| | | | | (see uploaded PDF document for complete request) Cogency Global Inc. (Cogency Global) hereby requests from EPA any and all information, including correspondences, related to the applications submitted by Intech Pharma Pvt. Limited for products containing aluminum phosphide (CASRN 20859-73-8) which may have pending registration numbers 92448-1, 92448-2, and/or 92448-101. Cogency Global is not requesting any confidential information, such as Confidential Statements of Formula, but would also like to request the registration jackets for these pending registrations should any of these applications be approved while this FOIA request is pending. Documents responsive to this request likely will be maintained by the Office of Pesticide Programs. This office is identified solely to assist EPA in responding to this request and is not intended to limit the scope of this request in any way. Documents responsive to this request may be maintained by other EPA offices and divisions, and any such documents expressly are included within the scope of this request. Cogency Global understands that some of the documents responsive to this request may have to undergo confidential business information (CBI) review. Cogency Global requests that any responsive documents that do not have to undergo CBI review be provided to us as soon as possible. If for any reason you determine that portions of the requested information are exempt from disclosure under FOIA, please delete the allegedly exempt material, inform us of the basis for the claimed exemption, and furnish us with copies of those portions of the document that you determine not to be exempt. Cogency Global consents to such deletion at this time to facilitate your prompt response and in no way waives our right to appeal any determination that you may make regarding the applicability of any FOIA exemptions to the requested documents and information. I would like the organization names (who owns the facility) linked to each facility ID, current and historical, and the year(s) or dates for which each link applies. If you happen to have an organization identifier like a duns number that would be great too. From talking to Susan Smiley, who has been very helpful, I believe you have accurate historical information on facility and organization names back to 2008. Hopefully this is just a very large data dump for your program. Duplicates are not a problem. Please contact me at 443-889-2927 if you have questions. This is for a research project on climate change and the proposal has been accepted at an upcoming top conference so speed is greatly appreciated. Thank you! |

| EPA-R9-2018-000753 | Priya Menon | Ms. | 10/18/2017 21:10 | This is a request under the Freedom of Information Act. I hereby request copies of the following records. I am requesting all communication and records (including but not limited to written and audio/video records) between Environmental Protection Agency (EPA), National Institute of Environmental Health Sciences (NIEHS) and Fogarty International Center (FIC) on the impact of Global Climate change on public health. I would like to know how global climate change has impacted public health in the 21st century and its anticipated impact to human health in the future. Environmental impact to include direct effect of heat, sea level rise, changes in precipitation that lead to flooding and drought, more powerful hurricanes and storms, deteriorating air quality, and increased exposure to toxic environmental pollutants including persistent organic contaminants, metals, and pesticides. I want a better understanding of how climate change can directly and indirectly influence human health and records to show the efforts made by EPA, NIEHS and FIC to reduce or prevent illness and death. In addition to agency records, any communications, research, publications will also be helpful. I am looking to obtain relevant, recent and current information (2010 to current). If the amount of records are too high and significant then you may reduce the time frame to the past 2-3 years (2014 to current) As the FOIA requires, please release all reasonably segregable nonexempt portions of documents. If you have any questions regarding this request, please contact me at 714-401-6677 and/or priya.m.panicker@gmail.com. I look forward to receiving your response within the twenty-day statutory time period. Thank you for your consideration of this request. | EPA-HQ-2018-000725 | Francesca Fionda | | 10/18/2017 19:10 | Dear Freedom of Information Officer, I am a journalist based in Vancouver, British Columbia requesting the following information through the Freedom of Information Act. A copy of any records, correspondences (internal and external), including but not limited to draft reports regarding or mentioning environmental fugitive Peter Martin Kuhn. According to the EPA website, "Peter Martin Kuhn was the president and Chief Executive Office of French Gulch (Nevada) Mining Corporation and Bullion River Gold Corporation. Kuhn allegedly engaged in a conspiracy to illegally dispose of mining wastes containing hazardous concentrations of arsenic and lead by dumping those wastes onto the hillside and County Road surrounding the mine, which included public lands owned by the Bureau of Land Management, and on at least one occasion, into a nearby stream." The search may be restricted to records sent or received by any method between January 2010 - present day. If information is not available within the parameters we have requested, please contact me as soon as possible so we can modify the request. As soon as any significant part of this request is completed, please send that part of the information and records to me, rather than waiting until all the responsive records are compiled and sending them all at once. If possible, I would like the information to be delivered electronically via email. Please excuse me from the requirement to pay any fees for the fulfillment of this request, as per the justifications in below. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. I look forward to your reply within the timeframe the statute requires. If you wish to negotiate this request, please call or write me. Thank you for your assistance, Francesca Fionda |

I've noticed that there are days when these trails appear in the sky. I know they are not con trails, because the trails stop and start abruptly. Some say they are chemtrails to suppress global warming or climate change. If this is true, why is this continuing in Trump's administration? It's turning our skies from a beautiful healthy blue to a nasty gray. I've seen planes actually take turns not normal for commercial aircraft and once turn around and return. I have seen normal trails from commercial traffic that disappear within minutes, laced with these other trails What are these and why is this continuing?</p> |

| EPA-R3-2018-000597 | Georgia Kirkpatrick | CBRE | 10/16/2017 17:10 | To Whom It May Concern: I am submitting this document request pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552 et seq. This request concerns the United States Environmental Protection Agency's ("USEPA") files concerning the Lower Passaic River Study Area portion of the Diamond Alkali Superfund Site. The Lower Passaic River Study Area is defined as the 17-mile stretch of the Lower Passaic River and its tributaries from the Dundee Dam to Newark Bay ("LPRSA"), located in and about Essex, Hudson, Bergen, and Passaic Counties, New Jersey. In particular, pursuant to FOIA, I request a copy of all information EPA and any consultants utilized in connection with the July 13, 2017 memorandum titled "Congener Analysis" authored by Edward Garland, P.E. (HDR, Inc.) to Eugenia Naranjo and Alice Yeh of EPA Region 2 ("Memorandum"). A copy is attached for your reference. Specifically, I request all underlying data, calculations, tabulations, spreadsheets, analyses and figures used to develop the Memorandum, including the individual samples used to calculate the mean and background congener concentration profiles used in the analysis associated with the Memorandum for the former Givaudan Roure Corporation site located at 125 Delawanna Avenue, Clifton, NJ (EPA Superfund Site identification no.: NID002156354) and the former Diamond Alkali Chemical Company site located at 80-120 Lister Avenue, Newark, NJ (EPA Superfund Site Identification Number: NID980528996). Please also provide individual data points that comprise the mean values HDR, Inc. used for all source terms in the Memorandum. I ask that you contact me at your earliest convenience to discuss arrangements for providing the requested documents. This firm will of course take responsibility for any necessary copying and/or shipping charges. Your prompt attention to this matter is greatly appreciated. Thank you for your anticipated cooperation. Sincerely, Rob La Gravenis |

| | | | | <p>Dear Regional Freedom of Information Officer: Please produce records of the following types in the EPA's possession, custody, or control: (1) A complete copy of the EPA's contract with CH2M Hill Constructors, Inc., including all changes, modifications and amendments, for remediation services at the USS Lead Superfund site in East Chicago, IN. (2) A copy of the EPA's contract files for the USS Lead Superfund site. (3) From 2017 to the present, all communications related to changes, modifications, or amendments to the contract for remediation services at the USS Lead Superfund site, including communications between the EPA and CH2M Hill, or the EPA and CH2M Hill's subcontractors. (4) From 2015 to the present, records identifying the funding available for remediation services in zone 3 of the USS Lead Superfund site. (5) All soil screening tests, including XRF tests, related to zone 3 of the USS Lead Superfund site. (6) All records, including communications, related to the topsoil, backfill, or other fill material that the EPA has approved for use in zones 2 and 3 of the USS Lead Superfund site. If you decide to invoke any FOIA exemptions in response to this request, please include sufficient information for me to assess the basis for each asserted exemption. For example, if the EPA withholds a record (or portion of a record) under FOIA exemption 4, please identify why the EPA believes disclosure of the record is likely to cause substantial competitive harm. This information will help me decide whether to appeal an adverse determination. Thank you for your attention to this FOIA request. Please send me responsive records on a rolling basis as the EPA's search for – or deliberations concerning – certain records should not delay the production of other records that are ready for production. Please do not hesitate to call or email me to clarify the request or otherwise expedite and simplify your efforts to comply.</p> |

| | | | This is a request for any document, including but not limited to emails, award letters, Contracting Officer Consent request, agency approval that discloses the value of a subcontract that was awarded under a USEPA Region 5 Remedial Action Contract (RAC). More specifically, Sultrac (a Joint Venture between Tetra Tech and SCT) under their EPA RAC awarded a subcontract to Environmental Quality Management (EQM) for the Jacobsville Neighborhood Soil Contamination Site OU 2 Project 4. This is a residential remediation project in Jacobsville, IN where lead and arsenic contaminated soils are to be remediated. The award was made sometime between 10/10/17 and 10/16/17. The work performed under this contract will be fully funded by the government and as such, the total value of the contract cannot be considered proprietary information. We do not require all documentation in the agencies possession. Any single document as listed above or otherwise that discloses the value of the aforementioned award will suffice. |

| EPA-HQ-2018-000360 | Daniel Van Schooten | Project On Government Oversight | 10/11/2017 17:10 | I certify to be true and correct to the best of my knowledge and belief, that there is widespread and exceptional media interest and there exist possible questions about the government's integrity, which affect public confidence. As travel costs from various federal agencies come to light, there is growing public concern about the government's integrity as it spends taxpayer dollars. This subject has already led to the resignation of a cabinet secretary, which has further undermined public confidence in the ability of the government to wisely spend the taxpayers' money. As the use of military planes for travel follows different procedures and has different implications than the use of chartered planes, it is important that such travel be differentiated from other trips as quickly as possible. |

| EPA-HQ-2018-000284 | Thomas Ripp | private citizen | 10/10/2017 19:10 | I am requesting a data pull from RCRAInfo Similar to the ones Lauren Jones (in the Office of Compliance) would do for me when I worked for the EPA. Not all of the data I'm requesting is available in ECHO and thus the data request. The data pull should require little time and effort (less than two hours) since Lauren Jones already has the query select logic for the data I'm requesting. I would like the output provided in Microsoft Excel format and it can be e-mailed to me at the address provided. I would like CEI data from the last ten full federal fiscal years. The data fields I'd like included in the pull are: Region, State, Handler ID, Handler Name, Location Address, Location City, Primary NAICS, Secondary NAICS, Active Site, Generator Status, TSD Type, Transporter, Evaluation Date, Evaluation Agency, Evaluation Responsible Person, Responsible Person Name, Found Violation, Sampling, Evaluation Notes, Violation Type, Determined Date, Determined By Agency, Compliance Schedule Date, Actual RTC Date, RTC Qualifier, Violation Notes, Enforcement Type, Enforcement Date, Docket Number, Enforcement Agency, Enforcement Responsible Person, Proposed Penalty Amount, Total Final Penalty, SNY date, CA Component, Enforcement Notes. Again the request should take less than two hours to complete. If Lauren Jones or anyone else has any questions please give me a call. |

| | | | <p>My company is performing a full environmental records review on the Hercules 009 Landfill superfund site on behalf of an adjoining property owner. The landfill has EPA ID No. GAD980556906 and is located to the east of GA Highway 25 Spur in Brunswick, Glynn County, Georgia. We need to review as much as we can regarding the former landfill operation and all soil/groundwater investigations/results since contamination was discovered. Helpful information would include historical landfill/property operation summaries, maps/diagrams/descriptions of releases; media impacted by releases; groundwater flow directions; remediation efforts completed; sample locations/data, controls; hazardous materials handled on-site; etc. I've attached parcel and aerial maps showing the location of the Hercules 009 Landfill to be reviewed. NOTE – there is a second Hercules facility also in Brunswick, GA occasionally referred to as the Hercules Terry Creek Dredge Spoil Site with EPA ID No. GAD982112658. We do not need files on the Terry Creek site, JUST THE 009 LANDFILL.</p> |

