

On This Day, October 22, 2003

**Oklahoma Corporation Commission
U.S. Environmental Protection Agency, Region 6**

Present to

CITY OF SAYRE, OKLAHOMA
Ready for Reuse Determination

In recognition of the City of Sayre's efforts to investigate and remediate 19 underground storage tank sites (the "Properties") under the Community Project, the Oklahoma Corporation Commission (OCC) and the United States Environmental Protection Agency (EPA) Region 6 together have determined that the Properties are Ready for Reuse. As documented in the Ready for Reuse Determination Letter of October 22, 2003, a Ready for Reuse Determination is an acknowledgment that environmental conditions on the Properties are protective of human health and the environment based on their current and anticipated commercial/industrial use.

**Oklahoma
Corporation Commission**
