints and reports
					(2) You indicated that you were not seeking the specific names of people who made the complaints (which the Agency would redact under exemption 6 as protected privacy information).
					(3) You indicated that you were willing to pay up to \$250 in fees for this portion of the response
					(4) I provided you the number of a FOIA request similar to yours, which has been partially responded to by EPA Headquarters Offices (EPA-R3-2016-008785), which may include information responsive to your request.
EPA-R3-2017-008176	Angela Kilbert	Babst Calland	06/07/2017 01:06:00 PM	Initial Evaluation	(5) You agreed to a 14 day extension for EPA to provide a response to your request (as narrowed above). The Agency would be providing a response on July 6, 2017.

					This application under the FOIA requests information on three Superfund sites in Johnson County, Indiana. The S01©(3) non-profit, Edison Wetlands Association, Inc. (EWA) requests a file review of the complete administrative records at any EPA repositories on: Webb Wellfield, C.R. 200 N and N. 400 E, Franklin, IN Amphenol Products Company Plant at 980 Hurricane Road, Franklin, IN Atterbury Reserve Forces Training Area, Hospital Road, Edinburgh, IN This includes files held by the EPA and any other agency, including but not limited to: the ATSDR, DOH, DOD and any and all state and federal agencies. This request covers all media including electronic, paper, messages, notes, emails, video and audio regarding the referenced sites. The EWA has been dedicated to protecting human health and the environment via education, action, and public awareness since 1989, and has provided technical assistance to communities throughout the US. The EWA is partnered with stakeholders in the Johnson County, IN region, including those affiliated with Trevor's Law (S.50). The EWA is working to acquire, review, and disseminate information about the aforementioned sites in simple-to-understand language to stakeholders through fact sheets, newsletters, presentations, and other media. This will improve meaningful public participation in federal and state-led Superfund processes in Johnson County. The requested information will also give local wealth-challenged families the tools needed to improve communication with the EPA, the Indiana Dept. of Environmental Management (IDEM), and other agencies. The reason for review of the complete administrative record from both the removal and remedial branch is that it will provide understanding and certainty of the contents of the administrative record. This request will significantly contribute to public understanding of the Superfund process, and EPA and other government agencies' roles in the

EPA-HQ-2017-008060	Talia Buford	ProPublica	06/05/2017 03:06:13 PM	Closed	Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request: An electronic copy, or a paper copy if an electronic copy is not available, containing the text of each Title VI complaint filed with the EPA's External Civil Rights Compliance Office, including each regional office dated between 05/01/2017 and 05/31/2017; Text of each resolution dated between 05/1/2017 and 05/31/2017- including dismissals, referrals, and any other documents not posted online - issued by the ECRCO relaying the disposition of any Title VI complaint. I would like to receive the information in the following format: electronic. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the Act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone, rather than by mail, if you have questions regarding this request.

					This request under the Freedom of Information Act concerns the Ringwood Mines Superfund Site in Ringwood, New Jersey. The 501©(3) charity, Edison Wetlands Association (EWA), requests a file review of the entire administrative record for the Ringwood Mines Superfund Site at any EPA repository. The EWA has been the facilitator of the Ringwood Community Advisory Group (CAG) for over a decade, and has recently assisted the community with reformation of the CAG. A review of the entire administrative record will give EWA the tools it needs to create fact sheets, newsletters, presentations, and other media, in simple-to-understand language, so that the community members, including those new to the CAG or the site as a whole, can have meaningful participation in the upcoming CAG meetings. The reason for the review of the entire administrative record is many members of the community have raised concerns that there is a significant amount of the administrative record that is not in designated repositories, either in the Ringwood Town Hall or Ringwood Library, as required under the Community Involvement Plan. EWA is providing technical assistance to the CAG at no cost; documents contained within the administrative record will also be reviewed by technical advisor(s) for dissemination to the CAG. This request will significantly contribute to public understanding of the Superfund process, the United States Environmental Protection Agency, and other government agencies' roles in the
					remediation of the site. This time-sensitive file review request is especially
					critical as EWA chairs and serves as the neutral facilitator for the Ringwood

ЕРА-HQ-2017-007993	Shaheen Ainpour	NPR	06/02/2017 06:06:15 PM	Assignment Determination	Dear FOIA Officer: I am a journalist with NPR. Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, we request access to and copies of the report submitted to the Administrator of the Environmental Protection Agency from the Environmental Protection Agency's Regulatory Reform Task Force as required by Executive Order 13777. We would like to receive the information in electronic format by email attachment. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. I would appreciate your communicating with me by email or telephone, rather than by mail. I look forward to your determination regarding my request for expedited processing within 10 calendar days, as the statute requires. Thank you for your assistance. Sincerely, Shaheen Ainpour