Unless that October 1993 manual is still the most current revision, I request an electronic copy of the most current revision of the EPA's RCRA Inspection Manual, or applicable RCRA Inspection guidance document, that is used in Region IV for RCRA inspections. In the event that the October 1993 revision is the most current RCRA Inspection guidance document, I request confirmation of that fact.</p> |

I understand that there may be costs associated with this request. I ask that you to contact me by e-mail at researchinfo@dnc.org before making copies if this request will cost in excess of \$50, as I would then request a waiver of fees. My preferred reproduction format is an electronic file e-mailed to me at researchinfo@dnc.org. If this is not possible, I request that you provide access to these records electronically via an FTP site, or mail electronic copies of the records to me on removable media, such as a CD or flash drive. If none of these delivery methods are possible, I request that you mail paper copies of the records to me at the address provided above. I appreciate you communicating with me by e-mail at researchinfo@dnc.org rather than by mail or telephone, if you have questions regarding this request. If all or any part of this request is denied, please cite the specific exemption which you believe justifies your refusal to release the information and inform us of your agency's administrative appeal procedures available to me under the law. Thank you for your assistance in this matter. Sincerely, Lauren Dillon</p> |

| | | | <p>It has come to our attention that hundreds of damaged, sunk, and derelict vessels are being removed from waterways in the wake of Hurricane Irma. Many of these boats will be considered salvage but will end up back on the market tp unsuspecting buyers which could jeopardize their safety on the water. We are requesting a list of hull ID and/or state registration numbers of all vessels recovered by the EPA and partnering agency in the removal process in order to ensure they are not sold as clean boats, since Florida does not issue salvage titles on boats. We appreciate your consideration of our request.</p> |

| EPA-R4-2017-011863 | Emily Little | Apex Companies, LLC | We are requesting a document referenced in the links below. This was an internal report titled "Operation Bootstrap" distributed by the Hooker Chemicals Corporation regarding their Niagara Falls facility. The report was conducted in 1975 but then appears to be distributed in 1979. The EPA had a copy of this report which is what we are requesting. Operation Bootstrap, a 1975 company management study of the Niagara Plant documenting obsolete equipment, substandard environmental conditions and massive discharging of waters into sewers leading to the Niagara River. "The 1975 Report, called 'Operation Bootstrap', was prepared by internal engineers and doctors for the Hooker Chemicals and Plastics Corp., a subsidiary of Occidental Petroleum." https://www.newspapers.com/newspage/160831662/ The 1975 report, called "Operation Bootstrap", was prepared by internal engineers and doctors for the Hooker Chemicals and Plastics Corporation, subsidiary of Occidental Petroleum. It was obtained by The New York Times, television station WKBW in Buffalo and Michael Brown, an environmental writer, from a supervising engineer who was dismissed two years ago, allegedly for complaining about unsafe emissions from the plant. According to Michael J. Bayliss, the former supervising engineer for plant efficiency who released the report, it was Hooker company policy "not to tell workers the dangers of the chemicals they worked with." |

Lists of attendees, copies of presentations and any related data, information or communication resulting from this meeting are sought under this item. b.) Other documents being sought include all correspondence, memos containing reviews and comments or requests for additional investigations regarding site-related reports, work plans submitted to EPA Region 4, presentations at meetings, etc., which have been sent to or from RCRA or Superfund personnel in EPA Region 4 regarding the Grenada MFG site, the Moose Lodge Road site or the Eastern Heights subdivision. Electronic responses are much more desirable than paper copies of the documents and information being sought in this request. I would like to review environmental files (records, reports, permits, etc.), if available, related to the 14.7-acres property located in the Lehigh Valley Industrial Park (LVIP) VII at Easton Road in the City of Bethlehem, Northampton County, PA 18015. This property is located on Lot 55, which has been subdivided from original Lots 53-56. This property is bound by a quarry and Lot 56 to the north, Lower Saucon Sportsman's Association to the east, and Easton Road to the south. The current owner of the property is LVIP. A map of the property boundary (shown in yellow) is included. |

| EPA-R2-2017-011644 | Marzena Sobilo | Atlantic Environmental Solutions, Inc | 9/19/2017 21:09 | On September 14, 2017, a joint ProPublica-Texas Tribune publication noted that the U.S. Environmental Protection Agency (EPA) took air samples around a Valero Energy refinery, after Hurricane Harvey came through and residents complained of rotten stench. The EPA did not release any specifics to the public, but said "concentrations of several toxic chemicals, including the carcinogen benzene, met Texas health guidelines." Thus, pursuant to the Freedom of Information Act (5 U.S.C. § 552), I hereby request all records related to EPA's benzene air sampling conducted in the atmosphere surrounding the Valero Energy refinery following Hurricane Harvey. There is only one Valero Refinery in Houston, and the address for it is: 9701 Manchester St, Houston, TX 77012. I also request a copy of the benzene air sample test results. The date range I am interested in is August 26, 2017 to the present. I would like these records in a searchable and analyzable electronic PDF format, if that is feasible. |

| EPA-R6-2017-011643 | Alison Grass | Food & Water Watch | 9/19/2017 20:09 | <p>• All records pertaining to ethics recusals or counseling memos issued between agency ethics officials and agency political appointees between January 20, 2017, and the date this request is ultimately fulfilled. These include o Records pertaining to all recusal memos and recusal agreements issued by agency ethics officials or by individual agency employees to agency ethics officials, and; o All counseling or ethics memos issued to agency employees by agency ethics officials interpreting 18 USC § 208(a), or the restrictions under Executive Order #13770, or the restrictions under 5 CFR Part 2635, Subpart D (entitled "Conflicting Financial Interests"); Subpart E (entitled "Impartiality in Performing Official Duties"); and Subpart G (entitled "Misuse of Position"). This request adopts the definition of "political appointee" provided in Executive Order 13770, "Ethics Commitments by Executive Branch Appointees," which is as follows: "Every full-time, non-career Presidential or Vice-Presidential appointee, non-career appointee in the Senior Executive Service (or other SES-type system), and appointee to a position that has been excepted from the competitive service by reason of being of a confidential or policymaking character (Schedule C and other positions excepted under comparable criteria) in an executive agency. It does not include any person appointed as a member of the Senior Foreign Service or solely as a uniformed service commissioned officer." Executive Order, sec. 2(b).</p> <p>I am writing to narrow the scope of my request EPA-R6-2017-011641, in order to speed up its processing time.</p> <p>I am only asking for the data points for benzene. In other words, I am requesting:</p> <p>The EPA air monitoring data referenced in this EPA press release from September 8, 2017: https://www.epa.gov/newsreleases/epatceqcity-houston-harvey-update. The data were gathered by EPA's mobile laboratory ("TAGA"), on September 5 and September 6, 2017, in the neighborhood next to the Valero refinery in southeast Houston. The requested data were represented on two EPA-released maps, but the maps do not show individual data points or measurements. I am requesting all of the available air-monitoring data associated with the benzene measurements taken over those two days, including but not limited to the date and time of each benzene measurement; the measured concentration of benzene in each measurement; the unit(s) the benzene concentrations are measured in (e.g. ppb or micrograms/cubic meter); the wind direction; the wind speed; the duration of each measurement; the detection limit of each measurement; and the geographic coordinates of where each measurement was taken. The fields listed in the previous sentence are representative of the data associated with a typical air monitoring dataset—if there are additional fields included in the data, please include them as well. I am simply requesting all of the benzene data associated with the cited TAGA runs on September 5-6, 2017.</p> <p>Request for E.P.A Records related to any Investigation of Larry Robert Griffin and/or the property located at 500 McCormick Road, Little Elm, Texas 75068 from January 1, 2010 to the Present. | EPA-HQ-2017-011630 | Mary E. Greene | Environmental Integrity Project | 9/19/2017 18:09 | FOIA Request (September 19, 2017) from CEOH, LLC (Steven H. Lamm, MD, DTPH) to EPA FOIA Office. Authors from the EPA and authors under contract to EPA published the article "Relationship between arsenic concentrations in drinking water and lung and bladder cancer incidence in the U.S. counties"; by Mendez WM et al. in the Journal of Exposure Science and Environmental Epidemiology (2017 May;27(3):235-243). I request a copy of the data set that underlay the published analyses. Please include in the data set the FIPS numbers for each entry as that is not privileged confidential information and is essential for the purpose of confirming the validity of the data set. It is not clear that the published analyses are either correct and valid or that they are the only correct and valid interpretation of the underlying data. I request that the data be sent as a spreadsheet that I can analyze in excel and in STATA. I do not use SAS or SPSS. All the underlying information has been collected by federal governmental agencies and belong in the public domain. How EPA personnel and contractors have organized and used that information using federal funds also belongs in the public domain. This information does not fall within the nine exclusions, including the ninth exclusion on geological information on wells. I am requesting information on the water that comes from the wells and on either the geological nature of the well or the geographical coordinates of the well. The underlying data on the arsenic contents of the waters of the wells has already been publicly released by the USGS. I am requesting the EPA data from the aggregation of the USGS data. I request a fee waiver and expedited processing on the bases explained in the attached copy of my complete FOIA request. |

| EPA-HQ-2017-011562 | Michaelangelo C. Hamilton | | 9/18/2017 22:09 | This letter is a request in accordance with the Freedom of Information Act ("FOIA"), 5 U.S.C. 552. And the corresponding department/agency. The request is made by myself, Mr. Michaelangelo C. Hamilton, behalf of the public domain and for noncommercial purposes. In summation, this request seeks all records relevant to current U.S. strategy to combat anthropogenic climate change and all Executive Orders made by President Donald J. Trump in this regard. Background The media has reported extensively on the policy rollbacks and Executive Orders President Donald J. Trump made days after inauguration. As the Washington Post reported on February 20th, 2017, "President Trump is preparing executive orders aimed at curtailing Obama-era policies on climate and water pollution, according to individuals briefed on the measures." The American people have the right to know more about the United States' strategy to handle climate change and the official scientific and logical rationale for these decisions being made by the Trump administration. Pursuant to FOIA, 5 U.S.C. § 552 et seq., I hereby request that the Environmental Protection Agency produce the following within twenty (20) business days: Requested Records For the purposes of this request, the term "record" shall apply to all information qualified under 5 U.S.C. 522, including but not limited to, any unedited scientific findings, charts, logs, memorandums notes, writing of any kind, policies, procedures, guidelines, agendas, handouts, reports, transcripts, video, audio recordings, photos, or other material. The term also includes all related information formed, stored, received, or delivered in any digital or electronic form, including but not limited to, electronic mail, instant messaging, or Facebook messaging, iMessages, text messages, or any other form of communication in relation to U.S. strategy on climate change under the Trump Administration. Thank you for your consideration |
| EPA-HQ-2017-011560 | Douglas Mackenzie | | 9/18/2017 22:09 | Dear EPA: I request copies of records under the Freedom of Information Act (5 U.S.C. 552) containing data that refers to and/or describes the dispersal of materials in the atmosphere visible over Monterey County, California on September 16, 2017, including but not limited to, the composition(s) of the materials dispersed and the quantities of each material dispersed. On information and observation, I have probable cause to suspect that the materials dispersed include at least Welsbach and Welsbach-like materials (such as the oxides of metals), coal ash, and materials characterized by frequency-dependent emissivity. In my considered opinion, a search of your electronic files using the names of these materials as search terms will likely result in records responsive to my request. On further information and observation, I have probable cause to suspect that at least some of the materials dispersed in the atmosphere are dispersed from aircraft flying to and from Fort Hunter Liggett in southern Monterey County. The attached photo was taken this afternoon at 1:53 p.m. PDT and shows dispersal of material in the atmosphere. In order to help you determine my status for the purpose of assessing fees, you should know that I am an individual acting on my own behalf and on behalf of Spirit and Life on Earth and I have no intention of using the information commercially. I have included a telephone number at which I can be reached if necessary to discuss any aspect of my request. Sincerely, /Douglas Mackenzie/ 559-855-4899 |
| EPA-HQ-2017-011595 | Timothy Cama | The Hill | 9/18/2017 20:09 | I request copies of records sufficient to identify all actions taken by the Office of Public Affairs (OPA), John Konkus and/or his designee regarding draft competitive grant solicitations pursuant to the memo "Protocol for Office of Public Affairs Review of Draft Competitive Grant Solicitations," as reported by the Washington Post is the Sept. 4, 2017, story, "EPA now requires political aide's sign-off for agency awards, grant applications" (https://www.washingtonpost.com/politics/epa-now-requires-political-aides-sign-off-for-agency-awards-grant-applications/2017/09/04/2fd707a0-88fd-11e7-a94f-3139abce39f5_story.html). This includes, but is not limited to, OPA or Konkus contacting the program office or Grants Competition Advocate with questions, comments or concerns; OPA/Konkus ordering or suggesting any changes to the solicitations; any changes made by the program office or Grants Competition Advocate; any delays in the process due to OPA/Konkus; approval of the solicitation by OPA/Konkus; and/or rejection of the solicitation by OPA/Konkus. If this or similar information exists in a list or table format, that may be preferable. Please limit this request to the time period from the start of the OPA/Konkus grant solicitation review process to the date the search for this request is executed. |

I am seeking records of all visitors to the agency headquarters from Jan. 20, 2017, through the date of this request. I would like to receive these documents in electronic form, as a CSV or Excel file, or as a searchable PDF. I am willing to break this request up and receive them in batches, if that would expedite the request. If so, I would prefer to receive the documents starting from the most recent available, going back to Jan. 20. If you have any concerns with this request, or feel the responsive records may be too large to process, please contact me at 571-814-2081 to discuss further.</p> |

| EPA-R5-2017-011267 | Alexis Mapes | | 9/8/2017 0:09 | My basement flooded and the cost to repair it is well beyond our means. Our plumber informed us that we are on a common sewer and heavy rain falls caused that common sewer to back up and flood our basement. Initially the city of Elgin told us they would cover the difference not covered by our home owners insurance because they were at fault due to common sewers. Their insurance company contacted us later stating that we were not on a common sewer and that they were refusing all claims filed in the city of Elgin. The sewers at this address have not been dug up or worked on in 34 years. They've done it in surrounding areas, but not here. Our street floods and everything when it rains. Now we are just seeking information confirming that our sewer is a common sewer, so that we can use this to pursue reimbursement. As a result of this damage our home owners insurance has now dropped us. Thank you, very much time for your time and consideration. |

| EPA-HQ-2017-011260 | Reese Dunklin | The Associated Press | 9/7/2017 21:09 | On behalf of the Associated Press, I request all correspondence between the EPA administrator and his staff and any employee of Arkema Inc. (whether sent or received via email, fax, postal mail) during the last six months, as well as any transcripts of meetings or phone calls between the parties during the last six months. I'd like to get responsive records emailed to me as PDFs at rdunklin@ap.org or, if another request is already being processed and records are being produced in another format, I will accept records in that format in order to expedite release of records to the AP and lessen the workload on your staff. If records exceed 50 pages, I ask that they be made available to me on a rolling basis, meaning as they become available for release after any FOIA review process, rather than delaying release until the last document is ready. I also ask that you communicate with me by email or phone at 972 502 7571 to expedite the FOIA process. I also request expedited processing, because this is a matter of public interest since the Crosby plant had chemical emissions, after flooding, catching fire and exploding in the last week, and it is important to understand what preparations for flooding that EPA may not have identified as necessary there. Because of the furtherance of public knowledge, and because I work for a news gathering organization, I also request a fee waiver. Thank you. |
| EPA-HQ-2017-011252 | Reese Dunklin | The Associated Press | 9/7/2017 20:09 | On behalf of the Associated Press, I request copies of all documents, likely generated during a permit application or renewal process, in which staff members of EPA's headquarters identified potential flooding risks at Arkema Inc.'s plant at 18000 Crosby Eastgate Road in Crosby, Texas (EPA facility identifier 100000124457). Responsive records may have been generated by staff in the headquarters office as part of a permitting process, such as the RCRA hazardous waste program or NPDES stormwater program. At least one document raising the prospects of flooding risks was generated in correspondence with staff of the Texas Commission on Environmental Quality. I'd like to get responsive records emailed to me as PDFs at rdunklin@ap.org. | | | | | The Humane Society of the United States (HSUS) is requesting the following records related to Environmental Protection Agency (EPA) toxicity test requirements and recommendations to assess risks of pesticide exposure and potential impact on Endangered Species Act (ESA)-listed species: 1. Any formal or informal policies or guidance (currently in effect) of EPA, regarding when, how, or why the use of animal test data is required or recommended to aid in making a pesticide "effects determination" for an ESA-listed species or its critical habitat (except that such records readily publicly accessible on EPA's website need not be produced); 2. Any internal correspondence of EPA, within the last three years, regarding when, how, or why the use of animal test data is required or recommended to aid in making a pesticide "effects determination" for an ESA-listed species or its critical habitat; 3. Any correspondence between EPA and the U.S. Fish and Wildlife Service or National Marine Fisheries Service (the Services), within the last three years, regarding when, how, or why the use of animal test data is required or recommended to aid in making a pesticide "effects determination" for an ESA-listed species or its critical habitat; 4. Any pesticide "effect determinations," biological assessments, or biological opinions, issued within the last three years, created by EPA or in EPA's possession, that involve the use of animal test data (and any related correspondence, findings, or other records); and 5. The complete administrative record for the case Defenders of Wildlife v. Jackson, No. 1:09-cv-01814, which case was filed in the Federal District Court for the District of Columbia on September 23, 2009. (see attached) |

| EPA-HQ-2017-010851 | Jonathan DeMella | | 8/25/2017 0:08 | On July 25, 2017, the GAO issued a decision denying a bid protest of SCST in connection with EPA Solicitation No. SOL-HQ-14-00022. By this request, SCST seeks certain documents that EPA withheld during the course of the protest. Although not previously released to SCST, there is a reasonable likelihood that the documents requested below were gathered by EPA's counsels of record in the course of defending the protest Sara E. McGraw, Esq. and Kenneth Pakula, Esq. The protest was docketed as B-414601; B-414601.2. SCST hereby requests: 1. All documents relating to EPA's evaluation of SCST's proposal in response to Solicitation SOL-HQ-14-00022. This includes: a. any and all documents (including preliminary evaluation documents and written communications, including emails, among evaluation members) in which EPA evaluators considered SCST's acquisition of Sullivan International Group, Inc., as reflected in the attached 1) Novation Agreement, and 2) Asset Purchase Agreement in which the EPA and U.S. Government, as represented by the Department of Justice, assured SCST of all "rights privileges and assets," and all liabilities, to the beginning of the contract. b. All past performance questionnaires considered by EPA in its evaluation of SCST's proposal 2. All documents reflecting EPA's consideration of the aforementioned Novation Agreement in connection with the evaluation of any other offeror under Solicitation SOL-HQ-14-00022. SCST is prepared to answer any questions for purposing of clarifying and expediting this request. Please notify if cost of processing this request exceeds \$200. Thank you. |

| This is a request for records under the Freedom of Information Act. I am writing to request copies of any and all OGE conflict of interest waivers that may have been granted to the following individuals: Tate Bennett, Troy Lyons, Liz Bowman, and Christian Palich. According to the Office of Government Ethics, "18 U.S.C. § 208 requires that an executive branch employee be disqualified ("recused"); from a "subject, particular matter"; if the matter would have a direct and predictable effect on the employee's own financial interests or on certain financial interests that are "imputed"; to the employee by the statute, unless the employee first obtains an individual waiver or a regulatory exemption applies." I am requesting copies of any and all recusal letters purported to show that the following individuals recused themselves from a "particular matter" as described under statute 18 U.S.C. § 208: Tate Bennett, Troy Lyons, Liz Bowman, and Christian Palich. I am also requesting copies of the Environmental Protection Agency's recusal policy. I am requesting copies of the full calendars, starting from January 20, 2017 until the date of this request, for the following individuals: Tate Bennett, Troy Lyons, Liz Bowman, and Christian Palich. As you know, public records law provides that if portions of a document are exempt from release, the remainder must be segregated and disclosed. While I expect that you will send me all non-exempt portions of the records I have requested, I respectfully reserve the right to challenge your decision to withhold any materials. Due to the time-sensitive nature of this request, I will hold the Environmental Protection Agency to a strict 20-day deadline for an initial response and expect the agency to provide written notice of its intention to take any extension to respond. | | | | |

We have been using the data files from the ftp site for some time - ftp://ftp.epa.gov/ccrainfodata/rcra_flatfiles/ But the most recent updates, the files have significant errors in the fixed lengths comparing to what is mentioned in the V6 RCRA Info Flat files documentation. Without the proper explanation of the fixed lengths, it is not possible to use the .txt files available in the ftp site. (For example, &quot;HREPORT_UNIV.txt&quot;; file has clarification till fixed length 1052 but the actual file has 1219 fixed length) I was wondering if someone from your division could provide me the files in an alternative format (e.g MS Access) where the fixed length issue can be easily solved. Please give me call at 416-510-5204 ext 43627 if you have any questions. Thanks, Shadman Karim</p> |