Lindsay Garner	Herndon Solutions Group	06/01/2017 03:06:14 PM	Assignment Determination	Herndon Solutions Group, LLC (HSG) is under contract with the Bureau of Land Management (BLM) to conduct a Phase I Environmental Site Assessment (ESA) of land located at the former Wendover Air Force Auxiliary Field (AFAF) near West Wendover, Nevada. This land, which is identified in the attached diagram as the " Immediate Transfer Area" (Attachment A), consists of a northern portion located within Township 33 North, Range 70 East, and a southern portion located in Township 32 North, Range 69 and Range 70 East. This land is currently proposed to be relinquished by the United States Air Force (Air Force) to the BLM, and will subsequently be transferred to the City of West Wendover. These two areas together comprise the Subject Property which is the focus of this ESA. HSG would like to obtain copies of documents pertaining to the Wendover AFAF site (also referred to as the Utah Test and Training Range South, Nevada (UTTR South, Nevada) site or FUDS No.: J08UT1001). A waste water treatment plant is located onsite at 101 South Alt. Highway 93 A, West Wendover, NV 89883. Additionally, it was noted that Jerry Cross was the U.S. EPA Project Manager for the Wendover Air Force Auxiliary Field (Formerly Used Defense Site) in 2004. If you need additional information to help locate files, please do not hesitate to contact us. Many thanks,

EPA-HQ-2017-007909 EPA-HQ-2017-007908	Joshua Learn Emily Berman	S&P Global Market Intelligence Union of Concerned Scientists	06/01/2017 02:06:30 PM 06/01/2017 02:06:07 PM	Assignment Determination Assignment Determination	To the Environmental Protection Agency FOIA Office, I hope all is well. I'd like to make a request under the Freedom of Information Act. I am writing to seek documents showing communications with the U.S. EPA administrator Scott Pruitt regarding coal in the first week of his tenure at the position. I'd like a copy of any documents, meeting notes and meeting schedules, recorded meetings or phone calls and any other communications that may have occurred to or from the administrator of the U.S. EPA Scott Pruitt that mention the word "coal" between February 17, 2017 and February 24, 2017. I would prefer to receive these documents in electronic form, if possible. I'm a financial coal reporter for S&P Global Market Intelligence, formerly known as SNL Financial, an online trade publication covering energy and this request is made as part of news gathering and not for a commercial use. I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in my commercial interest. The knowledge of the relationships between the head of the U.S. EPA and the coal industry is exceedingly important to the public. I lintend to disseminate this information through SNL Energy's news page, as well as via free link on our Twitter accounts, which are widely viewed by the public. I look forward to your timely response with a determination letter within the allowed 20 business days, which is by June 29, 2017, by my calculation. Thank you for your consideration. Sincerely, Name Joshua Learn Phone: 703 373 0660 Fax: 703-373-0159 Email: Josh.Learn@spglobal.com S&P Global Market Intelligence 1700 North Moore Street 11th Floor, Suite 1110 Arlington, VA 22209 See attached document From the period October 14, 2015 to present please provide any and all communications between Brenda Bachman (EPA region 10 Risk Assessment) and an

FPA-HO-2017-007898	loshua Copper		06/01/2017 01:06:00 PM	Assignment Determination	United States Environmental Protection Agency June 1, 2017 Office of the Secretary 1200 Pennsylvania Avenue, N.W. Washington, DC 20460 Submitted online Re: Public Records Request This is a request under the Freedom of Information Act for a copy of United States Environmental Protection Agency administrator Scott Pruitt's daily calendar from May 2, 2017 to the date of this request. I am also requesting copies of all travel reports, records of travel authorizations, travel arrangements, per diems, reimbursements, sources of funds, miscellaneous expenses, travel responsibilities, modifications to tickets issued through the department's travel management center, and any other record of Pruitt's travel during the same period. I prefer to receive records in electronic format. Due to the time-sensitive nature of this request, I will hold the Environmental Protection Agency to a strict 20 business-day timeline for a response unless the agency notifies me in writing of extenuating circumstances that necessitate an extension by ten business-days. Please provide a written statement of the grounds, including specific provisions of FOIA, for denying, redacting, or withholding any records responsive to this request. Please alert me if you expect the cost of duplicating this request to exceed \$200. You may contact me with questions at (630) 687-5951 or jfcooper24@gmail.com. My address for correspondence is PO Box 34614, Washington, DC 20043. Thank