| | | | This is a request under the Freedom of Information Act. On behalf of the Center for Public Integrity and myself, jointly, I request that you provide us copies of the records identified and described below — or of records containing the information identified and described below: • Any and all records in your custody or under your control containing "red team" and "blue team" in the same text, as well as those referencing "critiquing climate change" or "critique climate change," dated from January 20, 2017 to the date you process this request. We prefer to receive records in the following formats, listed in order of preference: (1) an electronic data format such as a spreadsheet, delimited data set, database file, or similar; (2) other non-proprietary electronic format; (3) word processing file, text-based PDF, or similar; (4) paper copies. Please also provide any and all documentation related to such electronic records, including but not limited to data dictionaries, database documentation, record layouts, code sheets, data entry instructions, and similar printed or electronic documentation materials. Please respond within 20 working days, as the Act provides, or notify me if "unusual" or "exceptional" circumstances apply (as the Act uses those terms). If you decide to withhold an exempt portion of any record, please release all other segregable parts. If you withhold any record or portion of a record, please specify which statutory exemptions are claimed for each withholding. Please separately state your reasons for not invoking your discretion, as the Act allows, to release the requested information. Please describe each record withheld, including its date and size (e.g., amount of electronic memory or number of paper pages). (1) all documents, including but not necessarily limited to his appointment calendar, which outlines Administrator Scott Pruitt's schedule, itinerary, and meetings, dating from July 1, 2017 to July 31, 2017; (2) all documents, including but not necessarily limited to their appointment calendars, which outline Chief of Staff Ryan Jackson's, Associate Administrator Samantha Dravis's, Deputy Chief of Staff Byron Brown's, Mandy Gunasekara's, Layne Bangert's, and Millan Hupp's schedule, itinerary, and meetings, dating from July 1, 2017 to July 31, 2017; and (3) all documents, including but not necessarily limited to their appointment calendars, which outline Brittany Bolen's schedule, itinerary, and meetings, dating from February 1, 2017 to July 31, 2017. (1) As reported by the scientific journal Nature on August 1, 2017, the Heartland Institute gave senior EPA officials two lists: one of the lists is labelled "climate scientists" and contains 140 names while the other lists contain several dozen names of "climate economists." Please produce both lists. |

| | | | Please provide us copies of the records identified and described below: |
| | | | (1)All formal policies directives from EPA headquarters to any Region related to enforcement, from January 1, 2014 to the date you process this request. (HQ to respond) |
| | | | (2)All formal policies directives developed within any Region related to enforcement, from January 1, 2014 to the date you process this request. (Regions to respond) |
| | | | The term "formal policy directives" excludes emails but includes signed memoranda articulating enforcement policy. |
| | | | Draft and other documents related to the development of policy directives would not be responsive; nor would documents that merely quote or reference a directive. Only the final version of any given directive would be responsive. |
| EPA-HQ-2017-009972 | Jamie S. Hopkins | The Center for Public Integrity | 7/31/2017 14:07 Agreements between EPA and states that merely implement directives – but do not establish the directives themselves – may not be responsive. Additionally, documents shared with states or developed in collaboration with states may be public already, in which case EPA need not provide them in response to this request. PPAs will generally not be responsive. 1. All reports, policies, directives, opinions and other documents produced by EPA's Regulatory Reform Task Force as required by the Presidential Executive Order on Enforcing the Regulatory Reform Agenda and related Presidential Executive Order on Reducing Regulation and Controlling Regulatory Costs. |

| | | | | Newtown Creek Study Area portion of the Newtown Creek Superfund Site To Whom It May Concern: I am submitting this document request pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552 et seq. This request concerns the United States Environmental Protection Agency's ("USEPA") files concerning the Newtown Creek Study Area portion of the Newtown Creek Superfund Site. By way of background, the Newtown Creek Study Area includes a facility encompassing the body of water known as the Newtown Creek which is situated at the border of the boroughs of Brooklyn (Kings County) and Queens (Queens County) in the City of New York, State of New York, having an approximate 3.8-mile reach, including Newtown Creek proper and its five branches (or tributaries) which are known, respectively, as Dutch Kills, Maspeth Creek, Whale Creek, East Branch and English Kills. There was a recent dispute resolution between USEPA and the Newtown Creek Group (Phelps Dodge, Texaco, BP, National Grid and ExxonMobil; collectively, "NCG") regarding their Baseline Ecological Risk Assessment ("BERA"). Upon information and belief, a decision was issued by Michael Sivak, Acting Chief, Special Projects Branch, USEPA, on or about April 10, 2017. Pursuant to the FOIA, Specifically, I request written communications (in addition to the materials included by EPA in response to FOI request EPA-R2-2017-006817), between EPA and the six respondents (City of New York and the NCG respondents or their contractors) relating to the BERA dispute that had been initiated on behalf of the NCG respondents pursuant to the Administrative Settlement Agreement and Order on Consent for the Remedial Investigation and Feasibility Study for the Newtown Creek Superfund site. |

There is no way for me to obtain this letter other than through FOIA. The letter is referenced in Carper's July 12 statements at a Senate Environment & Public Works Committee hearing at which he said: "I very much appreciate the constructive meeting on this topic that took place at the end of June between EPA staff, my staff and the Chairman's staff. I also appreciate that shortly after that meeting the EPA provided a substantive, though incomplete, response to a letter I sent on EPA's enforcement efforts." The quote above should be enough information to help you locate the letter that Carper is talking about. Please send me the letter along with any attachments that were sent with the original version. |

| | | | | <p>Dear Freedom of Information Officer: This is a request under the Freedom of Information Act regarding Heritage Thermal Services, Inc. On behalf of Save Our County, Inc., I am requesting a follow up copy of all records described below related to Heritage Thermal Services, Inc. ("the facility's") air emissions and its Title V Air Pollution Control Permit, state Permit No. P0108372, and the Finding of Violation ("FOV"), No. EPA-5-15-OH-12 that are dated between May 1, 2015, and the date of this request. Based on the information that was already provided to me, I am requesting the following records within the aforementioned date range: • Compliance records and reports within EPA's possession pursuant to the Title V permit, No. P0108372, include records related to the FOV EPA-5-15-OH-12, between May 1, 2015 and the date of this request. • Reports or records of all emissions tests and/or inspections conducted by the EPA at the HTS facility related to the FOV. • Enforcement orders implemented by the EPA or the Ohio EPA since the previous FOVEPA-5-15-OH-12. • Records documenting daily, monthly and annual emission logs at the facility for total hydrocarbon emissions, • Reports and calculations of any and all occurrences of violations at the facility since May 1, 2015. • Notices of Violations or Findings of Violations since May 1, 2015. • Inspection reports. • Consent Decrees or drafts of consent decrees. • In addition, please provide all emails, communications, or records of communications between the EPA and HTS or the EPA and Ohio EPA regarding their Title V permit, the FOV and/or the facility's air emissions between May1, 2015 and the date of this request I would like to receive</p> <p>copies of the records requested above in electronic format via electronic mail to the following email address: jyskamp@fairshake-els.org or on disk mailed to the Akron address listed below. If any of the above records are unavailable in e Communications from, or to, Milan Hupp or Sydney Hupp with any person outside of EPA, relating to meetings with or appearances by U.S. EPA Administrator Scott Pruitt.</p> <p>This is a request under the Federal Freedom of Information Act (FOIA), the First Amendment to the United States Constitution, the common law of the United States, the Privacy Act (5 U.S.C.) section 552a, and any statute providing for public access to government information: I request copies of all records created by Administrator Scott Pruitt's Superfund task force regarding suggested changes to the Superfund and brownfields programs, including meeting minutes, correspondence between task force members and draft recommendations. I ask that these records be provided to me in electronic form to scarignan@bna.com or via compact disc to the address provided below. If there is a large number of files, I ask that I be permitted to inspect the documents. Please include any phone calls, call logs, call sheets, Skype calls or videos, emails, letters, hand-written notes, day calendars, memorandums, meeting agenda sheets, text messages, voice and video recordings and other documented forms of communication regarding this issue. If possible, I would prefer to receive the largest number of records or documents in electronic form. I am seeking this information, which is of current interest to the public, because of Administrator Pruitt's recent focus on prioritizing the Superfund program. This request is made as part of the news gathering process, and not for commercial use. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I would appreciate your communicating with me by email or telephone at 703-341-3708, rather than by mail, if you have questions regarding this request. I look forward to your reply within 20 business days, as the statute requires. Thank you for your assistance. | EPA-R5-2017-007917 | Neil S. Kagan | National Wildlife Federation | 6/1/2017 17:06 | To the Environmental Protection Agency FOIA Office, I hope all is well. I'd like to make a request under the Freedom of Information Act. I am writing to seek documents showing communications with the U.S. EPA administrator Scott Pruitt regarding coal in the first week of his tenure at the position. I'd like a copy of any documents, meeting notes and meeting schedules, recorded meetings or phone calls and any other communications that may have occurred to or from the administrator of the U.S. EPA Scott Pruitt that mention the word "coal"; between February 17, 2017 and February 24, 2017. I would prefer to receive these documents in electronic form, if possible. I'm a financial coal reporter for S&P Global Market Intelligence, formerly known as SNL Financial, an online trade publication covering energy and this request is made as part of news gathering and not for a commercial use. I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in my commercial interest. The knowledge of the relationships between the head of the U.S. EPA and the coal industry is exceedingly important to the public. I intend to disseminate this information through SNL Energy's news page, as well as via free link on our Twitter accounts, which are widely viewed by the public. I look forward to your timely response with a determination letter within the allowed 20 business days, which is by June 29, 2017, by my calculation. Thank you for your consideration. Sincerely, Name Joshua Learn Phone: 703 373 0660 Fax: 703-373-0159 Email: Josh.Learn@spglobal.com S&P Global Market Intelligence 1700 North Moore Street 11th Floor, Suite 1110 Arlington, VA 22209 |

These records include, but are not limited to, correspondence, attachments, memorandum, legal opinions and any responsive records created or received by Administrator Pruitt, Samantha Dravis, Ryan Jackson, Byron Brown, and Brittany Bolen. For reference, the records of the previously named five officials should generally fall under EPA Records Schedule 1051, which "covers records documenting activities of EPA senior officials, including Presidential appointees, Deputies (e.g., Principal, Assistant, etc.) and Special Counsels or Trusted Advisors of Presidential appointees, and Senior Executive Service (SES) employees." Regarding email correspondence, the EPA indicated to NARA in its 2016 SAORM Annual Report that it had met its December 31, 2016 deadline to manage all email in an electronic format. If you determine any portion of the requested records are exempt from disclosure, KGB requests you provide an index of those documents per Vaugh v. Rosen. Furthermore, if some portion of those requested records are properly exempt from disclosure, we request you disclose any reasonably segregable non-exempt portions of the requested records. If you believe segregation is impossible, please detail what portion of the document is non-exempt and how it is dispersed through the document. |

| EPA-HQ-2017-005962 | Jennifer Dlouhy | | 4/10/2017 19:04 | I request records of communications between EPA employees/affiliates and employees/affiliates of the Oklahoma Bar Association regarding the grievance against Administrator Scott Pruitt known as "Grievance against Edward Scott Pruitt, DC-17-70" ("the Records"). Please consider any e-mails, attached documents, voice mail logs or transcriptions, letters, memorandums, text messages, voice/video recordings and other documented forms of communications as responsive Records to my request. This request is ongoing, and I am requesting that the records be provided to me on computer files or, if not maintained on computer files, in the same format as they are currently maintained at the EPA. FOIA requires that your agency respond to my request for expedited treatment within 10 business days. In the event your agency denies my request for expedited treatment, whether through your agency's affirmative denial of the request for expedited treatment or through your agency's failure to respond to the request for expedited treatment, then FOIA requires that your agency nonetheless respond to the underlying request for information within 20 business days of receipt of this letter. This request is segregable, and your agency may not withhold entire records because of one section that you believe is exempt from disclosure. Under federal law, if you choose to withhold any such parts of the records from disclosure, you must specify in a written response the factual and legal basis for withholding any part of the Records. Please contact me if I may assist in your office's response to this request. As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone or email, rather than by mail, if you have questions regarding this request. |

Specifically, I would like the list of water infrastructure projects that Administrator Scott Pruitt detailed in his March 2 remarks to the U.S. Conference of Mayors. I would like to receive the information in electronic format preferably, although hard copies of the documents are acceptable. Please waive any applicable fees. Release of the information is in the public interest because it will contribute significantly to public understanding of government operations and activities. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. I would appreciate your communicating with me by email or telephone, rather than by mail I look forward to your determination regarding my request for expedited processing within 10 calendar days, as the statute requires. Thank you for your assistance. Sincerely, Amena Saiyid |

| EPA-HQ-2017-005827 | Elisabeth D. Britt | | 4/6/2017 20:04 | This is a request under the Federal Freedom of Information Act (FOIA), the First Amendment to the United States Constitution, the common law of the United States, the Privacy Act (5 U.S.C.) section 552a, and any statute providing for public access to government information: I request that I be sent copies of the following documents or, if there is a large number, be permitted to inspect the following documents: Any and all memorandums issued by EPA headquarters (including from the Office of the Administrator and from heads of EPA offices) to EPA's regional offices from Jan. 19, 2017 until the date on which the search is conducted. If possible, I would prefer to receive the largest number of records or documents in electronic form. The Freedom of Information Act requires that if part of a record is exempt from disclosure, you must redact and release all segregated parts. Please describe the deleted material in detail and specify the reasons for believing that the alleged statutory justification applies in this instance. Do contact me by telephone or e-mail if you have any questions regarding this request or recommendations on how to streamline or revise it. If my request is denied in whole or in part, please specify which exemption(s) is (are) claimed for each passage or whole document denied. In addition, please give the number of pages in each document and the total number of pages pertaining to this request and the dates of the documents withheld. Please provide copies of any logs, internal tracking numbers or other file-tracking device or system of documents in existence but denied disclosure. Such statements will be helpful in deciding whether to appeal an adverse determination. I appreciate your attention to this and expect, as the FOIA provides, to hear from your office within 20 days. If you have any questions about the nature or scope of this request, please call me at [] |
| EPA-R6-2017-005825 | Elizabeth Gunter | American Electric Power | 4/6/2017 19:04 | I am seeking all EPA emails, memos, etc. that mention either my name (Anthony Lacey) or the FOIA request EPA-HQ-2017-002051, which seeks any agency documents from one month of the presidential transition. EPA has still not granted the FOIA despite granting expedited processing, and the latest March 31 deadline has lapsed. I want to know what communications have been made about this FOIA so I can see for myself what is behind the delays, so I therefore seek under FOIA any records that mention my name either in full or part, or mention the FOIA request by number or other reference, starting on Dec. 14, 2016, and continuing through to the date of this FOIA request, April 6, 2017. |

| | | | | To whom it may concern: Under the Freedom of Information Act, I am requesting records of all communications about chlorpyrifos, including emails and attached documents, voice mail logs or transcriptions, to and from EPA Administrator Scott Pruitt and other members of his administrative and program staff -- including but not limited to Ryan Jackson, George Sugiyama, Don Benton, Holly Greaves, Roger Martella, David Schnare, Harlan Watson, Joseph Desilets, Charles Munoz, Patrick Davis, David Kreutzer, Doug Ericksen, Justic Schwab, Layne Bangerter, Brian Dansel, Byron Brown, Samantha Dravis, John Konkus, Austin Lipari, Amy Oliver Cooke, Christopher Horner, Myron Ebell and David Stevenson -- with each other as well as with the E.P.A.s Wendy Cleland-Hammett, Dow Chemical Company representatives, CropLife America, U.S.D.A., the executive office of the president of the United States, Sen K. Michael Conaway and the staff of the House Agriculture committee, and Acting Secretary of Agriculture Mike Young. I am a reporter with The New York Times and this request is being made as part of news gathering and not for commercial use. I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not in my commercial interest. I would like to receive the information in electronic format, and request you waive applicable fees because of the public interest. If fees are estimated to exceed \$100, please inform me in advance. Thank you for your consideration of this request. Please communicate with me by email or phone if you have questions about this request, and please expedite it because it is a matter of urgent public health interest as it is about a pesticide widely used in food whose safety has been questioned. Sincerely, Roni Caryn Rabin 212-556-8314 or 646-761-8834 |

| | | | | Based on our conversations we will modify your request to records created, enacted or recirculated on or after November 9, 2016 through April 4, 2017: |
| | | | | 1) As we agreed, EPA would not have an interpretation of definition or obligations under the Presidential Records Act (PRA). This part of your request is withdrawn. |
| | | | | 2) Interpretations of definitions and obligation issued by the National Records Program (includes Record Liaison Officers in each Headquarters and Regional office) related to record retention under the Federal Records Act (FRA). Any follow-up search will be requested in a subsequent FOIA request. |
| | | | | 3) Interpretations of definitions and obligation issued by the National Freedom of Information Act (FOIA) program (includes Regional FOIA Officers and Headquarters FOIA Coordinators) related to record retention under the FOIA. Any follow-up search will be requested in a subsequent FOIA request. |
| | | | | 4) Any letter communication between the National Archivist, President, Member of Congress and the Administrator of EPA concerning deleted records. This consists of a search of EPA's Correspondence Management System. |
| | | | | 5) Guidance or guidelines issued by the National Records Program (includes Record Liaison Officers in each Headquarters and Regional office) to federal employees regarding: |
| | | | | a. Distinctions between official and personal records; |
| | | | | b. The use of encryption for communication; and |
| | | | | c. The use of messaging applications that default to deleting read messages |
| | | | | 6) The Labor and Employment Offices will be requested to search for records about disciplinary proceedings regarding an employee's failure to maintain records properly. |
| | | | | 7) The Administrator's Immediate Office and Office of General Counsel's Immediate Office will be asked to search for any records regarding to the use of any encrypted messaging application whether or not it is violating federal record retention obligations. |

| | | | | Jesse Seidman Vice News 49 S 2nd Street Brooklyn NY 11211 March 29, 2017 This is a request under the Freedom of Information Act. On behalf of Vice News and myself, jointly, I request that you provide us with: • The daily schedule for Administrator Scott Pruitt for everyday he has been in office since 2/17/17. Format: we prefer to receive records in the following formats, listed in order of preference: (1) an electronic data format such as a text-searchable PDF or Word document, or similar; (2) an electronic scanned PDF; (3) other non-proprietary electronic format. Please respond within 20 working days, as the Act provides, or notify me if "unusual" or "exceptional" circumstances apply – as the Act uses those terms. If you decide to exempt portion of any record, please release all other segregable parts. If you withhold any record or portion of a record, please specify which statutory exemptions are claimed for each withholding. Please separately state your reasons for not invoking your discretion, as the Act allows, to release the requested information. Please describe each record withheld, including its date and size – e.g., amount of electronic memory or number of paper pages. Fee Waiver Request If there are any search, review, or duplication fees greater than \$25, inform me before you fill the request. But first please consider my requests for fee reduction and fee waiver. This request is being made in connection with Vice News' newsgathering functions and not for any other commercial purpose. Vice News intends to produce one or more original investigative reports based on analysis of the requested information. Vice News requests a waiver of all duplication fees for this request as permitted under the Act. Disclosure of the requested information to Vice News is likely to contribute significantly to public understanding of the activities of the Administrator. Expedited Processing Request Vice faces a compelling |

| | | | This is a request under the Federal Freedom of Information Act (FOIA), the First Amendment to the United States Constitution, the common law of the United States, the Privacy Act (5 U.S.C.) section 552a, and any statute providing for public access to government information: I request that I be sent copies of the following documents or, if there is a large number, be permitted to inspect the following documents: Please send any and all communications between the Office of the Administrator (including, but not limited to, Administrator Pruitt and his chief of staff) and EPA's Ethics Office related to lawsuits Scott Pruitt brought against the EPA while serving as Oklahoma's attorney general. Please include any phone calls, call logs, call sheets, emails, letters, day calendars, memorandums, meeting agenda sheets and other documented forms of communication regarding this issue. If possible, I would prefer to receive the largest number of records or documents in electronic form. The Freedom of Information Act requires that if part of a record is exempt from disclosure, you must redact and release all segregated parts. Please describe the deleted material in detail and specify the reasons for believing that the alleged statutory justification applies in this instance. Do contact me by telephone or e-mail if you have any questions regarding this request or recommendations on how to streamline or revise it. If my request is denied in whole or in part, please specify which exemption(s) is (are) claimed for each passage or whole document denied. In addition, please give the number of pages in each document and the total number of pages pertaining to this request and the dates of the documents withheld. Please provide copies of any logs, internal tracking numbers or other file-tracking device or system of documents in existence but denied disclosure. Such statements will be helpful in deciding whether to appeal an adverse determination. I am a graduate student at the University of Mississippi. I am writing to request a color transparency of first-class reproduction quality, or a TIFF file of 300 dpi or higher with a match print, of "EPA National Map" in your visiting regional office collections. A copy of this is attached to this request. I am also requesting from you written permission to publish this image as one of the illustrations to my research, Artificial Neural Networks for Prediction of Total Nitrogen and Total Phosphorus in U.S. Lakes, which will be submitted to Journal of Environmental Engineering (ASCE). If you are willing to grant me permission to reprint the image referenced above, please reply with your official confirmation so that I may have your permission for my records. | | | | Pursuant to the federal Freedom of Information Act, 5 USC-552, as a representative of the news media I am requesting access to the documents, sent via hard copy or email, described below: Correspondence between Environmental Protection Agency (EPA) Administrator Scott Pruitt and Representative Markwayne Mullin sent between & including the dates of February 17, 2017 and March 13, 2017. Correspondence between EPA Administrator Pruitt and Senator James Inhofe sent between & including the dates of 2-17-2017 and 3-13-2017. Correspondence between EPA Administrator Pruitt and Justin Savage or any other attorneys at Hogan Lovells US LLP (located at 555 Thirteenth Street, NW, Washington, DC 20004) sent between & including the dates of 2-17-2017 and 3-13-2017. Correspondence between EPA Administrator Pruitt and the RMP Coalition, consisting of the American Chemistry Council, The American Forest & Paper Association, the American Petrochemical & Fuels Manufacturers, the American Petroleum Institute, the Chamber of Commerce of the United States of America, the National Association of Manufacturers, and the Utility Air Regulatory Group -- and/or between EPA Administrator Pruitt and any of these individual organizations -- sent between & including the dates of 2-17-2017 and 3-13-2017. --- These documents are of public interest as they will contribute to public understanding of the decision to reopen a previously concluded EPA rule-making process, thus delaying the effective date of a public safety regulation designed to prevent catastrophic industrial accidents and to protect communities and emergency first responders. The rule applies to approximately 12,500 facilities in the U.S. that, according to the EPA, have had on average one serious safety "incident" every other day for the past 10 years. Understanding the decision to delay implementing this safety measure previously approved by the EPA is a matter of urgent public interest. |

| | | | | In a recent interview, Scott Pruitt, Administrator of the EPA, said the following, "I think that measuring with precision human activity on the climate is something very challenging to do, and there's tremendous disagreement about the degree of impact, so no, I would not agree that it's a primary contributor to the global warming that we see." I would like to know the names of each and every study, scientist or source that Mr. Pruitt is referencing when he said, acting as the head of the EPA, that there is disagreement in the scientific community. | | | | | Almost a year ago, a report assessing the cancer risk of the active ingredient, glyphosate, in Monsanto's Roundup herbicide appeared on EPA's website. EPA quickly retracted the report, only to post it again a few months later. Not long after, EPA's retraction of the report, the chair of the committee that authored the report left EPA. This FOIA request seeks records related to that cancer risk assessment report, including any and all communications between EPA and Monsanto and any internal EPA communications concerning the chemical glyphosate. When a pesticide is proposed for registration or re-registration, EPA's Office of Pesticide Programs reviews studies to evaluate the pesticide's potential for causing cancer. The Cancer Assessment Review Committee (CARC) then reviews these results and recommends a cancer classification. This FOIA request includes all documents and communication regarding the CARC of glyphosate. In September 2016, EPA posted the 2015 CARC Final Report to its Glyphosate Registration Review Docket. This FOIA request includes all documents and communication regarding the 2015 CARC Final Report of glyphosate. This FOIA request further includes any and all communication, information, and documentation concerning glyphosate including, but not limited to records referring or relating to the CARC report on glyphosate, records from January 1, 2015, through the date of the request between Monsanto officials and EPA |

Please forward this request to the proper custodian of the requested information. I request that your office provide me with either a copy or an electronic copy of the following information: 1) This is a request for all records, including emails, electronic records, notes, letters, transcripts, memoranda, or other documents regarding communication on a meeting of the Federal Insecticide, Fungicide, and Rodenticide Act Scientific Advisory Panel ("SAP") for glyphosate that was scheduled to meet Oct. 18-21, 2016, but was postponed. This request specifically requests records referencing FIFRA, and/or SAP, and/or glyphosate, and/or CropLife, and/or Monsanto that pertain to this meeting, including any records to address the makeup of the panel experts. The relevant time frame is narrow: October 14, 2016, through February 1, 2017. 2) Any record of communications from January 1, 2016, through February 1, 2017, (including emails, electronic records, notes, letters, transcripts, memoranda, or other documents) between EPA employees Jess Rowland and XX, including records of emails where Jess Rowland was copied on the email, and employees of Monsanto Corporation (for the purpose of this request, an employee of Monsanto Corporation will mean any person who was employed by Monsanto Corporation in the year of 2016 or 2017). As required by FOIA, I expect a reply within twenty working days. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal process. |

| | | | | This is a request for records under the provisions of the Freedom of Information Act. I hereby request electronic copies of the following documents, which are filed with, retained by, or prepared by the U.S. Environmental Protection Agency (EPA): Emission test results for light vehicles with diesel engines by manufacturer Daimler/Mercedes Benz from 2015 to the present. This especially includes testing for nitrogen oxides NOx and carbon dioxide CO2 emissions. It may also include tests under the supervision of the California Air Resources Board (CARB). I request results from (a) emission testing of in-use cars and (b) emission testing for EPA certification of new car models for the model years 2016 and 2017. In addition, I request any documents of communication between the EPA (or CARB) and manufacturer Daimler/Mercedes Benz about the above specified emission test results. This may include, but not be limited to letters, e-mails, minutes. Please alert me immediately via e-mail to any records that are excluded by law under this request. |

Morales | DIE ZEIT Beveridge and Diamond | 3/1/2017 18:03 3/1/2017 14:03 | To whom it may concern, I am a Lecturer at the University of Melbourne. For an academic project, I would like to access the HRS documentation for each hazardous waste site that has received an HRS score within the Superfund program. I have verified that these reports are not available online (EPA website or regulation.gov website). The Federal Register table of the CERCLIS database contains HRS scores only for sites that are/were on the NPL list (mostly sites with an HRS score larger than 28.5). I thus need HRS scores (overall scores and by pathways) for sites that have not been included in the NPL list. Period: 1982 to 2016; EPA regions: All 10 regions; Format: pdf file per site ; if a database (excel format) already exists that includes HRS scores for all sites that have received an HRS score (and not only the NPL subsample), such database would be preferable. This request cancels requests made by my research assistant, Sylvia Griselda, few days ago. Best regards, Dr. |

| EPA-HQ-2017-003625 | Abraham Lustgarten | ProPublica | 2/6/2017 19:02 | The following is a re-filing of a FOIA request previously submitted to EPA Region 4, but which seems to be more appropriately handled by EPA HQ: The original FOIA # is EPA-R5-2017-003467 I am requesting copies of all releasable files relating to the permitting of, conduct of, or investigations into, the company U.S. Technology, based in Canton OH, and its handling of hazardous materials, between the years 2000 and 2017. It is my understanding that U.S. Technology is the subject of investigations or enforcement actions in both EPA Region 4, and in EPA Region 6, and perhaps elsewhere. It is information regarding the company's conduct and operations in these specific regions which I am requesting information about. In addition I request copies of all correspondence, including emails and letters received from or addressed to parties outside of the U.S. EPA concerning U.S. Technology, as well as any releasable intra-agency correspondence. I understand that my original request was forwarded to EPA Region 5 because the company in question is based there, But to reiterate, this request specifically concerns actions in R4 and R6. Also, I was advised previously that Region staff did not know or have enough information to know where to begin their search. To clarify my request, because this concerns a hazardous waste handling issue and an enforcement issue, I would suggest beginning with the RCRA enforcement offices and the criminal investigations divisions of these regional offices. However I do not know that responsive records would be limited to those offices, and therefore would like the request considered more broadly. |

| | | | | <p>Pursuant to FOIA I request copies the list and contact information of all registrants for all public meetings held by the EPA concerning its IRIS review of RDX between Jan 1, 2013 and Jan 20, 2017, as well as any presentation materials or prepared comments also collected from these registrants, per the EPA's guidelines for these meetings referenced below. In addition, I'd like to request copies of any meeting minutes, digitally recorded webinar, or other audio or visual recordings made of these public sessions. According to the notice at Regulations.gov, "III. Meeting Registration and Presentations Registrants will be required to provide their name, title, affiliation, sponsor (if different from affiliation), and contact information. If you intend to request time on the agenda to make a specific presentation, please register no later than 30 days before the meeting to attend in person or via webinar/teleconference. All other participants should register no later than 7 days before the meeting. Participants that want to make a specific presentation should indicate such in their registration and provide the length of time required. In general, presentations should be no more than 30 minutes. Please submit any written materials to the appropriate docket number for the subject chemical, as specified in Section III of this notice, no later than 7 days before the meeting. If there are more requests for presentations than time allows, the time limit for each presentation will be adjusted. During the meeting, remote attendees and individuals attending the meeting in person are welcome to make comments, ask questions, and participate in the dialogue. Details regarding registration procedures (in person, via webinar, or teleconference) will be posted on the IRIS Web site (http://www.epa.gov/iris/publicmeeting/).</p> <p>All documents, emails, memorandums, contracts, grants, press releases, proposed regulations, suspended regulations, executive orders, internal policy documents, and any other information or documents that fall within the scope of any executive or other order or directive to not provide such information to the public.</p> |

| EPA-HQ-2017-003120 | Alex Porges | Landis International | 1/24/2017 19:01 | The Pyrethroid Working Group (PWG) is an industry-based group that works together on regulatory issues associated with uses of Pyrethroids as pest-control agents used in crop protection, residential settings and public health. The group comprises six companies who are basic manufacturers and primary registrants of a number of Pyrethroid insecticides. Since the PWG was assembled, over 200 study data reports have been submitted to the EPA in order to satisfy Agency requirements. However, it has become apparent that while these data have been provided to the EPA, EFED has not responded similarly with transmitting data evaluation records (DERs) back to the PWG. Currently the Pyrethroid active ingredients are undergoing Registration Review and the EPA preliminary risk assessment (PRA) has been posted for public comment. While the number of data submissions for which the PWG does not have DERs is extensive, there is a priority list which is important to positioning the PWG's Pyrethroid PRA response correctly. The PWG is hereby requesting that these priority DERs be sent to the task force in an accelerated timeframe so that they are able to draft a response appropriately. The list also includes a number of Open Literature Review Summaries (OLRSs) which are critical for the PWG to draft their PRA response. The provided spreadsheet lists the 106 DERs that the PWG is requesting with the top 52 (i.e. rows 2 – 53) considered top priority. The provided Word document lists the OLRSs that the PWG is requesting with the top 18 considered top priority (highlighted in blue). If you have any questions or comments about the FOIA request, please contact Dick Collier or myself at the following phone numbers or email addresses: (229) 251-2818 & (229) 548-2802 or dcollier@landisintl.com & aporges@landisintl.com, respectively. | | | | | Dear FOIA Officer: Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request access to and copies of any and all documents, including but not limited to letters and emails, between all employees and contractors of the Environmental Protection Agency about the upgrades the power industry would be required to comply with the November 2015 rule that established effluent limitations guidelines for the steam electric generation sector (RIN: 2040-AF14). Specifically, I would like the most updated list of power plants that would be required by the rule to install controls. I would like this information sorted by fuel type, utility, location and controls required. I would like to receive the information in electronic format preferably, although hard copies of the documents are acceptable. Please waive any applicable fees. Release of the information is in the public interest because it will contribute significantly to public understanding of government operations and activities. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. I would appreciate your communicating with me by email or telephone, rather than by mail. I look forward to your determination regarding my request for expedited processing within 10 calendar days, as the statute requires. Thank you for your assistance. Sincerely, Amena H. | EPA-HQ-2017-002129 | Catherine Traywick | Bloomberg News | 12/16/2016 19:12 | Pursuant to the Freedom of Information Act, 5 U.S.C. Section 552 et seq.("FOIA"), I request access to and copies of any and all communications (emails, letters, PowerPoint presentations, etc.) transmitted between EPA staff and the Trump transition and landing teams from Sept. 16, 2016, to Dec. 16, 2016 ("the Records"). The Trump transition team includes but is not limited to Myron Ebell, David Schnare, David Kreutzer, Austin Lipari, David Stevenson, George Sugiyama and Shannon Kenny. This request includes all materials generated by EPA as well as all materials generated by the transition and/or landing team and sent to EPA. This request is ongoing, seeking copies of (or access to) all Records as they are filed with the Environmental Protection Agency. I am further requesting that the Records be provided to me on computer files or, if not maintained on computer files, in the same format as they are currently maintained at the Environmental Protection Agency. I am a reporter for Bloomberg News, an accredited and recognized news-gathering organization. I request the Records to inform the public about matters of public concern. I request that these materials be subject to expedited processing on an ongoing basis: Bloomberg News is engaged in the dissemination of information to the public and the subject matter related to this request – communications between EPA and representatives/staff of the incoming administration, both of which have made minimal information about the transition available to the public – is a matter of great great public interest, debate, and urgency. I certify that my statements concerning the need for expedited processing are true and correct to the best of my knowledge and belief. FOIA requires that your agency respond to my request for expedited treatment within 10 business days. |

The transition team is the one with the website greatagain.gov. The "landing team" is the Trump transition team officials that are working directly with EPA: Myron Ebell, David Schnare, David Kreutzer, Austin Lipari, David Stevenson, and George Sugiyama. EPA is aware of the members of its own transition team, but to cover all the bases, the head of EPA's transition effort is Shannon Kenny. EPA has made minimal information about the transition available to the public, and the communications between EPA and the landing/transition team are impossible to obtain unless through FOIA. Specifically, I am requesting copies of correspondence between Environmental Protection Agency staff and Oklahoma Attorney General Scott E. Pruitt from 2010 to the date of this request. I am also requesting copies of correspondence between EPA staff and any email address with the stem @oag.ok.gov during the same timeframe. Due to the time-sensitive nature of this request, I will hold the EPA to a strict 20-day deadline for an initial response and expect the agency to provide written notice of its intention to take any extension to respond. Please provide the specific FOIA Exemption used to justify any redaction and an index of any documents withheld either in part or in its entirety as part of the agency's response. I prefer to receive records in electronic format, and I am a commercial requestor for fees. Please inform me if the cost of searching or copying these records will exceed \$200. | EPA-HQ-2017-001890 | Nathaniel Barber | | 12/8/2016 14:12 | <p>Please provide copies of the following documents in cases in which both USEPA and the State of Oklahoma are parties and that, as of the date of this request, are still pending in any Federal District Court, Federal Circuit Court, or the United States Supreme Court: - the initial pleadings, meaning the complaint and answer and any amended complaint and amended answer, and - the most recent filing by any party</p> <p>This is a request or files cited by EPA in its draft human health risk assessment for malathion, or for study data evaluation records that have we have submitted to EPA in support of the registration of malathion in the United States. The first attached file requests the Agency's data evaluation records for studies submitted to support the registration of malathion. The second attached file requests copies of documents that EPA has cited in its draft human health risk assessment, which has a comment period that ends on December 21, 2016. These documents are needed in order for the registrant and the public to fully understand the ecological, endangered species and human health risk assessments that the agency has posted for public comment. Since the Agency has established regulatory deadlines for commenting on these risk assessments, time is of the essence for the EPA to comply with our request to provide the requested documents. Based on this, we request a fee waiver. And, we request expedited processing because of the urgency to inform stakeholders and the public about the reasons for the conclusions of the EPA's draft human health risk assessment. This is especially important given that malathion is an important tool used to control mosquitoes that spread diseases like the zika virus.</p> |

| EPA-HQ-2017-000918 | Malcolm Kim | New York Environmental Law & Justice Project | 11/1/2016 19:11 | Under the provisions of the Freedom of Information Act, I hereby request a copy of records or portions thereof, including but not limited to emails, pertaining to or containing the following: all complaints and/or adverse event reports (including compilations or studies of such incidents and communications with other agencies about such incidents), from the date of January 1st, 2008 to the present, held by the Environmental Protection Agency, related to effects on human and/or animal health (including but not limited to effects on dogs, cats, and bees) and/or the environment due to the use of the following chemicals (which are used in, for one example, Frontline brand flea and tick killing products) fipronil, s-methoprene, and pyriproxyfen, and other chemicals in their chemical families (the phenylpyrazol, terpenoid, and pyridine groups, respectively). We also request the same records related to carbitol or any other "inert chemicals" used in flea and tick products that have been linked to harmful effects. If the cumulative fee of all the duplicated pages of the requested records exceeds \$60, please contact me before duplicating the records. Federal agencies are required to respond to a Freedom of Information Act request within twenty business days upon receipt of the request. A prompt response would be greatly appreciated and I look forward to hearing back from you in the near future. If my request or any portion of it is to be rejected for any reason, I would like to be informed of the reasons that led to the decision to deny it. Furthermore, if that were to be the case, please provide me with the contact information (name and address) of the person or body to whom an appeal should be directed. I request that a copy of the following documents be provided to me: the Environmental Protection Agency's correspondence, data, reports, and files dated from January 1, 2016, to present that describe or detail information about the Berry's Creek |

| EPA-R10-2017-000624 | David Weeks | Perkins Coie | 10/21/2016 13:10 | Dear FOIA Officer: Pursuant to the Freedom of Information Act, 5 U.S.C. 522, et seq., I am writing to request the disclosure of documents within the control of your agency. I hereby request copies of any narrative responses to the CERCLA Section 104(e) Request (or Supplemental Request) for information letters sent to potentially responsible parties in the Duwamish 104(e) Request, received by EPA after March 7, 2013. On March 7, 2013, I received a disk from EPA with all narrative responses received up to that date. (Index attached) We are now requesting any additional narratives received after that date. In the event that any requested documents are not disclosable in their entirety, we request that you release any material that can be reasonably segregated. Should documents within the scope of this request be withheld from disclosure, we request that you provide us with a "Vaughn index" that (1) identifies each and every document that is withheld, and (2) states with specificity the statutory exemption claimed for each document and an explanation of how disclosure of a particular document would damage the interest protected by a particular exemption. We are willing, of course, to pay all reasonable costs incurred in locating and duplicating these materials. If the volume of documents you identify pursuant to this request is considerable and copying would prove to be unduly burdensome and costly we would like to arrange to review the documents at your offices to identify and select specific records for duplication. If you have any questions regarding this request, please contact me at 206-359-3497. David Weeks |

| EPA-HQ-2016-009485 | Kevin Bogardus | E&E News | 8/17/2016 17:08 | I request copies of any and all emails concerning official EPA business that were sent to or from EPA Administrator Gina McCarthy's personal email account(s) from July 18, 2013 to the present day. Other senior administration officials, such as former Secretary of State Hillary Clinton and Defense Secretary Ash Carter, have been found to have used a personal email account for government business. Both of those instances not only ran counter to their departments' policies but could have led to the potential exposure of classified information. In response to worries over their use of personal email for government business ¬-- and also litigation in former Secretary Clinton's case ¬-- both former Secretary Clinton and Secretary Carter released thousands of pages of their personal emails that were used for government business. Further, a recent court ruling found that agency officials should expect that work-related emails in their personal email accounts are subject to the Freedom of Information Act. In Competitive Enterprise Institute vs. Office of Science and Technology Policy, D.C. Circuit Senior Judge David Sentelle wrote in the U.S. Court of Appeals for the District of Columbia Circuit's opinion that "an agency cannot shield its records from search or disclosure under FOIA by the expedient of storing them in a private email account controlled by the agency head." Administrator McCarthy should follow the example of other administration officials as well as court precedent and release all of her personal emails that were used for EPA business. |
| EPA-HQ-2016-009479 | Kevin Bogardus | E&E News | 8/17/2016 17:08 | I request a copy of the first email(s) sent by EPA Administrator Gina McCarthy from any and all personal email accounts that she uses for agency business. Please conduct a comprehensive search of her email account(s) that are used for agency business in response to my FOIA request. Several agency leaders have been found to have used more than one email account for agency business, including personal email accounts. Moreover, Administrator McCarthy has been said to have used a personal email account for agency business, according to a May 27, 2016 letter from EPA Chief Information Officer Ann Dunkin to Sen. Ron Johnson (http://www.eenews.net/assets/2016/08/17/document_gw_08.pdf). |

| | | | | <p>I am requesting copies of correspondence received by EPA that two environmental groups (Surfrider and the Natural Resources Defense Council) and the White House Office of Management & Budget (OMB) sent to Sen. James Inhofe (R-OK), chairman of the Senate Environment & Public Works Committee, in response to his Feb. 26 letter asking the two groups and OMB questions about a Government Accountability Office finding on promotion of EPA's Clean Water Act jurisdiction rule. Although the two groups and OMB sent the letters to Inhofe, it is my understanding that EPA received courtesy copies of the responses filed by the two groups and OMB. EPA's press office has refused for weeks to answer questions about those letters, leaving as my only option a FOIA request to obtain those courtesy copies sent to EPA. These are NOT deliberative documents as they have nothing to do with the crafting of the rule itself.</p> |

| EPA-HQ-2016-002780 EPA-HQ-2016-002754 | Sebastian Blanco Megan A. Riccardi | AutoblogGreen SRC, Inc. | 1/14/2016 17:01 1/14/2016 14:01 | I previously requested communication documents between the EPA and VW from August and September 2015, as that was when I thought the EPA became aware of VW's "defeat device." I would still like those documents, but the lawsuit filed by the DOJ this month show that the EPA was first aware of questions about VW's diesel emissions in late 2014. Therefore, I would also like to request any communications between the EPA and VW that took place in May and June 2014 regarding questions about the automaker's diesel emissions. It appears from the lawsuit that the vehicles that initially caused questions to be raised were a 2012 Jetta and a 2013 Passat that were being tested by the Center for Alternative Fuels, Engines & amp; Emissions at West Virginia University and the California Air Resources Board. These two organizations came to the EPA with their findings and the EPA went to VW. Therefore, I am also requesting the initial communications from VWVA and CARB to the EPA regarding questions about VW's diesel emissions. These should also have taken place in May 2014. This request is being made pursuant to the Freedom of Information Act (5 U.S.C.§ 552) for articles that will be made available to the public via my website AutoblogGreen as well as potentially other means. Both physical and digital copies of the requested files will be accepted. |

All communications from January 2010 to the present between the U.S. Environmental Protection Agency ("EPA") and the Tennessee Department of Environment and Conservation ("TDEC") relating to the Tennessee Valley Authority ("TVA") - Kingston Fossil Plant Solid Waste Disposal Facility, Class II Landfill, Tennessee Permit No. IDL730000211 (the "Peninsula Landfill") and/or any specific cell or phase of the Peninsula Landfill, including Phase 1A, Phase 1B or Phase 2. 2. All communications from January 2010 to the present between EPA and TVA relating to the Peninsula Landfill and/or any specific cell or phase of the Peninsula Landfill, including Phase 1A, Phase 1B or Phase 2. 3. All documents discussing the meaning or interpretation of the following terms used in EPA's rule governing the Disposal of Coal Combustion Residuals from Electric Utilities ("CCR Rule"): new landfill, existing landfill, and lateral expansion. 4. All documents discussing whether the Peninsula Landfill and/or any specific cell or phase of the Peninsula Landfill, including Phase 1A, Phase 1B or Phase 2 is understood by EPA, TDEC and/or TVA to be a "new" or "existing" landfill under the CCR Rule and/or whether any phase of the Kingston Landfill is understood to be a lateral expansion of an existing landfill. Due to the massive coal ash spill at the Tennessee Valley Authority - Kingston Fossil Plant ("Kingston Plant") on December 22, 2008, we recognize that EPA likely possesses a substantial number of records generally relating to the Kingston Plant and coal ash. To be clear, we are not seeking records related to that spill and its subsequent clean-up. Rather, we are only requesting records related to the Peninsula Landfill and any specific cell or phase of the Peninsula Landfill, including Phase 1A, Phase 1B or Phase 2, which obtained a state solid waste permit in 2007 and a major modification in 2015. |

| | | | Dear EPA FOIA Officer: Pursuant to the Freedom of Information Act, 5 U.S.C. §552 et seq. ("FOIA"), I request copies of or access to the records specified below: 1. All documents and communications regarding Volkswagen AG or Volkswagen Group of America (or any other subsidiary or entity related to Volkswagen AG), (collectively, "VW") created, sent or received after January 1, 2008 related to vehicle emissions, emissions testing, diesel engines, VW's vehicles containing such engines, regulatory compliance and recalls (VW's diesel engines include the following model numbers: EA189; EA288. Relevant EPA test groups include: 9VWXXV02.035N; 9VWXXV02.005N; AVWXXV02.005N; BVWXXV02.005N; CVWXXV02.005N; CVWXXV02.004S; DVWXXV02.005N; DVWXXV02.004S; EVWXXV02.005N; EVWXXV02.004S; FVGAV02.0VAL); 2. Meeting minutes from all meetings and conference calls between EPA employees or agents and VW employees or agents from January 1, 2008 to the present; and 3. All records produced or collected by EPA at the September 3, 2015 meeting or conference call between representatives of EPA and VW. I request that you produce the requested records on a rolling basis as they are located, instead of a single release. Further, this request is segregable, and your agency may not withhold entire records because of one section that you believe is exempt from disclosure. If you withhold any part of the requested records from disclosure, you must specify in a written response the factual and legal basis for the withholding. Additionally, I request you provide the records on computer files in the same format as they are currently maintained at EPA. I agree to pay reasonable fees for the records, including actual costs up to \$1000. If you estimate that actual costs will exceed this amount, please contact me so that I may make appropriate arrangements for payment. Thank you for your assistance, and please contact me with any questions or further information. |

| EPA-HQ-2016-000563 | Sandra Fischer | | 10/20/2015 18:10 I am formally requesting the inert ingredients of the following pesticides and their adjuvants: 1. Accord Concentrate – Dow Agriscience - Epa No. 62719-324 Main ingredient Glyphosate 2. Nufarm Polaris Herbicide –EPA Reg. No. 228-534 Active ingredient - Imazapyr 3. Optima – by Helena Chemical, CA Reg No. 5905-50075-AA I am also requesting whether the presence of dioxin was found in these products, the amount, type and parts per million, (ppm). I am also requesting whether any testing done revealed additional ingredients and/or any and all other ingredients not found on the labels or inert ingredient list. |
| EPA-HQ-2016-000506 | Under Agency Review | | 10/19/2015 13:10 I wish to see the correspondence between the EPA and Volkswagen surrounding the EPA's decision - delivered on around July 20 2015 - to refuse certification for VW's 2016 model year diesels. I understand that the correspondence continued in various forms until September 3, 2015, when VW admitted its misconduct over emissions controls. |

| EPA-HQ-2016-000484 | Robert K. Wright | Financial Times | 10/16/2015 20:10 I wish to see the correspondence between the EPA and Volkswagen around spring 2014 where the EPA first informed Volkswagen about its concerns about emissions from its diesel-powered, four-cylinder engines and VW's reply to those concerns. |
| | | | I wish to see any correspondence between the agency and Volkswagen over its plans to introduce to the US market for the first time for the 2009 model year diesel-engine vehicles with Lean NOx Trap (LNT) emissions-control technology. The technology was first introduced on the Jetta in 2008. I am particularly interested in any explanations EPA sought from Volkswagen over how this unique technology would work and any explanations that Volkswagen provided. VW is the only carmaker to have offered emissions control via a Lean NOx Trap on the US market. All other vehicles on the market use some form of the chemical urea to break down the emissions, in a system sometimes known as Selective Catalytic Reduction. |

So for example, I'd like to be able to see which companies had registrations for pesticides containing 2,4-D in 1996 (even if that registration was subsequently cancelled). I would like this information for a little under 90 pesticides. The list of pesticides is attached. Thank you for your consideration. Sincerely, Rebecca Perlman |

The scope of this FOIA request is broad and should be interpreted to cover all of EPA offices nationally, including, without limitation, EPA Headquarters, EPA's Office of Transportation and Air Quality ("EOTAQ"), any EPA Regional office, and EPA's National Vehicle and Fuel Emissions Laboratory ("NVFEL"). It also is intended to request any responsive documents that are otherwise in the possession or control of any EPA officials, employees, consultants, or agents. This request is time sensitive. Sincerely, Mike Spector</p> <p>Dear FOIA Officer: This is a request for records made under applicable provisions of the Freedom Of Information Act (5 U.S.C. Code §552). On September 3, 2015, officials from the Environmental Protection Agency, California Air Resources Board and Volkswagen met to discuss diesel vehicle emissions. I seek copies of: • Records produced for and collected from that meeting. These may include, but are not limited to, agendas, list of attendees, minutes, memos, power-point presentations and photographs. This information is being sought for dissemination to the general public in the process of news gathering, and I request, if appropriate, fees be waived, as I believe this request is in the public interest. If fees are imposed, please limit them to reasonable standard charges for document duplication, as these records are not sought for commercial use. Please notify me if fees are expected to exceed \$100. If you withhold any parts of these records from disclosure, please specify in a written response the legal and factual basis for doing so. If you have any questions about this request, or believe there are any ambiguities in the way in which it is framed, please let me know as soon as possible. I can be reached via phone at (303) 443-4441 or via email at peter.bigelow@teamaol.com. I look forward to a response from you under the applicable timeline required by law, and appreciate your attention to this request. | EPA-HQ-2015-007111 | Jake Sherman | POLITICO | 5/14/2015 13:05 | Requesting copies of any and all communication from U.S. Rep. Bill Shuster of PA and his aides. A copy of this description is also included in an attached formal letter: The purpose of this sletter is to make a formal request pursuant to the federal Freedom of Information Act for documents, both hard copies and electronic in form (including emails) pertaining to the decision of the U.S. Environmental Protection Agency in 2003 that greenhouse gases were not pollutants within the meaning of the federal Clean Air Act. More specifically, I am interested in documents relevant to the Agency's decision making between January 1, 2001, and August 28, 2003, when EPA formally denied a petition seeking regulation of greenhouse gas emissions from new motor vehicles under the Clean Air Act, extending to the Agency's defense of that decision before the U.S. Court of Appeals for the D.C. Circuit and the U.S. Supreme Court. I am seeking access to these documents in support of my research on the history of a Supreme Court case, Massachusetts v. EPA, decided by the Court in April 2007. For this same reason, I would like to request a fee waiver for the associated costs. The exclusive purpose of my research is in support of an academic publication, most likely a book for a general audience, that I believe will be of significant interest and value to the public. The Massachusetts case is one of the most significant environmental law decisions handed down by the U.S. Supreme Court. And my aim is to tell the story of that case in a manner that highlights for the public the challenges of both environmental lawmaking and Supreme Court advocacy. I have published significant scholarship on similar topics. See http://www.law.harvard.edu/faculty/lazarus/index.html , Please also know that I would be pleased to speak with anyone in your office or any relevant office at EPA about possible ways to make the processing of my request easier and more convenient for those involved. I can certainly travel to DC to review documents in person if that would be helpful and expedite matters. Please provide complete copies of the administrative record for each of the following EPA Office of Civil Rights Title VI matters: 12R-13-R4, 07R-10-R4, 01R-09-R4, 13R-07-R4, 10R-07-R9, 06R-03-R4, 09R-02-R6, 02R-00-R9, 11R-98-R9, 10R-98-R2, 08R-97-R9, 01R-94-R5, 01R-00-R6, 02R-95-R6, 11R-11-R4, 03R-04-R2, 114-01-R9, 05R-98-R5, 04R-98-R5, 01R-94-R2, 05R-03-R6, 11R-99-R6, 11R-99-R5, 08R-94-R4, 02R-99-R9, 09R-00-R9, 18R-98-R4. |

National Freedom of Information Officer
U.S. Environmental Protection Agency
1200 Pennsylvania Avenue, NW (2822T)
Washington, DC 20460
Dear National Freedom of Information Officer,
Pursuant to the state open records law, D.C. Code Secs. 2-531 to 2-540, I write to request access to and a copy of:

--All material provided by Eastman Chemical Co. to the agency related to 4-methylcyclohexane methanol (MCHM).

--All correspondence, including emails, between officers and employees of the EPA, and officers and employees of Eastman Chemical Co. from January 1, 2014.

--All correspondence, including emails, between officers and employees of the EPA, and officers of and employees of the West Virginia Department of Environmental Protection involving MCHM.

If your agency does not maintain these public records, please let me know who does and include the proper custodian's name and address.
I agree to pay any reasonable copying and postage fees of not more than \$500. If the cost would be greater than this amount, please notify me. Please provide a receipt indicating the charges for each document.
As provided by the Freedom of Information Act, I would request your response within fifteen (15) business days. See D.C. Code Sec. 2-532(c).
If you choose to deny this request, please provide a written explanation for the denial including a reference to the specific statutory exemption(s) upon which you rely. Also, please provide all segregable portions of otherwise exempt material.
Please be advised that I am prepared to pursue whatever legal remedy necessary to obtain access to the requested records. I would note that willful violation of the open records law can result in the award of reasonable attorney fees and other costs of litigation. See D.C. Code Sec. 2-537(c).
Thank you for your assistance.
Sincerely,

| | | | | |

| | | | | <p>Sept. 19, 2013 Dear FOIA officer, This is a request under the Freedom of Information Act. I request a copy of the following information be provided to me in my capacity as a journalist at the Monterey County Weekly newspaper.</p> <p>I am requesting information regarding a complaint and subsequent agreement regarding Title VI, handled by the Office of Civil Rights. The case records are contained on EPA's website under the header, "Angelita C settlement."</p> <p>Specifically, the records I am seeking are: -All correspondence between EPA officials and the California Department of Pesticide Regulation (aka CDPR or DPR) pertaining to the Angelita C complaint and/or settlement; -All notes from meetings, either by telephone or in person, between EPA and DPR officials pertaining to the Angelita C complaint and/or settlement; -All calendar items indicating meetings, discussions or other events concerning both EPA and DPR representatives pertaining to the Angelita C complaint and/or settlement.</p> <p>Please provide any documents responsive to the above requests, including but not limited to electronic records and paper records, calendar items, budget records, and correspondence, including electronic correspondence and notes of telephone conversations or in-person meetings.</p> <p>I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it is likely to contribute to public understanding of the operations or activities of the government, and is not primarily in my commercial interest.</p> <p>Thank you for considering my request. If you have any questions for me, please do not hesitate to call me at the number provided.</p> |

| | | | <p>To EPA's FOIA Officer:</p> <p>The Center for Food Safety (CFS) is a 501(c)(3) nonprofit organization that addresses the impacts of our current industrial food production system on human health, animal welfare, and the environment. Consistent with this mission and pursuant to 7 C.F.R. § 370.1 and the Freedom of Information Act, 5 U.S.C. § 552, I, Larissa Walker, on behalf of CFS, respectfully request the following information, which is believed to likely be within the Office of Pesticide Programs:</p> <p>Please provide the following information:</p> <p>■All information related to a "bee/crop attractiveness study" being conducted by the Bayer company</p> <p>■All information related to a "Neonicotinoid Pollinator Residue Study" that may still be ongoing or may have been recently completed.</p> <p>CFS requests this information in light of the President's "Memorandum for the Heads of Executive Departments and Agencies" dated January 21, 2009, which states:</p> <p>The Freedom of Information Act should be administered with a clear presumption: In the face of doubt, openness prevails...In responding to requests under the FOIA, executive branch agencies (agencies) should act promptly and in a spirit of cooperation, recognizing that such agencies are servants of the public. All agencies should adopt a presumption in favor of disclosure, in order to renew their commitment to the principles embodied in FOIA, and to usher in a new era of open Government. The presumption of disclosure should be applied to all decisions involving FOIA. The presumption of disclosure also means that agencies should take affirmative steps to make information public.</p> <p>Exec. Memorandum for the Heads of Executive Departments and Agencies, 74 Fed. Reg. 4,683 (Jan. 21, 2009). This request is being sent to the EPA FOIA officer with the understanding that it will be forwarded to other officers, offices, or departments with information pertinent to this request.</p> <p>7/22/2013 18:07 All records, reports, data, studies, and communications regarding EPA Inspections of CAFOs in Western Washington conducted from 2010 to present.</p> <p>7/22/2013 13:07 Please see attached letter.</p> <p>7/17/2013 19:07 Requesting copy of all records related to the U.S. Environmental Protection Agency's May 6, 2013 decision to register sulfoxaflor under the Federal Insecticide, Fungicide, and Rodenticide Act ("FIFRA").</p> <p>7/9/2013 13:07 Requesting letter for the registration jackets for products registered by Repar Corp.</p> <p>5/23/2013 13:05 NOTE: THIS REQUEST WAS ALSO SUBMITTED BY MAIL ON MAY 13</p> |
